

Radio Shack®

The Technology Store™ for 64 Years

Engineered for excellence in performance and value, TRS-80® for 1985 represents the broadest line of microcomputers the world has ever seen. We have powerful computers you can slip into your briefcase, full-featured desktop computers and sophisticated multi-user systems. Each is backed with the best in software as well as a full line of accessories. And every TRS-80 carries a vision of tomorrow that could only come from the pioneering force in microcomputers: Radio Shack, a division of Tandy Corporation.

"WE INVITE COMPARISON"

No Other Company Offers More Than Radio Shack

When you buy from Radio Shack, you're not just buying a computer, you're buying a computer company! Radio Shack invests heavily in product development so that our line is constantly updated with new technology. By staying a step ahead, we keep quality high and costs down. TRS-80 computers are engineered for excellence, and they're backed with Total Support. Over 430 Radio Shack Computer Centers nationwide feature computer training rooms and local company-owned service facilities with company-trained technicians. Our Radio Shack Plus Computer Centers number over 660, and feature the full line of TRS-80 computers, peripherals, software and other business products. Trained experts are on hand to help you. Our newest type of store is the Computer Center/Telephone Center. In addition to computers, these facilities specialize in business telephone system sales, leasing, planning, installation and service. Wherever you see one of these signs, you know you can buy the latest in technology at affordable prices.

We're Organized to Meet Every Need

Education Division. Radio Shack is committed to education, always working to meet the needs of educators nationwide. We offer one of the most comprehensive libraries of educational software available anywhere. And we're helping introduce teachers to the benefits of computers in schools by providing training at no charge. Direct inquiries to: Education Division, 1400 One Tandy Center, Fort Worth, TX 76102.

National Account Division. Radio Shack provides for the special needs of corporations and quantity buyers. We'll help solve your company's computer application and communication needs, including employee training. Direct inquiries to: National Account Division, 1400 One Tandy Center, Fort Worth, TX 76102.

Tandy Contract Marketing. OEM's and System Houses become a part of our success story by designing and selling vertical market application packages configured with our computers. Tandy is your single-source supplier. Direct inquiries to: Tandy Contract Marketing, 1400 One Tandy Center, Fort Worth, TX 76102.

Introducing Our Exclusive Advanced Technology Series

For over 60 years, Radio Shack has been bringing the latest in electronic technology to the marketplace. Products that carry the ADVANCED TECHNOLOGY Series emblem of excellence represent the state-of-the-art in new technology, outstanding quality and price breakthrough. For 1985, the emblem has been awarded to the best of the best—the Tandy TRS-80 Model 2000 and TRS-80 Model 100 computers, and the CGP-220 color ink-jet printer.

The Right Credit and Leasing Plans for You

Radio Shack honors American Express, MasterCard and Radio Shack/CitiLine. With your CitiLine card, you can finance initial purchases of \$225 or more and subsequent purchases of \$100 or more. Simply fill out the CitiLine application card that's available at any Radio Shack Computer Center or participating store or dealer—no fee required. Upon approval by Citibank, often within the hour, you can take your purchases home. Payments can be spread over 30 months, or paid in full anytime.

Your business can lease any TRS-80 computer system valued over \$1500 on a 37-month lease. And since ours is a true lease, payments may be fully tax deductible as a business expense. We can provide leasing terms to non-profit, governmental and educational organizations, too. Get complete details at your Radio Shack Computer Center.

RADIO SHACK COMPUTER CENTERS PROVIDE TRS-80 OWNERS WITH THE TOTAL SOFTWARE SOLUTION

Three Ways to Get Software for Your TRS-80

Off the Shelf. You'll find the most popular software right in this catalog! Just use the index at right to find a wide variety of software for your TRS-80 computer. Virtually all of these programs are available "off the shelf" at either your local Radio Shack Computer Center or at participating Radio Shack stores and dealers. Every program undergoes a series of thorough research, evaluation, and testing.

Express Order Software. This exclusive service brings you other top-name software. These packages are performance proven, ready to run, and professionally supported by each software vendor. Express Order Software programs can be ordered at any Radio Shack Computer Center, store or participating dealer nationwide. Orders are transmitted electronically and shipped the following day for super-fast service! Select from a wide variety of programs already available. More packages are being added every month—stop by any Radio Shack Computer Center for an up-to-date list of these popular programs.

Referral Software Service. We've put an end to your search for hard to find software! Stop by any Radio Shack Computer Center and ask to see our Directory of Reviewed Software. It's packed with hundreds of specialized software applications that have been custom designed for businesses just like yours. Updated monthly, the directory shows you where to buy some of the newest and most innovative software available, from client write-up for accountants, fixed asset record keeping, information processing for florists, farm accounting, real estate sales and more. Each package has been evaluated by our professionals. These packages are not sold or supported by Radio Shack. Complete information on how to contact and order from the independent vendor is provided in the Directory.

Software Developers! Take advantage of this Unique Opportunity. The Radio Shack Software Support Program aggressively assists third party software firms in developing and/or converting reliable, specialized software for TRS-80 microcomputers. And you become eligible for the Software Review Program, possible listing in the Directory of Reviewed Software, and consideration for the Express Order Software service. For complete details, contact Radio Shack, Outside Software Support Program, 1300 One Tandy Center, Fort Worth Texas 76102.

Professional Training is Available at Radio Shack Computer Centers

Learn to use your TRS-80 computer and TRS-80 software in our fully-equipped training facilities. We supply everything you need, including qualified instructors, computers and carry-away student guides. Proven learning techniques are employed to insure maximum effectiveness in a minimum of

time. Training is available for equipment operation, introductory and intermediate word processing, data base management, spreadsheet applications, operating systems, and introductory, intermediate and advanced TRS-80 BASIC programming (not all training available at all locations). Pick up a copy of our new Product Training Catalog at your Radio Shack Computer Center today!

TANDY 2000 PERSONAL COMPUTER

For Power, Speed and Graphics—You Owe It to Yourself to Compare!

"The Tandy 2000's ease of use, performance, documentation and serviceability are excellent."

—InfoWorld, June 18, 1984

"The designers at Radio Shack have corrected many of the faults present in the IBM PC, and in some respects, have completely surpassed it."

—Byte, March, 1984

"The Tandy 2000 Personal Computer is a pleasure to use. Instead of being a ho-hum addition to an overcrowded marketplace, it provides several significant improvements over its competitors."

—Popular Computing, July, 1984

Monochrome Resolution	640 x 400	640 x 200
Graphics on Monochrome Monitor	Yes	No

Setting New Standards for Personal Computers

The Tandy TRS-80 Model 2000 is a truly remarkable computer that offers you much more than other 16-bit MS-DOS based computers. More speed. More disk storage. More expansion. Advanced graphics. And the superior quality and support that keeps Tandy Corporation at the forefront of the industry.

Large Library of Proven Software

The industry standard MS-DOS operating system lets us bring you the most popular and sophisticated programs on today's market. Programs like Lotus 1-2-3, dBASE II, Microsoft-Multiplan, PFS:File, MultiMate, SuperCalc³ and many more.

Extremely High Speed

A "next generation" true 16-bit CPU makes the Tandy 2000 dramatically faster than other MS-DOS computers. That means Tandy 2000 software runs faster, so you get the job done quicker.

Vast Storage Capacity

The Tandy 2000's two floppy disk drives let you store more documents and crunch through bigger tasks with ease. For even greater storage, the Tandy TRS-80 Model 2000 HD features a built-in 10-million-character hard disk drive.

Flexible, Ergonomic Design

The Tandy 2000 easily adapts to you and your environment. In fact, you can actually "fine-tune" the modular system to your personal

needs. Using our space-saving options, you have the smallest possible desk "footprint"—only 8 1/2 x 12 1/4". And the low-profile, 90-key keyboard with 12 function keys and a 10-key numeric datapad assures fast, comfortable typing.

Easy Expansion Capabilities

Add additional memory, stunning high-resolution monochrome and color graphics, our Digi-Mouse™ and more. And you can install most of these options yourself.

Compare the Tandy 2000 to Other MS-DOS Computers

In actual benchmark comparisons, Tandy 2000's true 16-bit microprocessor performed almost three times faster than the IBM PC.* Each Tandy 2000 disk drive offers over twice the storage of an IBM PC drive, but still reads and writes their format. Our color graphics are twice the resolution of COMPAQ or IBM, and offer twice as many colors. And all four of our user-accessible card slots are available for future growth. Putting it simply, the Tandy TRS-80 Model 2000 delivers extraordinary quality with higher performance than other popular computers, including the IBM PC. U.L. listed.

128K 2-Disk Tandy 2000. 26-5103 2750.00

256K 1-Disk Tandy 2000 With 10-Megabyte Hard Disk. 26-5104 4250.00

Your Requirements

Tandy 2000
Display Monitors and
Space-Saving Options

Choose Your Display Monitor

We offer two display monitors for Tandy 2000 to suit your needs. Both the VM-1 High-Resolution Monochrome Monitor and the CM-1 High-Resolution Color Monitor tilt 5 or 10 degrees so you can find your best viewing angle, and each features an 80 x 25 display for easy viewing. The VM-1 has a 12" green phosphor, non-glare screen and can display optional graphics. The 14" CM-1 gives you vivid 8-color graphics with the Monochrome/Color Graphics options.

VM-1 Monochrome Monitor.

26-5111 249.00

CM-1 Color Monitor. Requires #26-5140 graphics option. 26-5112 799.00

Space-Saving Options

Tandy 2000 is more than just attractive, it's a milestone in ergonomic design. Choose the Floor Stand to position the CPU beside or under your desk to increase usable space. The compact Monitor Pedestal for your VM-1 monitor tilts and swivels to give you the very best viewing angle.

Monitor Pedestal. 26-5115 89.95

Floor Stand. 26-5116 145.00

Your Tandy 2000 Personal Computer is Easy to Expand to meet Future Needs

High-Resolution Monochrome Graphics

Produce detailed business graphs, tables, charts and more on either the VM-1 Monochrome or CM-1 Color Monitor. 256,000 picture elements (640 x 400) produce amazing detail. User installable. 26-5140 449.00

High-Resolution Color Graphics Chip Kit

Create spectacular 640 x 400 color graphics on the CM-1 monitor. Displays 8 of 16 colors. Requires Monochrome Graphics Option. Does not use a card slot. User installable; however, installation by our technicians is recommended. 26-5141 199.00

Digi-Mouse Two-Button Mouse

Plugs in for easy cursor movement in programs like Microsoft Word, DR Graph and DR Draw, and others. Requires 26-5144, below. 26-1197. 99.95

Digi-Mouse/Clock Controller Board

Dual-purpose board includes controller for Digi-Mouse and perpetual time/date clock so that you don't have to re-input time and date into your applications programs. Includes demo program and documentation on how to use the Digi-Mouse in your programs. Battery back-up. User installable. 26-5144. 119.95

You can slide expansion boards easily into slots in the back of the computer (as shown above).

Memory Expansion Options

Internal 128K RAM Kit. Does not use a card slot. Installation required, not included.

26-5160 299.00

External 256K Expansion Board. Comes with 128K RAM. 128K Upgrade (26-5162, below) expands each board to 256K RAM. Two boards can be added. User installable. 26-5161 499.00

128K RAM Upgrade. Installs on External Expansion Board (26-5161, above). User installable, however, installation by our technicians is recommended.

26-5162 299.00

Internal 10-Megabyte Hard Disk. Requires installation, not included. 26-5125 1699.00

SPECIFICATIONS. Microprocessor: Intel 80186 processor with 16-bit data path. Clock speed, 8 MHz. Object code compatible with 8086/8088. Two direct memory access channels. Three programmable timers. **Operating System:** Includes Microsoft's advanced MS-DOS 2.0 with BASIC. **Memory:** 128K RAM with parity, expandable to 768K. Includes power-up diagnostics. Sound included. **Keyboard:** 90-key sculptured, including numeric entry keypad. Special keys include HOLD, ESCape, BREAK, CTRL, CAPS, INSERT, DELETE, HOME, Up, Down, Right and Left arrows. Twelve programmable Special Function keys. Retractable legs, 6 ft. coil cable and tactile keyclick. **Video Display:** Optional high-resolution, non-glare, non-interlaced 12" monochrome (green) or 14" resolution monochrome and color graphics (displaying 8 colors selected from 16—white, yellow, cyan, green, magenta, red, blue, black. Full and half-intensity). **Disk Drives:** Two built-in double-sided, available user-accessible plug-in card slots. An additional 128K of memory does not require user slot. **External Connections:** Standard parallel port, RS-232C serial communications port, monochrome monitor, AC outlet. **Dimensions:** 8 1/2 x 12 1/4" footprint (pedestal base) when using floor stand and pedestal, keyboard in lap. 18 3/4 x 21 1/4" with monitor on CPU and keyboard under CPU. Keyboard 6 1/4" x 7 3/4". **Power Requirement:** 120VAC, 60 Hz.

POWERFUL TANDY 2000 PROGRAMS

The pfs:series is Highly Recommended for First-Time Users

- Use Them Separately or Together
- Learning One Makes Learning the Others Easy
- All Come With Superb Owner's Manuals

Choose from this family of software for extremely user-friendly programs. Programs interact with each other so you only need to enter data once.

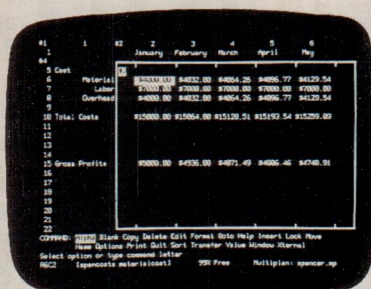

pfs:file. A very simple way to create and organize your own personalized business or personal filing system. You decide how your records are to appear by simply organizing information on "forms" that you design right on your display screen. Once you've created the basic form it's easy to store information—you just fill in the blanks. Enter data in any order that you like. Retrieval is not limited by the order in which information is stored. Now you can retrieve and review information in a fraction of the time it would take with a conventional filing system! 26-5305 140.00

pfs:report. A powerful analysis tool that creates presentation-quality tabular reports from sales, inventory and other data stored in pfs:file. Sort from any data category and calculate averages, totals, subtotals and more. Prints in alphabetical or numerical order with automatic centering and justification. 26-5306 125.00

pfs:graph. An easy way to turn complex numerical data into easy-to-read graphs. Accepts data from pfs:file or from the keyboard. Quickly displays and prints data in your choice of bar, line or pie charts. Each chart can contain one to four graphs. Requires 256K and 26-5140 and/or 26-5141. 26-5307 (Avail. 11/15/84) 140.00

pfs:write. Easily create documents with page headings and footings, centered text, right or left justification and more. The monitor displays boldface and underlined text. Best of all, pfs:write can use information stored in pfs:file to personalize form letters and even address the envelopes! Documents can be illustrated with charts created by pfs:graph or tables from pfs:report. Requires 256K. 26-5309 (Avail. 10/30/84) 140.00

Advanced Multiplan Spreadsheet

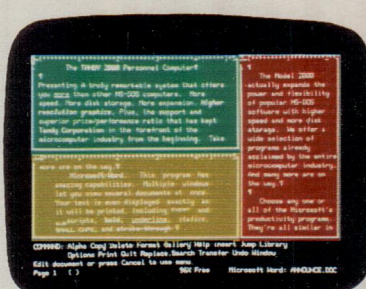

NEW LOW PRICE!

195⁰⁰

Was \$249.95 in Cat. RSC-11

USE YOUR **Radio Shack CITILINE**

Amazing Microsoft Word

NEW '85

375⁰⁰

AS LOW AS \$28 PER MONTH

Radio Shack CITILINE

Microsoft-Multiplan. This popular "second generation" spreadsheet lets you link different worksheets so information is transferred between them automatically. Up to eight display windows can be created on the screen simultaneously. You can assign plain-English names to any column, cell or area, vary individual column widths, center numbers and text within a column and align decimals. Sorting can be performed in alphabetical or numerical order. Cells can be set up individually, by row, column, block—or globally. Cell entries can be left or right justified, and can display values graphically or as integers. An on-line reference guide makes Multiplan exceptionally easy to use. Flexible formatting options let you print elegant finished reports. Includes tutorial manual. 26-5311 195.00

Microsoft Word. Get the most from your Tandy 2000 with this deluxe word processing system. Add our optional Digi-Mouse and move text and select commands without even using the keyboard! Word displays up to eight windows at once, so you can move text from one document to another with ease. Text is displayed in boldface, italics, underlines, super and subscripts, small caps—all without any confusing symbols. More information on the various commands are displayed by pressing a single "help" key. Use the CM-1 color monitor and enjoy color-coded text. Supports automatic footers, multi-column formats, multiple style sheets, and much more. Requires 256K and monochrome or color graphics. 26-5314 (Avail. 11/15/84) 375.00

dBASE II Data Base Manager

NEW LOW PRICE!

495⁰⁰

AS LOW AS \$35 PER MONTH

Was \$595.00 in Cat. RSC-11

Radio Shack CITILINE

- Custom Design Your Own Information System
- Full-Screen Editing Capability

dBASE II. An extremely powerful relational data base management tool that permits easy manipulation of data bases using English-like commands. You can quickly create a full business information system that will grow as you grow. You can set up a screen format to see exactly what you're going to get. It also lets you enter data simply by filling in the blanks. And you can easily add, delete, edit, display and print your information. You can continue to use your existing checks, invoices and other forms, because dBASE II adapts to your way of doing business. Create reports that access data in several data bases and automatically do multiplication, division, sub-totals, totals and other data manipulation every time you use them. And you can change the file format at any time without re-entering data. Your data base can be set up so that your least experienced personnel can perform complex business functions using just two words, like "Do Invoices" or "Do Payroll". Provides a maximum of 65,535 records per data base file and a maximum of 1000 characters per record. 10-digit numeric accuracy. Requires 256K. 26-5352 495.00

MultiMate Word Processing

249⁹⁵

AS LOW AS \$26 PER MONTH

Radio Shack CITILINE

- Stores an Unlimited Amount of "Boilerplate" Text
- Perform Addition and Subtraction on Numerical Data Contained Within Your Text

MultiMate. MultiMate actually duplicates the features of dedicated word processors. It's packed with over 100 features and functions—most of which can be accessed with just one or two keystrokes. To save time, you can edit one document while printing others and create form letters and mailing lists. The column calculation feature can add or subtract columns or lines of numerical data to provide considerable flexibility and versatility when creating or editing documents with numerical data. You can even create documents from the ASCII files of another program. Often-used "boilerplate" text consisting of a phrase, paragraphs or even a complete page can be recalled for insertion into a document whenever specified. MultiMate takes full advantage of your Tandy 2000's function keys. An unlimited number of format lines may be included in a document. The header and footer function is unsurpassed in flexibility and ease of use. Alternate headers and footers are also supported. Includes 70,000-word verifier/corrector from Houghton-Mifflin. MultiMate features on-screen help and a superb manual. Requires 256K. 26-5330 249.95

NEW! INTEGRATED SOFTWARE

Displays Text, Graphs and Spreadsheets Together

Graphs Can Be Displayed Anywhere in Your Text

Changing a Number in Text or Spreadsheet Instantly Updates Your Graphics

Revolutionary Ovation Package Links Five Applications

- Truly Integrated—Combines Text, Spreadsheets and Graphics in a Single Document
- 27 English Commands—Easy to Learn
- Includes Communications and Information Management Applications Programs, too

Ovation®. Create reports, forecasts, graphs, data base systems—even exchange data with other computer systems. It's all incredibly easy because the same 27 plain-English commands are used in all of the programs! Spreadsheets can contain over seven million cells. Word processing features the ability to perform calculations in the middle of text. Text enhancements appear on the screen as they will look when printed. You get true integration without ever leaving your document!

Tandy 2000 Version. Requires Tandy 2000 HD with 512K and graphics option (26-5140 and 26-5141). 26-5301 795.00

IBM PC Version. Requires 512K IBM PC-XT and IBM color card. 26-5303 795.00

*Under development

Popular Lotus 1-2-3

NEW '85 **495⁰⁰** AS LOW AS \$30 PER MONTH

- One of The Most Widely Used Integrated Software Packages in the World
- Turn Spreadsheet Data into Graphs With Just a Touch of a Key
- Tandy 2000 Performs Computations Over Three Times Faster Than the IBM PC

Lotus 1-2-3. An easy way to go from spreadsheet to graphics to information management—instantly! Perhaps you're working on a spreadsheet of financial projections and you'd like to get a graph of quarterly sales for the last five years. With individual software, you'd need to go through a tedious, time-consuming series of steps. You'd need to swap your spreadsheet disk for your graphics disk, re-enter all the data and program the computer to draw your graph. And if you decided to change just a single number, you'd have to reverse the process and start all over again.

Save Time with 1-2-3. With 1-2-3, you can go from one format to another instantly. You can change your spreadsheet data directly and then graph it in less than a second. Take data from your spreadsheet and search and sort it. Special "Macro" keys let you substitute a single keystroke for a long sequence. And if needed, just press a Help key for on-screen instructions.

Spreadsheet Analysis. Gives you 256 columns and 2048 rows to work with. Set up rows and columns just the way you want, varying sizes to fit your needs. Enter formulas in plain-English instead of obscure symbols. Calculates present, net present and future values, variance, standard deviation, internal rate of return and more.

Superior Graphics. Sophisticated graphing commands take advantage of Tandy 2000's higher resolution to create detailed bar charts, stacked bar charts, line or symbol graphs, XY graphs or pie charts.

Easy Sorting. The information management function lets you store up to 2000 records and sort with primary and secondary keys. And information can be retrieved and used as variables for spreadsheet analysis. Lotus includes on-disk tutorial, user manual, quick reference card and function key templates. Requires 256K.

26-5300 495.00

1-2-3 Performance Comparison

Function	IBM PC	Tandy 2000
Spreadsheet recalculation of 3 columns x 200 rows	9.5 seconds	3 seconds

SuperCalc3 Advanced Spreadsheet

NEW '85

395⁰⁰

AS LOW AS \$28 PER MONTH

- Integrated Graphics and Data Base Management
- Prints All Available Plotter Colors

SuperCalc3. Ideal for professionals and managers, this full-featured program combines a full-featured electronic spreadsheet with high-resolution integrated graphics and data management.

The Graphic Advantage. With SuperCalc, you can solve modeling and forecasting problems, then produce excellent graphics using single-keystroke commands. Create line, bar and stacked bar graphs, pie and exploded pie charts, and even X-Y, Hi-Lo and area graphs. Using your choice of several font types and you can print as many as four charts on the same page. Show negative numbers on the screen in red and protected entries in yellow (requires color monitor).

Powerful Spreadsheet Features. SuperCalc eliminates memory waste on blank cells and takes advantage of additional memory to create larger spreadsheets. It gives you a full 63 columns and 254 rows (16,002 possible entries), along with calendar and date calculation, sorting in dictionary order, one or two-key sort, individually variable column widths, floating dollar signs, data management and an efficient memory manager. Permits inclusion of row and column ranges when deleting, inserting, formatting or using other commands. Command sequences called executive files or "macros" can be created to simplify often-used operations. Information from multiple spreadsheets can be consolidated, and "help" is available on-screen with a single keystroke.

Electronic Filing. SuperCalc's powerful data-base management feature is based on the spreadsheet model. It allows defining an input range of cells that contain the records and fields of the data to be managed, and permits sorting capability on primary and secondary fields.

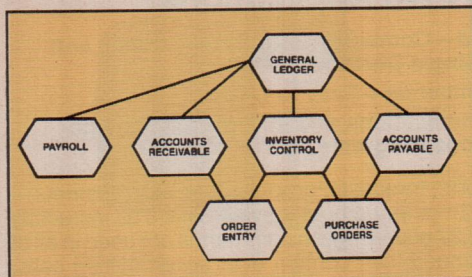

With "10-Minute" Starter Guide

Thorough Documentation. In addition to the easy-to-understand manual, SuperCalc includes a self-paced starter guide that will have you using the program in ten minutes.

TANDY 2000 ACCOUNTING SOFTWARE

Streamline Your Bookkeeping with the **MAI Basic Four®** Interactive Accounting Series

Now Available for the First Time on a Microcomputer!

Already proven in thousands of minicomputer applications, Basic Four's integrated software is just what small businesses have been waiting for. All modules are fully integrated so that data is only entered once. Clear, concise documentation will have you speeding through tasks that used to take days to complete. The commands and menus are similar, so if you learn one, you've practically learned them all.

General Ledger. Aids business management by providing up-to-the-minute financial statements and management tools to help you fully understand your company's financial health. General Ledger conforms to established accounting principles and maintains a complete audit trail to ensure data integrity. You can automatically distribute expenses to different departments in the company. Provides for income tax liability postings, allows you to post transactions for a coming month without closing the current month, and automatically posts recurring journal entries. Prints trial balance, income statements and balance sheets complete with comparisons with prior year activity and budgets. Special transaction codes let you link it to other MAI/Basic Four accounting modules. 26-5210 495.00

Financial Statements. Allows you to easily develop reports from General Ledger data in user-defined formats, including summaries, net changes in financial condition, and more. 26-5211 (Avail. 11/15/84) .. 395.00

Accounts Receivable. Helps you measure your company's sales performance, increase your collections and lower your total accounts receivable. Alerts you to how much and when your customers owe you. You can tailor late charges to individual customers. Provides for cash or accrual basis, ages accounts up to 120 days, maintains balance forward or detailed invoice accounts. Automatically pays the oldest invoice for a customer, or lets you identify the specific invoice paid. Records cash received with multiple deposits on the same day and automatically calculates late charges and sales tax. Statements are printed automatically at the end of a period or on demand. You may enter after-the-fact sales transactions or print invoices. Reports include detailed sales journal, summarized sales journal, cash receipts journal, mailing labels, aged open invoice report, customer detail listing and statements. 26-5213 495.00

Accounts Payable. Assists you in managing your company's out-going cash flow requirements. Alerts you to how much and when you owe each vendor. You select invoices automatically for payment. Tracks payment dates to take advantage of discounts. Provides cash requirements analysis, aged invoice reports and full audit trails. Works on a cash or accrual basis, allows posting to one-time only vendors, calculates discount date and amount and invoice due date automatically. Forecast your cash requirements by month or define your own number of days per period. Prints bank reconciliation, checks, disbursement register, mailing labels and more. 26-5212 495.00

Payroll. Lets you enter, maintain and inquire into an employee's personnel record. You can enter earnings, calculate taxes, collect voluntary deductions and produce payroll checks and supporting governmental and management reports. Prints checks, W-2 forms, payroll distribution report, monthly workman's compensation report, quarterly tax report and more. 26-5218 (Avail. 12/15/84) 495.00

Inventory Control. Keep track of all items in your inventory by item number. Information on each item includes quantity on hand, reorder point, issue and receipt dates, unit price and cost. Choose LIFO, FIFO or average cost as the costing method to be used. 26-5214 495.00

Order Entry. Interfaces with Inventory Control and Accounts Receivable programs to automatically transfer inventory and invoice data. Track orders from the time they are placed until they are filled. Prints invoices and credit memos, with requested payment terms and individual messages on invoices. Maintains open orders that have not been filled, produces picking sheets, packing slips and special order acknowledgements. 26-5215 (Avail. 11/30/84) 395.00

Purchase Orders. Lets you print and maintain open purchase orders. It reads the Vendor File from the Accounts Payable system for vendor names and addresses, and automatically transfers data to the Inventory Control system. 26-5217 395.00

Sales Analysis. Uses data from the Order Entry and Accounts Receivable programs to provide an effective way to evaluate sales activity. Prints summary by salesperson, customer sales analysis, inventory item by customer or salesperson, salesperson invoice register and inventory sales analysis. 26-5216 (Avail. 12/15/84) 395.00

Get the Top Names in Software With Our Express Order Software Service!

Choose from Popular Packages Like:

- New Programs are Being Added To Our Selection Every Day, too!
- "Next Day" Shipping for Fastest Possible Service

- WordStar from MicroPro International
- The Accounting Partner from Star Software Systems
- Condor 3 from Condor Computer Corporation
- Open Access from Software Products International
- TeleTerm-EM from Telexpress, Incorporated

- Data Ace from Computer Software Design
- EasyWriter I System from Information Unlimited Software
- filePro 16 from The Small Computer Company
- WordPerfect from Satellite Software
- Volkswriter Deluxe from Lifetree Software

Now in addition to our "off-the-shelf" software, you can get other top sellers through our exclusive Express Order Software Service! These packages are performance proven, ready to run on your Tandy TRS-80 Model 2000 microcomputer, and professionally supported by each software vendor. Select from word processing software like the popular WordStar program—we even sell the companion packages such as SpellStar, StarIndex, CorrectStar, WordStar Professional and MailMerge! Or

choose an integrated package like Open Access that combines word processing spreadsheet analysis, information management, communications, 3-D graphics and time management into a single, integrated package. These are but a few of the Express Order Software programs you can order at any Radio Shack Computer Center, store or participating dealer nationwide. Orders are transmitted electronically and shipped the following day for super-fast service. Check it out today!

DR Draw. This interactive picture editor will produce amazing presentation-quality charts and diagrams used in written reports and other office communications. To build a picture, select geometric or text elements from the available options, using the optional Digi-Mouse to place elements in the desired location. Picture elements include lines, marker characters, arcs, pie segments, filled rectangles and polygons, and circles. Once created, any element can be moved, copied, scaled or deleted. Zoom in to work on a specific section, zoom back to view the whole picture, or pan to a different section of the diagram. Requires 26-5160 and/or 26-5161. 26-5279 (Avail. 12/30/84) 295.00

Set Up—and Stay on—a Budget!

The Home Accountant Plus. This program's ease of use, power and versatility have made it the number one best-selling home finance package in the country. For instance, you can print a net worth statement on request—so you know your exact financial standing, every day of the year. It will even print your checks, automatically. The Home Accountant also lets you label every transaction you make. When tax time comes around, you'll have every penny you've spent and earned neatly listed by category, and available at the touch of a button. Also displays a bar graph and trend analysis for any selected budget category. Requires 256K. 26-5340 124.95

Fun Adventure Games

Enter a fascinating prose universe with these challenging game programs. Enjoy hours of sophisticated fun!

The Witness. You must solve the crime in this hard-boiled Thirties whodunit thriller. 26-5376 49.95

Planetfall. A sci-fi adventure set in the far future. You're trapped on a deserted planet with a mischievous robot. Together, you will unravel its mysteries. 26-5377 49.95

Powerful Tandy 2000 Programming Languages

COBOL Compiler. Allows you to write your own programs in this widely-used business applications language. Tandy 2000 COBOL Compiler is the popular RM/COBOL (a version of the ANSI 1974-level standard) which includes a complete development system. You get an editor, interactive debug, CRT control and a single pass compiler. It features multi-keyed ISAM (Indexed Sequential Access Method) for quick access of data. Programs developed under this system can run on any other RM/COBOL system. Requires 256K. 26-5257 595.00

Pascal Compiler. A highly extended, portable version of the Pascal language. Compatible with the ISO proposed standard, with numerous extensions to make programming easier. The Tandy 2000 Pascal Compiler generates machine code, allowing programs to run faster than programs compiled to p-code. Extensions facilitate systems programming as well as applications programming. Tandy 2000 Pascal at the systems level is transportable, but you may also use it extend and systems level to make full use of the computer's capabilities. The extend level is intended for structured and relatively safe extensions to the ISO standard, and programs created at

this level are portable to other machines running Microsoft's MS-Pascal. At the systems level, Tandy 2000 Pascal includes several unstructured machine-oriented extensions, such as address types and ability to access all file control block fields. In addition, there are a large number of metacommands which can be used to control the compiler. Requires 256K. 26-5256 299.95

FORTRAN Compiler. A subset of FORTRAN-77, a popular computer language for scientific and engineering applications. You may develop programs in FORTRAN, and then have them compiled down to native object code. During optimization the compiler reorders expressions and eliminates common subexpressions, measurably increasing the execution speed of your program. Metacommands are designed to enhance your use of the compiler, including the capability of structuring your source code, leaving notes, and setting up your source formats. You can also enable or disable the generation of a listing file, run time error checking code or use of FORTRAN features that are not a part of the subset or the full language standard. Requires 256K. 26-5255 349.95

Macro Assembler. Assembles symbolic instructions into machine code. It is a powerful program which incorporates many of the features usually found only in large commercial assemblers. You may create an assembly language program using the text editing capabilities of MS-DOS, then use the Macro Assembler to assemble the program. Macros, conditionals and a variety of assembler directives allow you to easily develop applications for the Tandy 2000 microprocessor. In addition, the assembler lets you use more than 75 internal functions provided by MS-DOS that can help you write more complex programs. Tandy 2000 Macro Assembler supports an expanded set of conditional directives. Unneeded or unwanted portions of code are left unassembled to save computer run time. You also have the capability of nesting a maximum of 255 levels of conditional assembly blocks. Requires 256K. 26-5252 99.95

BASIC Compiler. Translates the statements in your BASIC programs into assembly language for faster run times. You can distribute your programs without source code to safeguard the design of your program. Requires 256K. 26-5251 299.95

MULTI-USER TRS-80 MODEL 16B

Priced
From

256K 1-Disk
3999⁰⁰

Commercial Lease Available for Only \$140 Per Month
(Plus Applicable Use/Sales Tax)

America's Most Widely Used Unix-Based Microcomputer. Accomplish complex tasks with ease—the TRS-80 Model 16B puts superior performance in a compact desktop system! Advanced 16/32-bit technology permits the Model 16B to utilize much more memory and process data at much higher speeds than 8-bit micros. Model 16B features 256K memory, easy user expansion and the TRS-XENIX multi-user operating system that lets you turn Model 16B into a three or six-workstation office system (see page 11). You can even choose Model 16B with a built-in 15-megabyte hard disk system!

Who is the Model 16B for?

Everyone who wants the most advanced microcomputer technology at their disposal needs the TRS-80 Model 16B. It's ideally suited for today's offices, providing simultaneous job-handling *without* the expense of multiple computers. It offers the high operating speeds and large memory capacity that many business users require. And it can handle complex, computation-intensive jobs and highly sophisticated programs that only a 16-bit computer can.

- 256,000 Characters of Internal Memory—Expandable to 768,000 Characters
- Includes TRSDOS Single-User and TRS-XENIX Multi-User Operating Systems
- Choose One or Two Built-In 1,250,000-Character 8" Floppy Disk Drives or Our Powerful System With One Floppy Drive and 15-Megabyte Hard Disk Built In
- Unique Dual-Processor Design ■ Four Internal Plug-In Expansion Slots

Advanced 16/32-Bit Technology. Model 16B is designed around a state-of-the-art 68000 microprocessor that accepts 16-bit data and processes it internally as 32-bit "words". A second microprocessor—the Z-80A—handles input/output and a variety of other "housekeeping" chores.

Software Compatible With Model II/12. Model 16B can use existing Model II/12 software (in the single-user mode only), plus software that's designed to take advantage of Model 16B's advanced features.

Expandable. Two RS-232C serial communication interfaces and a parallel printer interface allow expansion with a variety of peripherals. Add high-resolution graphics, additional memory and more via the user-accessible card cage. Expand with up to four external 15-megabyte hard disks for over 60 million characters of storage.

Deluxe Features. Model 16B includes a high-resolution 12" green video display with 24 lines of 80 characters, and a detachable typewriter-style keyboard with numeric keypad and 8 function keys. You can choose Model 16B with either one or two built-in 1,250,000-character double-sided, double-density 8" slim-line floppy disk drives or one floppy disk and a hard disk drive.

256K 1-Disk Model 16B.

26-6004 3999.00

256K 2-Disk Model 16B.

26-6005 4699.00

256K Model 16B With Built-In Hard Disk.

Includes self-contained 1.25-megabyte 8" floppy disk drive *and* a 15-megabyte hard disk drive. Add one external hard disk for a total of 30 megabytes of hard disk storage!

26-6006 6499.00

15-Megabyte Hard Disk Kit. For 1-disk Model 16B or 1-disk Model 12 computers.

26-4154 2495.00

SPECIFICATIONS. Microprocessors: 6 MHz MC68000 16/32-bit CPU and 4MHz Z-80A 8-bit CPU. Direct memory access and vectored interrupts. Memory management includes protected system mode and three user spaces. **Memory:** 256K RAM bytes, expandable to 768K. 16K I/O memory and 2K video memory. **Keyboard:** 82-key professional-type, including Numeric Entry Keypad. Special keys include HOLD, ESCAPE, BREAK, CTRL, CAPS and REPEAT, plus Up, Down, Right and Left arrow keys and eight programmable Special Function Keys (F1 thru F8). **Video Display:** High-resolution 12" green display monitor with 80 or 40 characters per line by 24 lines. Displays upper and lower case characters with descenders, plus 32 "business graphics" characters. Automatic scrolling. Partial screen scroll protect available. **Disk Drive:** One or two built-in double-sided, double-density 8" slim-line floppies (or one floppy and one 15-megabyte hard disk). **External Expansion:** Add up to two 1.25-megabyte floppies and four 15-megabyte hard disks (one hard disk for 26-6006). **Internal Expansion:** User-accessible Card Cage provides additional plug-in card slots. **External Connections:** One standard parallel port and two RS-232C serial ports. **Dimensions:** 13 1/2 x 21 1/2 x 28 1/8". **Power Requirements:** Built-in filtered power supply for 120VAC, 60 Hz. U.L. listed.

TRS-XENIX MULTI-USER SYSTEM

**Multiply Office Productivity
With a 3-Workstation System!**

Only **\$265** Per Month

On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

- Allows Three Operators to Access Programs Simultaneously
- TRS-XENIX Derived from Western Electric's UNIX System
- Specially Designed Multi-User Software Available for Accounting, Word Processing, Spreadsheet Analysis and Data Base Management

Ideal for Small Business Applications. TRS-XENIX lets you provide the power of the Model 16B to three people in your office without buying three separate systems. Think of it. Three people, all performing different tasks, at the same time, on the same computer! And with our RS-232 Card (below), up to six people can utilize the power of the Model 16B (requires 768K memory).

A 3-User Office System for \$7697. The system shown at right includes the 256K TRS-80 Model 16B with built-in 15-megabyte hard disk drive (26-6006) and two DT-1 Data Terminals (26-6050). Best of all, this TRS-XENIX multi-user system costs much less than buying three Model 16B computers!

What Makes It Possible? The TRS-XENIX runtime "core" system comes standard with Model 16B. It's a state-of-the-art multi-user operating system developed by Microsoft Corp. and derived from Western Electric's thoroughly field-tested UNIX operating system.

The Value of Shared Resources. All data is stored on the hard disk. Files can be shared by all users or restricted to certain users. (Record locking prevents two users from writing to the same record at the same time.) And everyone in the system can share the peripherals attached to the Model 16B.

Specially Designed Software. You can choose from a variety of multi-user software. Just think of the possibilities. Your sales department could check inventory levels while someone in accounting updates your general ledger—at the same time someone is working on payroll.

Required cables and installation not included.

Introducing Our Deluxe Data Display Terminal

**NEW
FOR '85**

795⁰⁰

- 14" High-Resolution Screen Displays 80 or 132 Columns by 26 Lines
- Low-Profile, Sculptured Keyboard with 16 Programmable Function Keys, Cursor Control Keys, and Numeric Pad

DT-100. Our best! This asynchronous terminal is fully compatible with most DEC and UNIX-based software systems. Features green display screen and a high-resolution character set (128 ASCII characters) for improved user satisfaction. Low-profile keyboard with improved key placement for greater operator efficiency. Terminal configuration is set from the keyboard and retained even when the power is off. U.L. listed. 26-6052 795.00

SPECIFICATIONS. Data Transfer Rate: Up to 38,400 bps. Video Size/Format: 24 lines (plus 2 status lines) of 80 or 132 characters. Upper and lower case. Video Attributes: Normal, underline, reverse and dim. Input/Output: One RS-232C communications port. Power: 120VAC, 60 Hz.

Multi-User Data Terminal at a New Low Price!

599⁰⁰

Was \$699.00 in
Cat. RSC-11

DT-1 Terminal. Use with our multi-user Model 16 or other host computers. Keyboard selectable configurations—no DIP switches. Communications protocol retained when power off. 80 x 24 display. 12 1/2 x 18 7/8 x 21 1/2" U.L. listed. 26-6050 599.00

Expansion Options for Model 16B and TRS-XENIX

Internal Memory. The Model 16B comes with 256,000-character RAM on one memory board. A second 128K memory board may be added to give you 384K. This board can accept a 128K "chip kit" (to give you 512K). You may even add a third board and chip kit to expand memory to the maximum 768K. (Expansion to 768K requires an additional cable kit.)

128K Memory Board. 26-6011 ... 399.00*

128K Memory Kit. 26-6012 ... 159.00*

TRSDOS-16 Replacement Diskette.

26-6105 39.95

RS-232 Card. Allows six people (instead of three) to use the power of the Model 16B! Installs in one of the plug-in card slots in a Model 16B or upgraded Model 12. Cable connectors are located on the card's edge for adding up to three more terminals. Requires a minimum of 512K memory (768K recommended) and RS-232 cables. 26-6013 299.00

*Installation Required (not included) for Model 11 and 16. Installation Recommended (not included) for Model 12 or 16B.

TRS-XENIX Memory Requirements and Recommendations

With three users, most TRS-XENIX applications will run effectively with a minimum of 256K memory. With some applications, three operators accessing large programs may require 384K memory and, in such cases, we recommend 512K. When more than three users are accessing large programs, 512K memory is the minimum requirement and users will obtain better performance with 768K. In general, more memory means higher performance.

MODEL 12 BUSINESS COMPUTERS

Priced From **2799⁰⁰** 80K 1-Disk

Commercial Lease Available
For Only \$100 Per Month
(Plus Applicable Use/Sales Tax)

- One or Two Built-In 1.25Mb Double-Sided, Double-Density 8" Disk Drives
- Big 80K Memory Handles Tough Jobs Easily ■ Upgradable to 16-Bit Power
- Detachable 82-Key Keyboard with Numeric Datapad and 8 Function Keys
- Built-In 12" High-Resolution Monitor Displays 24 Lines of 80 Characters
- Two RS-232C Serial Interfaces and Parallel Printer Port for Expansion
- Choose Ready-to-Run Programs ■ Compatible with Most Model II Software

TRS-80 Model 12. An ideal single-user business microcomputer. This stand-alone multi-purpose workstation combines high power with low cost. It has the storage capacity and expandability to make it the right computer for countless applications—whether you are using ready-to-run software or doing your own programming. The TRS-80 Model 12 has been designed especially for small businesses or departmental use in larger firms.

Who is the Model 12 for?

The TRS-80 Model 12 is our best single-user business computer—ideal for professional applications. Its versatility and power in handling word processing, data base filing, planning and accounting tasks make it the logical business machine choice. The Model 12 is also the ideal workstation for large corporations. It can be used as a management assistant, in program development, even for bisynchronous communications with mainframe computers.

Accounting. Model 12 can form the heart of a superb dedicated accounting system. It can streamline general ledger, payables, receivables, inventory, payroll and other tasks for increased speed and accuracy. You'll be able to prepare P&L statements, speed up collections, improve your cash flow, analyze sales information, and more. Our user-oriented programs make it easy!

Program Development. We offer a choice of languages to meet your specific requirements. In addition to Model 12 Interpretive BASIC, we have Compiler BASIC, FORTRAN, Assembler and COBOL.

Management Assistant. Model 12 can help you with planning and forecasting, word processing, electronic filing and more. It lets you do jobs too "hot" for shared computer time or too small for cost-effective handling by your mainframe.

Easy Expansion. Model 12 can be used with a variety of peripherals. You can add hard disk or floppy disk drives, a printer, plotter, telephone modem and more. The 1-drive Model 12 is perfect for expansion to a powerful hard disk system. The 2-drive Model 12 is ideal for stand-alone use.

Complete Documentation. Includes comprehensive reference manual and a diskette that contains BASIC and TRSDOS operating system.

Get reliable, extremely fast access to 15 million characters of data. Ideal for accounting, inventory and data base management applications. Compatible with our multi-user and single-user operating systems so most programs transfer directly to hard disk. Expand with three secondary drives for 60 megabytes of storage. (Not compatible with our 8-megabyte hard disk.) See page 24 for Model 4 and III cable kits.

Primary Drive. Requires cable kit, installation (not incl.). 26-4155 2495.00

Secondary Drive. Requires installation (not incl.). 26-4156 1995.00

Model II/12/16 Cable Kit. Requires installation (not incl.). 26-4157 495.00

Tandy 2000 HD Cable Kit. Allows use of Secondary Drives. 26-5126 45.00

SPECIFICATIONS. A 3-platter, 6-surface 5 1/4" disk drive. Self-contained, recirculating filtered air system. **Formatted Capacity:** Primary—14.6 megabytes, Secondary—15 megabytes. **Disk Format:** One movable head accesses 306 tracks per disk

surface. **Data Transfer Rate:** 5 megabits/second. **Disk Rotation Speed:** 3600 RPM. **Latency:** 8.3 ms (average). **Track Access Time:** 3 ms (track-to-track). **Dimensions:** 5 1/2 x 14 x 15". **Power:** 120VAC, 60 Hz. U.L. listed.

Floppy Disk Expansion for TRS-80 Model 12 and 16

External 1-Drive
Unit

1299⁰⁰

External 2-Drive
Unit

2098⁰⁰

- Increase Model 12/16 Data Storage
- Each Drive Stores 1.25 Megabytes
- Double-Sided, Double-Density 8" Thin-Line Floppies

External Disk Drives. Increase the program and data storage capacity of your Model 12 or 16 with a floppy disk bay. The 1-drive unit can be expanded later to two drives with the Disk Kit (26-4167) below.

1-Drive Unit. 26-4165 1299.00

2-Drive Unit. 26-4166 2098.00

Internal Disk Drive Kit. Add a second built-in floppy disk drive to your single-drive Model 12 or 16 for a total of 2.5 million characters of data storage. Requires installation, not included. 26-4167 799.00

Versatile Business Graphics Analysis Program

- Easily Create a Variety of Charts and Graphs
- Designed For TRS-80 Model II, 12 and 16

Graphics Make Dull Data Come Alive. Give your reports the graphics advantage with our Business Graphics Analysis Pak! It lets you get your point across—reveal trends, make comparisons clearer and show patterns that may be hidden in columns of figures.

Easy Data Manipulation. Just enter your data from the keyboard or disk files—and the program generates your chart. Choose from pie, bar, line or scatter charts. Your graph is immediately displayed on the

video screen for editing. The program will develop settings and labels for your charts—or you can tailor them yourself. Entry, editing and format settings are a breeze because they're "menu-driven." Even perform simple arithmetic or complex trend, growth, moving average, consolidation or logarithmic operations. New data can be added or values changed and the new chart viewed again before printing. Produce graphs on selected Radio Shack printers.

Business Graphics Analysis Pak.

OFFICE SOFTWARE TO SAVE YOU TIME

SCRIPSIT® Word Processing

Prepare correction-free letters, memos and reports! Plain English prompts and menus put advanced editing capabilities at your fingertips and are accessed with just two keystrokes. An on-screen information line keeps track of cursor position, margins, line spacing and page number. You can define up to 20 keys to recall often-used phrases or special functions. Floating format and reverse indentation make it easy to set up tables. A Global Search feature will locate a specified word wherever it occurs in text for selective editing. You can even print one document while working on another and load ASCII text files. All documents are stored on disk for later use or revision. Includes manual and self-paced training course on audio cassettes. Easy to learn and use.

Model II Floppy Disk. 26-4531 . . . 399.00

Thin-Line Floppy, Model II/12 Hard Disk. 26-4835 . . . 399.00

Multi-User Model 16 SCRIPSIT. Multiply office productivity! Allows several people to prepare documents at the same time using a Model 16 multi-user system. Includes all features described above, plus enhancements for customizing your text. Global Find, Delete and Replace can search not only for a character or string of characters, but also for control characters, such as carriage returns or printer codes. An Abort function cancels any alterations to your document. SCRIPSIT 16 supports a full complement of printing features, including proportional spacing and mixed font styles within documents. A powerful print utility allows you to queue documents one after another and print them in any order. You can even obtain subtotals, totals and averages of numerical columns automatically. 26-6431 . . . 499.00

SCRIPSIT Spelling and Hyphenation Dictionary

This automatic "proofreader" program for SCRIPSIT checks and displays your text on the screen, highlighting misspelled words for correction. Contains over 100,000 words, abbreviations, proper names, contractions and foreign words with hyphenation points. You can add up to 2000 words that are used in your profession—medical, legal, engineering, scientific terms, etc. Requires SCRIPSIT word processing software and one additional disk drive.

Model II Floppy Disk. 26-4534 . . . 199.00

Thin-Line Floppy, Model II/12 Hard Disk. 26-4834 . . . 199.00

SCRIPSIT Utilities

Allows you to move columns of text and numbers, as well as provide totals, subtotals and averages of numerical columns directly from SCRIPSIT. You can also copy often-used text stored in a special "boilerplate" utility without having to leave the document you're currently working on. A communications utility lets you transmit and receive documents to or from another Model II or 12 SCRIPSIT system by phone (requires modem) or directly using an RS-232C cable and a null modem adapter. 26-4532 . . . 129.00

Only **\$175** Per Month

On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

This system is only \$5033.00 and includes a 2-Drive TRS-80 Model 12 (26-4005), DWP-510 printer (26-1270) and Cable (26-4401). Ideal for word processing (software extra).

SCRIPSIT Plotter Driver

Now you can add a vivid dimension of clarity to your text and overhead projector transparencies. This program lets you use SCRIPSIT to output to our TRS-80 Multi-Pen Plotter. Print nine character sizes in six colors—red, black, blue, green, violet or orange. Draw boxes around your text, straight lines, underlines, superscripts and subscripts. Simple commands let you easily change character sets, determine character size, and switch color pens. Move one-half space in any direction or backward a full space. Supports all plotter text-oriented features, plus character and word-incremental justification. Requires SCRIPSIT and TRS-80 Multi-Pen Plotter. 26-4536 . . . 49.00

VisiCalc Enhanced

A spreadsheet analysis program ideal for a wide variety of planning and forecasting applications in business and engineering. VisiCalc organizes your video screen into columns and rows. You simply define the formulas, enter the figures and VisiCalc performs all calculations automatically. Change any value or formula, and every affected number is updated. View countless "What if . . . ?" situations in seconds. Enhancements include an entry editor for modifying formulas and labels without re-entering them, plus logical and comparison operators to perform testing and branching. 26-4521 . . . 299.00

New! VisiCalc Business Forecasting Model

Allows you to generate financial reports based on your VisiCalc spreadsheets. Features pre-formatted templates for income statement, balance sheet, cash flow and financial ratios. Three supporting templates—sales and cost of goods sold, salaries, and assets and depreciation—are provided for inputting data to the four financial reports. Data is transferred from one template to another using the VisiCalc DIF format. Techniques and suggestions for modifying the templates for your own business forecasting needs are included. 26-4526 . . . 99.00

Multiplan

A "Second Generation" Electronic Worksheet

A truly sophisticated, yet incredibly easy-to-use decision support tool. Multiplan lets you consolidate related worksheets so that information is transferred between them automatically. For example, your company's sales forecast can be updated automatically whenever you change the data in any worksheet containing your regional sales figures.

"Plain English" Convenience. All prompts are full length words or phrases. Plain English names can be assigned to any column, cell or area, so that formulas can be expressed as "Gross Profit = Sales - Cost." If you have any questions, an On-Line Reference Guide gives you instant help. It knows where you are in Multiplan and offers information related to your problem right on the screen.

Advanced Features. With Multiplan, up to eight display windows can be created on the screen simultaneously. Sorting can be performed in alphabetical or numerical order. Cells can be set up individually, by row, column, block—or globally. Cell entries can be left or right justified, and can display values in graph form or as integers. You can vary individual column widths, center numbers and text within a column and align decimals. Format reports with user-selected top, bottom and side margins, row and column numbers, and more. Multiplan can directly utilize your current VisiCalc files, too. Includes tutorial manual.

Model II/12. 26-4580 . . . 249.00

Model 16 Multi-User. 26-6480 . . . 349.00

SINGLE-USER ACCOUNTING SOFTWARE

Simplify Your Accounting With a TRS-80 System

Only **\$155** Per Month

On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

- TRS-80 Model 12 With Two Disk Drives
- Compact DMP-430 Printer and Cable

This TRS-80 Model 12 "Basic Business" system is only \$4437.00, and is ideal for many office needs and can be used with most software on this page. It includes the 2-Disk Model 12 (26-4005), DMP-430 Printer (26-1277), and Cable (26-4401).

Streamline Business Operations. A TRS-80 Model II/12 computer system can prepare profit and loss statements, tighten up receivables, speed up collections, control disbursements, improve cash flow, keep a close watch on payroll and budgets, help you with your inventory control, analyze sales information, and much more. Your company's operations will be faster, more efficient, and more accurate—and that can help you save money. We know you have more important things to do than to learn how to program, too. And

you won't have to hire a programmer either. In fact, anyone in your office can easily and quickly learn to use these powerful TRS-80 Model II/12 business and accounting software packages. Each package comes with a very thorough instruction manual that will guide you step-by-step through every important function and will describe day-to-day operation. What's more, with additional disk drives, these packages form an economical interactive system. And Model II/12 software will run on a Model 16 in the (single-user) mode.

General Ledger

Handles up to 504 accounts, up to 11,420 entries per month. Seven optional expense categories and user-defined account numbers. Automatic out-of-balance detection, entry totaling, document balancing, and audit trails. Controlled inputs for error prevention and rapid entries. Reports include: Income Statement, Balance Sheet, Charts of Accounts, Trial Balance, Document List, Posting Summaries, and Ledger Detail Report. Full reporting capabilities allow access to your financial status at any time. A second disk drive allows update from Payroll (26-4503), Accounts Receivable (26-4504), and Accounts Payable (26-4505).

26-4501 199.00

Payroll

Handles up to 200 employees. Includes nine earning, nine deduction, and seven worker's compensation categories. Calculates federal, state and city withholding tax, plus earned income credit. Prints Payroll Checks, Payroll Check Register and W-2 forms, as well as automatic monthly, quarterly and annual journals. Automatic out-of-balance detection. Easy error correction and recovery. Optional time card calculations with automatic overtime. Multi-drive update to General Ledger (26-4501).

26-4503 399.00

Inventory Management System

Handles up to 3000 inventory line items, 200 vendors, on-hand quantities up to 999,999, with a maximum selling price of any item of \$9999.99. Projects your reorder needs based on analysis of past performance and sales trends. Reports include: Master Inventory List, Vendor Listing, Transaction Posting Report, Suggested Order List, ABC Code Analysis, Physical Inventory Worksheets and more. For single-sided floppy operation only.

26-4502 199.00

Accounts Receivable

A complete invoicing and monthly statement system that helps reduce and control your receivables. Know where you stand and spot overdue debts early for collection. Allows "open item" and "balance forward" accounts, and generates both Summary Aging and Detail Aging reports. Generates monthly statements and prints invoices. Flexible open credit reconciliation. Add additional disk drives for increased capacity and automatic update of General Ledger (26-4501).

26-4504 299.00

Accounts Payable

Maximize your use of cash. Prints cash requirements, aging reports and totals, and checks. Compatible with either "cash" or "accrual" accounting methods. Easy maintenance of accounts for up to 500 vendors and 3000 invoices. Reports include: General Ledger Codes, Vendor Listing, Invoice Listing, Posting Report (with GL totals), General Ledger Recap, Cash Requirements, Aging Status, Check Preview, Check Register, Discount Lost Report, GL Totals after Check Printing, End of Period Processing (with GL totals) and Year End Report. Multi-drive update to General Ledger (26-4501).

26-4505 299.00

Order Entry With Inventory Control

Simplify inventory control and get complete reports on stock levels. Program designed primarily for non-manufacturing distributors that maintain up to 650 accounts receivable and up to 2000 inventory items. Reduces duplication of efforts, saves time in filling orders, producing invoices and posting sales and adjustments to each customer account. Prints a Picking List to aid in pulling items from stockroom or warehouse. Interfaces with Model II/12 Accounts Receivable program (26-4504). Requires four disk drives.

26-4514 199.00

Mailing List II

A good mailing list makes you money! Here's a system that stores names and addresses which can be revised at any time—up to 3000 names or 2000 names with a "comment" line. Each name may be assigned to up to eight special categories. Choose alphabetical or Zip Code order. Any number of address labels may be selected and printed. Five different label sizes. With a second disk drive, names and addresses can be "merged" with SCRIPSIT (26-4531) for perfect form letters

26-4507 119.00

Statistical Analysis

A menu-oriented data analysis system ideally suited for applications in business, education, medicine and other fields. Can be run with little formal knowledge of data analysis techniques and no knowledge of computer programming. Each program interacts with you to guide you in conducting statistical research. Includes programs for descriptive statistics, graphic histogram, frequency distribution, one and two-way analysis of variance, one-way analysis of co-variance, correlation matrix, chi-square analysis, time series analysis, item analysis, multiple linear regression, random data samples, and item analysis and test/survey scoring.

26-4540 99.00

Versafile

Create a simple computerized filing system. Store business or personal data, including names, addresses, phone numbers, customer information and more. Versafile lets you set up your own filing method and what type of data will be entered—your TRS-80 does the rest. The computer stores "key words" in corresponding files ready for easy retrieval. All you have to do is type a question containing the same key words. Includes Global Search function.

26-4510 69.00

LET PROFILE® SIMPLIFY YOUR FILING

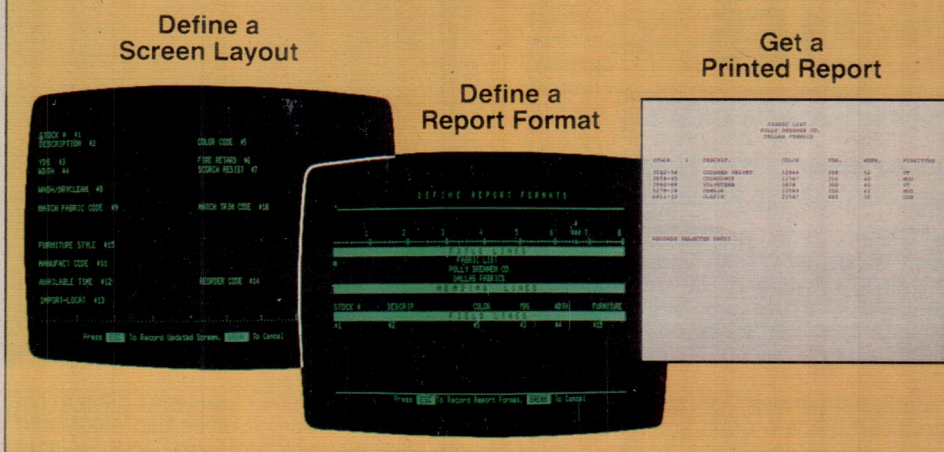

Profile II Electronic Filing

A powerful program that lets you design your own data base and search through your records to find just the information you want in seconds. Keep track of names and addresses, bills owed and paid, personnel and customer records and much more. You specify the way your files are set up and how information appears on the screen and in printed reports. Store up to 99 data fields in a single record, and print up to five different reports for each file. Search your files by up to 36 user-defined criteria. Stores up to 3000 records with a one-disk Model II/12, up to 20,000 with additional disk drives. 26-4512 179.00

Profile Training. Learn how to put Profile II to work for you. Includes four audio cassettes, 96-page manual and diskette. 26-4516 69.00

Profile Plus. An expanded version of Profile II. Built-in math functions do extensions, calculate taxes and totals between numeric fields automatically. "Associated" fields can be searched for "similar-type" data. An indexing system automatically organizes files in logical order for high-speed access. Selectable record lengths prevent wasted disk space and increase the maximum number of multi-segment records. User menus can be executed with a single keystroke. 26-4515 299.00

Profile II Filing Systems—Easy to Create and Use

Profile Upgrade. Gives Profile II users the added features of Profile Plus. 26-4517 120.00

Profile Forms. Print a detailed record on each item in your file. Requires Profile Plus. 26-4556 125.00

Profile Archive. Purge inactive records and merge them into a history file. Requires Profile Plus. 26-4557 49.00

Profile Prosort. Create a high-speed index to pinpoint precise information. Requires Profile Plus. 26-4558 149.00

Profile Lookup. Cross reference information from five different data bases. Requires Profile Plus. 26-4559 199.00

Menu Generator. Create menus in machine code for BASIC or COBOL programs. 26-4555 39.00

Powerful Multi-User Data Base Systems for the TRS-80 Model 16

Profile 16 Multi-User

Multiply office productivity! Allows several operators to access, update and use the same file at the same time. (Of course, individual records are protected from being changed by more than one person at a time.) Now you can do jobs you could never handle before: regional sales reports, cataloging, advertising and direct response sales tracking, buyers' guides and directories, tax records, insurance forms and many others.

Easy to Use. You can design your Model 16 Profile system to match your present manual methods—no need to learn new procedures. And all screen prompts and menus are in plain English—no blind guesses or confusing programming terms. You can even customize your system to help your employees do jobs quickly—even automatically—with a few simple keystrokes. And you can change or expand your system at any time without having to re-enter data—Profile 16 will rearrange your data to fit new formats. That means you can create a simple system to start, then build up to a powerful data base over time.

Tremendous Storage Capacity. You can have up to 16 million records per file, with up to 999 entry blanks (fields) and 4608 characters per record. Files can be spread across multiple hard disk drives.

Monitors Accuracy. Profile 16 can give you the date and time of a record's last update, the operator who made the change, and other audit trail information automatically. It can watch for up to 200 data entry errors or

special cases. Password protection can also be used to prevent accidental record access, update or deletion.

"Conditional" Operations. Profile 16 does "conditional math". For instance, "if the order is between \$1000 and \$4999, subtract a 5% discount; if between \$5000 and \$9999, subtract 10%." Other math functions include percentages, minimums and maximums, logs and anti-logs, fractions and fractional powers, and averages. Profile 16 can do "conditional processing", too. If certain criteria are met, it does the operation; if not, it does a different operation.

Print Reports, Labels and Forms. Data to be printed can be arranged in any way you choose. Reports can be as long as 99 lines and as wide as 255 characters. Labels can be printed in one-column lists or across the page in rows.

Other Important Features. Profile 16 can do "end-of-period" processing and produce "spin-off" files for moving data into word processing or spreadsheet programs.

Profile 16. 26-6412 499.00

Unify Relational Data Base

Includes interactive data entry, ad hoc queries, report writer, screen form development, and menu handler and security system. ENTER provides full screen, interactive data entry. Type, length, range, value checks and cross file edits are supported. A query-by-forms facility allows queries to be answered simply and easily by casual users of the system. Unify SQL is

a powerful relational inquiry and data manipulation language based on English keyword syntax. Its structure is easy enough for beginners to use, yet powerful enough for DP professionals. RPT (Report Writer) supports multi-line titles and column headings; built-in functions such as MIN, MAX, AVG and TOTAL; page headers and footers; level breaks; and absolute positioning of data. Simple reports can be produced with a single command under default mode. SFORM can create a default screen to save time in development. Default screens or designs can be modified. User-defined screen prompts and editing masks are supported. Screen forms can contain multiple pages or multiple-line scrolled areas. Many different screens may be defined for each data base to provide each user his own "view" of the data. MENUH is Unify's menu handler and security system. You can protect your data through passwords and access privilege limitations at the field, record, file and menu level. Unify offers a combination of access methods. Hashing is available for primary keys; compressed B-Trees are available for secondary indexes; links are available for explicit relationships; and high-speed, buffered, sequential access is also provided. Two programming languages—C and RM-COBOL—are supported by Unify's language interface modules. Each provides the programmer access to Unify's data handling routines through his programs. Includes extensive on-line help facility. Comes with reference manual, tutorial manual and introductory booklet.

Unify. 26-6415 750.00

MULTI AND SINGLE-USER ACCOUNTING

Maintain Greater Control of Your Business

Only **\$240** Per Month

On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

- Single-Disk TRS-80 Model 12
- 15-Megabyte Hard Disk ■ Card Cage
- High-Speed DMP-500 Printer and Cable

This single-user system is only \$6926. Includes the 1-Drive Model 12 (26-4004), 15-Megabyte Hard Disk Drive (26-4155), Installation Kit (26-4157), DMP-430 Printer (26-1277), Cable (26-4401) and Card Cage (26-6017). Requires installation (not included).

Multi-User Software. Increase office productivity with our Model 16 programs. They allow several people to perform different tasks simultaneously. Your sales department can check inventory levels while someone in accounting updates your general ledger—at the same time someone else is working on payroll.

Single-User Software. These deluxe programs can also form the heart of a superb dedicated accounting system—ideal for the small business which has one person that handles all the bookkeeping. The interactive capability of these packages allows easy, automatic update of each aspect of your firm's operation.

New! COBOL Query

Now Model II and Model 12 owners can retrieve desired information from COBOL data files. After you enter a query by specifying the file and the fields from which you want to retrieve data and the selection criteria (if any), Query scans the data file and selects the records. The information can then be displayed on the screen or printed. You can also design reports by entering the title, column headings and widths. In addition, you can have Query calculate values in columns by entering the desired formulas. Use Query with General Ledger (26-4601), Payroll (26-4603), Accounts Receivable (26-4604), Accounts Payable (26-4605), Order Entry/ICS (26-4607), and Sales Analysis (26-4608). Query can also interface with Multiplan (26-4580) and SCRIPSIT (26-4531 and 26-4835). Requires hard disk. 26-4612 149.00

General Ledger

Interacts with Accounts Payable, Payroll and Accounts Receivable. An easy-to-maintain control file allows you to use multiple profit centers. Reports include: Income Statement, Balance Sheet, Supporting Schedules, Chart of Accounts, Financial Statements, General Journal Transaction Register, General Ledger Trial Balance for any specified period, General Ledger Worksheet, General Ledger Source Cross Reference, Statements of Cash Flow, Changes in Financial Position, and Changes in Components of Working Capital.

Model II/12. 26-4601 399.00

Model 16. 26-6201 599.00

Accounts Payable

An accrual system that will interface with General Ledger. Reports include: Vendor File, Alphabetical Vendor List, Transaction Register, Aging, Cash Requirements, Pre-Check Writing Accounts, Payable Check Register, General Ledger Distribution and Vendor Analysis.

Model II/12. 26-4605 399.00

Model 16. 26-6205 599.00

Accounts Receivable

An open item and/or balance forward system that will interface with General Ledger, Order Entry/ICS and Sales Analysis. Prints Aging Report (with or without detail) for all or selected customers. It provides a GL Distribution Report and allows easy access to frequently used General Ledger accounts for rapid entries. Prints a Cash Application Worksheet showing balance owing, the valid discount and the net amount due. Optional user-defined features include: accumulating revenue and expense by profit center (product line), calculation of sales tax and commissions.

Model II/12. 26-4604 399.00

Model 16. 26-6204 599.00

Payroll

Calculates and prints checks and provides distribution to multiple General Ledger accounts. The program gives you efficient handling of hourly and salaried employees and permits seven pay frequencies. Provides a wide variety of special earnings and deductions categories, and allows entry of manually prepared checks and adjustments. Lets you track vacation and sick pay and recall up to one year of detailed pay history. Tables for federal, state and local withholding taxes are easy to maintain. Prints federal, state and local withholding reports, W-2 forms, payroll worksheets, check register and more.

Model II/12. 26-4603 499.00

Model 16. 26-6203 699.00

Sales Analysis

Examine and evaluate sales. Data is obtained from customer file of A/R or item file of OE/ICS. Shows sales activity by customer, sales volume, salesman, item, and more.

Model II/12. Requires 4 disk drives (3 drives for Model 12) or hard disk. 26-4608 249.00

Model 16. Requires 3 disk drives or hard disk. 26-6208 399.00

Order Entry/ICS

Allows both single-pass invoicing and two-pass open order entry with separate billing. Requires and interacts with Accounts Receivable program. Prints: Item Receivings Register, Billing Edit List, Picking Tickets, Order Edit List, Price List, Item Stock Status Report and Purchasing Advice Report.

Model II/12. Requires 4 disk drives (3 drives for Model 12) or hard disk. 26-4607 399.00

Model 16. Requires 3 disk drives or hard disk. 26-6207 599.00

Inventory Control System

Assists in cycle counting, ordering from vendors, handling partial receipts and allowing custom design of reports. Posts receipts, prepares labels, prints purchase orders by P.O. number and six major reports. Provides suggested order listing by prime vendor.

Model II/12. Requires a minimum of two disk drives. Model II handles approximately 3000 inventory items per data diskette. Model 12 handles about 8000 per diskette. 26-4602 299.00

Model II/12 Hard Disk or Thin-Line Floppy. Up to 30,000 items. 26-4802 399.00

Model 16 Hard Disk. Supports up to 3 users. Handles up to 30,000 items. 26-6302 399.00

Manufacturing Inventory System

Track your investment in work-in-progress, raw materials and finished goods, and maintain your company's inventory files in an easy-to-access format. Estimate order completion dates, labor and material requirements, and more. Holds up to 2100 items in inventory, 600 bills with 99 components each, 200 manufacturing orders. Model II requires three disk drives. Models 12 and 16 require two drives.

Model II/12. 26-4509 750.00

Model 16. 26-6309 850.00

TRS-80 PROFESSIONAL PROGRAMS

Model 12 Office System
Only **\$190** Per Month
On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

This TRS-80 Office System is only \$5533, and will run most of the software shown on this page. It includes a 2-Drive Model 12 (26-4005), letter-perfect DMP-2100P printer (26-1274) and cable (26-4401).

NEW! The Precedent™ Legal Accounting System. An office management program designed specifically for attorneys following standards established by the ABA Legal Economics Section. It allows total integration of Time and Billing, General Ledger, and Cash Disbursements giving you immediate access to vital client-related accounting information concerning services rendered, fees, expenses, billable and non-billable time, cash receipts, trust activity and much more. It can be used by a sole practitioner or firms with up to 50 timekeepers. You can choose from eight different billing formats containing varying degrees of detail. You can also obtain comprehensive management reports.

26-4620 795.00

NEW! Docket Control. Avoid missed deadlines and appointments. The program accepts entry of reminder dates which occur while a case is pending. These dates can be entered individually by you or automatically calculated from user-defined models. For example, the date of death (relative day 0) begins the probate process; a death certificate must be filed within one week (relative day 7) and the will must be submitted to the probate court within one month (relative day 30). You enter the date of death and all subsequent dates are calculated and retained automatically. Docket Control may be used alone or with The Precedent Legal Accounting System (above).

26-4622 249.00

Time Accounting. A "must" for any business that requires a detailed time analysis. Handles up to 14 professionals, 1000 clients, 500 jobs, 99 charge code categories, and 2950 transactions. Add, delete, change, list and review all information on file concerning the person who performed the work, customers, contracts and charges. Prepare billing worksheets and print statements. Model II requires four disk drives. 26-4520 499.00

Litigation Support. A versatile information storage and retrieval system designed for the attorney. This docket control program helps you research articles, organize notes, and keep track of reports and correspondence. Stores up to 350 client records, with 12 pleas and 10 memos. Litigation Support also doubles as a paralegal. Just enter documents associated with a case—such as a memo, letter or conversation. Then by typing in a topic, case number or keyword, the computer displays all matching records. Store up to 575 records. Prints reports and mailing labels. Merge names and addresses using SCRIPSIT (26-4531) and an extra disk drive for form letters.

26-4545 299.00

WESTLAW. A vast electronic legal data base accessed by phone. Enables you to research information and locate relevant cases quickly. Simple search commands reduce "on-line" time. Includes U.S. Code, Code of Federal Regulations, Federal and state case law libraries, Shepard's Citations service and more. Requires registration with WESTLAW and a 1200-baud modem (see page 32).

26-4560 249.00

Electronic Broker. Maintains securities transaction records for stockbrokers, investment advisors, accountants and small bank trust departments. The Electronic Broker organizes your account bookkeeping with flexibility and ease. Reviews and updates security prices, market averages, stock splits, and adjustments for dividends. Builds and maintains four libraries of information—a library of up to 500 Client Accounts, a library of up to 1500 Securites, an ongoing Transactions File and a matched-off Liquidations File. The program provides accurate, well-organized screen displays and printed reports. Additionally, the program prints a posting journal and a liquidations report as an audit trail.

26-4525 995.00

Medical Office System. Designed to provide a fast and efficient system for collecting and managing accounts receivable. It accommodates a large individual practice of a medical clinic with up to ten physicians. Handles records and billing for up to 3000 accounts and 9000 transactions per month. Features 450 procedures and diagnoses, 4 recall medications, 2 recall dates, and 2 insurance companies per patient. On hard disk, you can keep track of 64,000 patients, 64,000 transactions, 999 procedures and diagnoses. A powerful forms generator can produce any type of invoice or insurance form to match any state's requirements. The system lets you get daily recap, transaction review, aged accounts receivable, procedure and diagnosis reports. You may enter refunds, place invoices into collection, add charges to existing invoices, switch responsible parties, and add notes into a patient's file. The system provides complete audit trails and detailed reports, cutting the time you presently spend on accounting and preparing statistical reports. Zero-balance double-entry accounting maintained automatically. You can also get an amazingly complete breakdown on your office's financial status with numeric month-to-date and year-to-date totals for all categories. Use of a unique "scan" feature allows you to quickly locate patients who meet a very narrow selection criteria. Requires a minimum of two disk drives. Create customized letters and mailing labels using Profile II (26-4512) and SCRIPSIT (26-4531) and an extra disk drive.

26-4508 750.00

Personnel Search. A program to help match employers with potential employees, so important when you have to have the right person to fit the job. Stores up to 246 records, with up to five referral and placement positions and five client contacted companies. Up to 66 character spaces are available for a description of employer benefits, and up to 227 character spaces for employee duties. Prints reports, plus two mailing labels. 26-4621 299.00

Job Costing. Designed to aid small construction companies in the preparation of job estimates, and to enable them to accurately track the progress and cost of each job. It keeps up with your two most valuable resources—time and money. Expenses are entered as they are incurred and are posted to each task by cost category. Detailed and summary information available on each job. Job Costing can be used for internal auditing to check invoices and purchase orders, too. As jobs are completed, year-to-date profit and loss is maintained on disk. It's an invaluable tool for estimating work volume and average gross profit.

Model II/12. 26-4513 149.00

Model 16. 26-6209 199.00

Important Software Notice

All Radio Shack computer programs are licensed on an "as is" basis, without warranty. Radio Shack shall have no liability or responsibility for any loss or damage caused or alleged to be caused directly or indirectly by computer equipment or programs sold by Radio Shack, including but not limited to any interruption of service, loss of business or anticipatory profits or consequential damages resulting from the use or operation of such computer or computer systems.

TRS-80 MODEL II/12/16 LANGUAGES

FORTRAN. Complete error documentation in compiler, and hex and octal addresses for compiler listing. Includes Editor, Compiler, Linking Loader, Subroutine Library, and a Source and Listing File Print Utility. ANSI-66 standard.

Model II/12. 26-4701 299.00

Program Editor. Use with any of our Model II/12 TRSDOS languages to modify source code. Easily change, delete and insert characters or lines. File record formats are selectable. Features global search.

Model II/12. 26-4710 79.00

Editor/Assembler. Quickly write, edit, test, assemble and execute programs in Assembly Language. Use with either 8080 or Z-80 mnemonics. Constants can be specified in decimal, hexadecimal or binary. Line and character-oriented text editor.

Model II/12. 26-4702 199.00

Series I Editor/Assembler. Program in machine language for faster execution and more efficient memory use. Editor features line numbering and renumbering, single-letter commands and global search. Source text may be saved in disk files. Source files may be loaded together in memory.

Model II/12. 26-4713 49.95

Assembly Language Development. Five-module package includes Editor, Assembler, Linker, Debugger and File Transfer.

Model II/12. 26-4712 249.00

COBOL Development System. A high-level implementation of ANSI-74 COBOL. Features multi-keyed ISAM for quick access of data, interactive DEBUG, address stop, single and variable step display, extended ACCEPT/DISPLAY commands, full level-2 I/O commands, Editor and single-pass Compiler.

Model II/12. 26-4703 299.00

TRSDOS-16. 26-6100 299.00

COBOL Run-Time Diskette.*

Model II/12. 26-4704 40.00

TRSDOS-16. 26-6101 40.00

COBOL Generator. Define a complete software package and generate a COBOL source program automatically. Requires one additional disk drive and COBOL Development System (26-4703).

Model II/12. 26-4707 995.00

PASCAL MT+. A full-implementation of standard PASCAL to help you build better programs faster. A speed programming package helps you remove "dumb" errors prior to compilation, with options including editor, reformatter, syntax check, variable check and fast compiler. Automatically re-adjust indentations and margins for structured overlay capabilities, chaining, call assembly routines and supervisor calls.

Model II/12. 26-4711 425.00

Compiler BASIC. Features single-key ISAM to help organize and retrieve data, cross reference and interactive DEBUG to speed program development, easy calls to assembly language or other object programs, 14-digit floating point decimal format, full error control, complete CRT control, and single-pass compiler. (Note: For program development and not for conversion of existing software.)

Model II/12. 26-4705 199.00

Compiler BASIC Run-Time Diskette.*

Model II/12. 26-4706 30.00

BASCOM BASIC Compiler. Designed to complement the Model II/12 Microsoft BASIC Interpreter. MS-BASIC Compiler can support programs written for a wide variety of microcomputers with little or no modification. Allows you to create programs that execute faster and require less memory than the same interpreted programs, in addition to providing source code security. Allows several chained programs to be supported by a main menu. Features BASRUN runtime module. BASRUN allows you to develop a system of related programs that can all be run using the same runtime environment.

Model II/12. 26-4725 199.00

CBASIC. A commercial dialect of the BASIC language implemented as a compiler/interpreter. It requires the CP/M Plus operating system (26-4740), and is designed specifically to develop business applications. Compiles source code files into pseudo-code instructions so application programs use RAM more efficiently. Maintains real numbers in BCD format to assure fractional parts of dollar amounts will be exact and ledgers will balance, and supports integer arithmetic to increase execution speed. Returns unused memory to system automatically.

Model II/12. 26-4742 99.00

CP/M Plus. A high-performance single-user, single-tasking operating system that opens the door to thousands of non-Radio Shack programs. Compatible with CP/M 2.2 and MP/M II files. Features a flexible applications program interface and powerful system utilities to facilitate software development.

Model II/12. 26-4740 249.00

TRS-XENIX Development System. Includes the powerful C language and many standard UNIX utilities for developing multi-user software to run under Model 16B XENIX. Also includes an assembler, text editor, a spelling dictionary, electronic mail, sort utility, compiler generators, and much more. Requires 256K memory (512K is recommended) and a hard disk.

Model 16B. 26-6401 750.00

TRS-XENIX COBOL Development System. A high-level implementation of the ANSI-74 COBOL standard for minicomputers. Includes an editor, interactive debugger, a single-pass compiler, and more. Comes with User's Guide, COBOL Language Manual and sample programs.

Model 16B. 26-6455 699.00

TRS-XENIX BASIC Interpreter. An advanced interpreter BASIC which allows you to chain other MBASIC programs and pass common variables. MBASIC also supports 40 significant characters for variable names, logical record lengths of up to 32K, and record locking for multi-user support.

Model 16B. 26-6457 299.00

NEW! FORTRAN 77. Allows you to write and execute mainframe-level Fortran applications on the Model 16B. Incorporates popular extensions like Hollerith and hexadecimal constants, symbols of up to 31 characters and an "include" statement. "High optimizing" features produce object code that increases execution speed. A complete implementation of the most recent ANSI Fortran standard. Requires TRS-XENIX Development System (26-6401).

Model 16B. 26-6451 699.00

NEW! PASCAL-2™. An integrated system for software development on the Model 16B. A transportable multi-pass compiler adheres to the Pascal ISO standard while performing optimizations to generate compact, fast code. Requires TRS-XENIX Development System (26-6401).

Model 16B. 26-6452 699.00

NEW! Macro Assembler. Lets you develop Motorola MC68000 programs on the Model 16B. Features an easy-to-use set of assembly language mnemonics. Permits the use of macros which allow you to control your output and compiler. Allows you to assemble programs which access outside data and subroutines. Requires TRS-XENIX Development System (26-6401).

Model 16B. 26-6450 399.00

***NOTE:** Run-Time Diskettes are available separately for those who intend to sell software developed on our compilers. You don't need to purchase a separate Run-Time Diskette for your own use.

MODEL II/12/16/2000 SOFTWARE

Communicate with Mainframes Using Our Protocol Packages

BIS-3270. Allows your Model 12 to communicate over point-to-point or multi-point telephone lines (via a synchronous modem or modem eliminator) using standard IBM bi-synchronous protocol and emulate an IBM 3271/3274/3275/3276 display station and 3284/3286 printer. BIS-3270 appears to the system as a control unit with one keyboard display and one separately addressable printer. All functions of the IBM 3270 display station are supported, including bi-directional file transfer and a menu-driven configuration program. Features a modem analog loopback test, diagnostic support and full help facilities. Requires modification of the "A" serial port (extra charge). 26-4730 1495.00

BIS-3780. Allows Model 12 to communicate over point-to-point or multi-point telephone lines (via a synchronous modem or modem eliminator) using standard IBM bi-synchronous protocol with any IBM S/360, S/370, 30XX and 43XX host or non-IBM host that provides support for IBM 2780/3780/2770/3741 devices. Your Model 12 can function as a remote terminal or a Remote Job Entry (RJE) terminal. Supports IBM JES, RES, HASP or POWER console commands; full bi-directional transfer; print-destined and punch-destined data. Editor/Assembler (26-4702) may be required for mode configuration. Requires modification of "A" serial port (extra charge). 26-4716 995.00

ReformatTER. Prepare programs and data for use with IBM equipment using the TRS-80 Model II or 12. ReformatTER handles the transfer of files between TRSDOS and IBM-compatible diskettes. It organizes data to conform to the 3741 single-density IBM format, performs optional EBCDIC/ASCII character conversion and automatically initializes diskettes to the IBM format—including all necessary fields—eliminating the need for specially preformatted diskettes. ReformatTER gives you full control over all aspects of an IBM diskette, including creation/expiration date, record length, beginning of extent, end of extent, write protect, accessibility, and key bypass and verify fields. You can even examine and alter existing data on an IBM diskette directly without transferring the data to a TRSDOS diskette. Convenient menu presentation and descriptive prompting messages make the program easy to use. Requires two disk drives. 26-4714 249.00

NEW! Micro-SNA/3270. Allows your Model 12 to communicate over point-to-point or multi-point telephone lines (via a synchronous modem or modem eliminator) using standard SNA/SDLC protocol with any IBM S/360, S/370, 30XX and 43XX IBM host or non-IBM hosts that provide support for IBM 3270 devices. Your Model 12 can emulate an IBM 3274/3276 display station. Micro/SNA-3270 appears to be a control unit with one LU-2 keyboard/display. Supports full bi-directional file transfer and menu-driven configuration. Includes a modem analog loopback test, diagnostic support and full help facilities. Requires modification of the "A" serial port (extra charge). 26-4717 699.00

New! Model 2000 Communications Software

Softterm 2000. A powerful communications manager. Emulates over 20 character and block-mode terminals. Includes remote file transfer and local printing of files. Supports auto-dial/auto-answer. Requires 256K. 26-5261 (Avail. 10/15/84) 195.00

CLEO-3270 Cluster Controller*. Allows your Tandy 2000 to function as a remote IBM 3276-2 cluster controller with IBM 3287 printer attached (via a synchronous modem or modem eliminator). Your Tandy 2000 cluster can consist of up to 7 other Tandy 2000 computers emulating IBM 3278 display stations. Requires 256K system and Serial Expansion Board (26-5164). A second Serial Expansion Board is required when using more than four terminals. 26-5262 (Avail. 12/15/84) 980.00

SNA/SDLC and BIS. Communicate over point-to-point or multi-point telephone lines (via a synchronous modem or modem eliminator) with any IBM S/360, S/370, 30XX and 43XX host or non-IBM hosts using standard IBM SNA/SDLC or IBM bisynchronous protocol (see individual packages at right). You get bi-directional file transfer, menu-driven configuration, modem analog loopback test, diagnostic support and full help facilities.

SNA/SDLC Protocol Packages. Requires 256K Tandy 2000 and Serial Expansion Board (26-5164). All available 12/15/84.

Micro-SNA/3270. Emulate remote IBM 3274/3276 control unit and/or 3284/3286/3287/3288 printer. 26-5263 695.00

Micro-SNA/3770. Emulate remote IBM 3771/3774/3775-P1/3776/3777-1 devices. 26-5264 695.00

Micro-SNA/Cluster. Allows Tandy 2000 to function as a remote IBM 3274/3276 cluster controller with attached IBM 3287 printer. Up to 8 other Tandy 2000 computers can emulate IBM 3278/3279 display stations. Requires a second Serial Expansion Board when using more than 4 terminals. 26-5265 1390.00

Tandy 2000 Serial Expansion Board. Four serial channels with connectors. 26-5164 (Avail. 12/15/84) 325.00

Bisynchronous Protocol Packages.

BIS-3780. Emulate IBM 2780/3780/2770/3741 devices. MS-Assembler (26-5252) may be required if mode reconfiguration is needed. 26-5258 695.00

BIS-3270. Emulate IBM 3271/3274/3275/3276 display station and 3284/3286 printer. 26-5259 695.00

Access Mainframe Data Using Your TRS-80

NEW FOR '85

995⁰⁰

- Lets a TRS-80 Computer or Terminal Access IBM Host Computers
- Works in BSC, SNA/SDLC or Channel Attachment Operations

T-1000 Protocol Converter. A micro-processor-based unit that allows TRS-80 computers to emulate an IBM 3278-2 or access an asynchronous host. For dual host access, your TRS-80 connects to the T-1000's terminal port, an IBM 3274/3276 cluster controller connects to the T-1000 coax port, and an asynchronous host connects to the T-1000 auxiliary port. A single keystroke lets you switch between the coax mode (for 3278-2 emulation) or the pass-thru mode (for asynchronous communications). The auxiliary port also supports a modem for access to remote asynchronous computers. Supports two internal screen buffers. One receives signals from the 3274/3276 cluster controller. The second holds the current contents of the terminal screen. Software updates the screen by comparing buffers. Requires terminal emulation software, such as Softterm 2000 (26-5261). U.L. listed. 26-1169 ... 995.00

VIS AND ARCNET NETWORK SYSTEMS

VIS™ —Radio Shack's Videotex and Office Information System

- Retrieve Information Using Menus, Keywords or Synonyms
- Tolerant of User Mistakes—Even Accepts Misspelled Words
- Most Any Terminal or Computer Can Access VIS Databases

- Store, Retrieve and Distribute Text, Programs and Graphics
- Use VIS as a Private or Public Information Delivery System
- VIS Allows for Both Access and Document Level Security

Videotex and Office Information System (VIS). A revolutionary "Host" Videotex Program for storing, retrieving and distributing information. VIS offers state-of-the-art technology at prices that are well below comparable systems. In fact, some features are not available on other systems at any price.

A Closer Look at VIS. VIS, as with all videotex systems, is a two-way interactive system that transmits electronic information directly to information consumers. With VIS, "information consumers" may be a select group, the general public, or both. Any terminal or computer with communications capability can be used to receive and display text. The "information providers" establish and organize the data. An information provider could be a real estate organization, insurance company, major

corporation, or anyone with information to be distributed on a timely, cost-effective basis. Central to VIS information distribution is the "system operator", who maintains the VIS system for either a single or for multiple information providers.

Using VIS as a Corporate Information Tool. VIS can meet the requirements of an information storage and delivery system within your company's internal operations. Using your office computer, home computer or a portable terminal, VIS lets you check factory orders against usable inventory, corporate sales figures, or any information required for higher efficiency and productivity.

Using VIS for Public Information. VIS can be used as a "public" information base in which paid subscribers are allowed access

to information such as news, weather and stock reports. Airline schedules, real estate directories and credit bureau information are just a few of the services possible.

Retrieving Information Is Easy. The information consumer simply enters a request—using a document title or "keyword"—on a computer or terminal. VIS receives the request, retrieves the desired information and formats it to the computer or terminal. Then, the information is transmitted one screen at a time.

Share Data with Up to 255 TRS-80 Computers Using Arcnet

Arcnet. Radio Shack's Arcnet (or Attached Resource Computer Network) is the high-performance local area network for TRS-80 computers, peripherals, software and information. With Arcnet, you can link up to 255 Model 12 and II computers for effective, large-scale operations. Office personnel can share hard disk files, printers and other accessories. Arcnet is highly reliable, because it's based on Datapoint Corporation's customer-proven ARC local network technology. Expand anytime without buying printers or hard disks for each additional user—and without re-programming!

Installation Is Simple. Arcnet consists of three hardware components. First, the Arcnet board is needed in each computer. The second element is the Coaxial Cable. One end is plugged into the computer, the other end goes to the third component, the "Hub". The smallest practical Arcnet system consists of three computers. Two workstations—called applications processors—can be connected to share the large hard disk file of the third TRS-80—known as a file processor. As you exceed the capacity of this network, simply plug in another applications or file processor.

Arcnet Board. Includes Applications Processor software and user's guide. Installation required (not included). 26-6501 399.00

Arcnet File Processor Software. Includes software, operation manual and system manager's manual. Only one package required per system. 26-6502 499.00

Active Hub. Connects up to seven Applications Processors to one File Processor. Cable length between a computer and Active Hub can extend up to 2000 feet. Active hubs can be linked for a system spread of up to four miles. U.L. listed. 26-6508 995.00

Passive Hub. Connects up to three Applications Processors to one File Processor. Cable length can extend up to 200 feet. Two passive hubs cannot be connected in series. 26-6504 79.00

16K Z-80 Memory Expansion Board. For Model II previously not used with hard disk. 26-6503 189.00

Coaxial Cable. RG62 with BNC connectors on each end.

MODEL 4P NOW AT A NEW LOW PRICE!

A Portable Version of
Our TRS-80 Model 4

1299⁰⁰

AS LOW AS
\$73 PER
MONTH

Was \$1799.00
in Cat. RSC-11

- Totally Software Compatible With All Model 4 Disk Programs
- 9" High-Resolution 80 x 24 Display
- Two Built-In 184,000-Character Double-Density 5 1/4" Disk Drives
- Built-In Programmable RS-232 Interface
- 64K Memory—Expandable to 128K
- Use Extra Memory As a Super-Fast RAM-Based "Disk Drive"
- Parallel Printer Interface
- Typewriter-Style Keyboard with 12-Key Numeric Keypad
- Expand with Optional Built-In Modem, External Hard Disk Drives, Graphics and CP/M Plus Operating System

TRS-80 Model 4P. Get the versatility of our popular TRS-80 Model 4 desktop computer in a compact system you can take anywhere! The Model 4P is easy to carry—weighs just 26 pounds—and it's small enough to stow in overhead luggage racks on planes, trains or buses. It's the perfect computer for our mobile society!

Use Thousands of Programs. Model 4P can use all Model 4 disk software. It can also run all Model III TRSDOS and LDOS disk programs (in Model III mode) without change. So a huge software library is already available. And Model 4P is compatible with the CP/M Plus operating system which opens the door to literally thousands of applications.

Who is the Model 4P for?

This transportable computer is designed for managers with work that just can't wait until they return to the office. The compact size of the Model 4P makes it usable anywhere where there's an AC outlet. Its software flexibility allows almost any task at hand to be performed—word processing, accounting, forecasting, programming, graphic presentations and much more.

Big on Features. Unlike some transportables, Model 4P is without compromise. You can depend on it as your desktop computer because of true desktop features. Rather than a small display screen, Model 4P features a full 80-character by 24-line 9" green-screen display that can be upgraded to provide optional 640 x 240 high-resolution graphics. The full-size keyboard features CONTROL, CAPS and three function keys. And you can add the internal direct-connect modem board to communicate with other computers and to access information services.

Superior Operating System. The powerful TRSDOS 6 operating system lets you use extra memory as a superfast disk drive. The result? Keystroke-quick responses instead of time-consuming disk access. The software print spooler allows you to print out a job at the same time you're using Model 4P for other tasks. A Job Control Language lets you set up a whole series of operations for your Model 4P to perform without supervision.

Thorough Documentation. Model 4P comes with Microsoft Disk BASIC and TRSDOS 6 operating system, owner and programming manuals, reference card, and an introduction to your computer that gets you started immediately.

Model 4P. Completely self contained in a hi-impact ABS case with a built-in carry handle. U.L. listed. 26-1080 1299.00

Model 4P Modem Board. Direct-connect auto-dial/auto-answer 300 bps modem features full/half-duplex and originate/answer modes. Completely software compatible with our Direct-Connect Modem II (26-1173). User installable. 26-1084 149.95

Model 4P Travel Case. Heavy-duty black vinyl case (shown above in use) resists scuffs and tears. Foam-padded bottom protects against drops. Inner pocket for manual and diskettes. 26-1085 24.95

SPECIFICATIONS. Microprocessor: 4 MHz Z-80A (2 MHz in Model III mode). Memory: 64K RAM, expandable to 128K. Provides for disk drive emulation in RAM, only 64K addressable from BASIC. Keyboard: 70-key typewriter-style with datapad, plus CONTROL, CAPS and 3 programmable function keys (F1, F2, F3). Video Display: 80 x 24 (Model 4 mode), 64 x 16 (Model III mode), or double-width 40 or 32 characters per line. Upper and lower case. Reverse video (Model 4 mode). 96 text, 64 graphics and 96 "special" characters. Language: Microsoft 5.0. BASIC. Sound: Obtainable from BASIC. Toggled "keyclick". Disk Drives: Two built-in double-density 184K 5 1/4" drives. External Connections: Parallel printer port. RS-232C serial port. Selectable 300-9600 baud. Buffered input/output bus. Dimensions: 16 1/2 x 13 1/4 x 9 3/4". Power: 120VAC, 60 Hz.

- Self-Contained Desktop Unit ■ 80 × 24 Display
- Typewriter-Style Keyboard ■ 12" Monitor
- 64K Memory—Expands to 128K ■ Numeric Keypad
- RAM-Based Disk Drive ■ Parallel Printer Interface
- CP/M Plus Compatible ■ Runs Model III/4 Software

TRS-80 Model 4. Compare the features of the Model 4 personal desktop computer to any other computer in its class. For power, versatility and convenience, you'll find Model 4 is a true price breakthrough!

Software Flexibility. Model 4 can run all Model III TRSDOS and LDOS programs (in Model III mode). That means a large software library is already available, and Model III owners can upgrade to a Model 4 without making their present software obsolete. In addition, Model 4 is compatible with the CP/M Plus operating system

giving you literally thousands of application programs from which to choose.

Easy to Use. Simply add ready-to-run programs for word processing, spreadsheet analysis, data base management and much more and Model 4 is ready to go to work. The 2-disk model provides 368K of disk storage (184K each) and has a built-in RS-232C Serial Interface to access information networks by phone (requires modem and cable). Three programmable function keys let you take advantage of program-designated operations.

Advanced Features. The TRSDOS 6 operating system allows you to turn extra memory into a superfast disk drive. This "MemDisk" feature allows for keystroke-quick responses instead of time-consuming disk access. A software print spooler lets you print one job while working on another. You can custom-tailor print-outs with the forms command. A Job Control Language makes it possible to set up a whole series of operations that Model 4 can perform unattended. A host/terminal package makes computer communications easy. There are more features for serious programmers, too, such as routing, linking and filtering.

Complete Documentation. Model 4 comes with Microsoft Disk BASIC that includes 40-character variable names, CHAIN, COMMAND and much more. Also comes with TRSDOS 6 operating system, an owner's manual, reference card, programming manual, and an introduction to start you computing immediately. U.L. listed.

64K 2-Disk. 26-1069 1299.00

64K 1-Disk. As above, but without RS-232C. 26-1068 1099.00

Who is the Model 4 for?

The Model 4 is the perfect computer for busy managers, professionals, educators, and home computer users. Because a huge ready-to-run software library is currently available, Model 4 can be used for forecasting, word processing, data base management, computer assisted instruction, program development and for thousands of other applications. The TRS-80 Model 4 expands easily to meet your growing computing needs, too.

SPECIFICATIONS. Microprocessor: 4MHz Z-80A (2 MHz in Model III mode). **Memory:** 14K ROM, 64K RAM expandable to 128K (provides for disk drive emulation in RAM). **Keyboard:** 70-key typewriter-style with datapad, plus control, caps and 3 programmable function keys (F1, F2, F3). **Video Display:** 80 × 24 (Model 4 mode), 64 × 16 (Model III mode), or double-width 40 or 32 characters per line. Upper and lower case and reverse video (Model 4 mode). 96 text, 64 graphics and 96 "special" characters. **Language:** Microsoft 5.0 BASIC. **Sound:** Obtainable from BASIC. Toggled "keyclick". **Disk Drives:** One or two built-in double-density 184K 5 1/4" drives. **External Connections:** Cassette operation at 500/1500 baud Parallel printer port. RS-232C serial port (2-Disk version only). Buffered input/output bus. **Dimensions:** 12 1/2 × 18 7/8 × 21 1/2". **Power:** 120VAC, 60Hz.

THE PERFECT BUSINESS STARTER KIT

Target PlannerCalc

4 (E) Now you don't have to learn to program to use a spreadsheet! PlannerCalc's easy-to-use design eliminates the need for an extensive user's manual. Create your own financial models by entering and processing data by column, row or individual location. The program offers you a wide variety of mathematical operations, including conditional commands. And best of all, PlannerCalc is a spreadsheet program that uses plain English formulas instead of the more complex algebraic formulas. For example, an obscure equation like "A = 500" can be written as "LINE 1 WIDGETS = 500." And a "Help" screen that details an operation is available by simply pressing the question mark key. You can vary the width of columns from 2 to 30 characters and split the display horizontally or vertically for easy data comparison.

26-1512 99.95

pfs:file

4 (E) Create and organize your records according to your own specifications! With pfs:file, you get an easy-to-use personal filing program that works like a paper filing system, but without the paper! You decide how your records are to appear by simply organizing information on "forms" that you design right on your display screen. Form layouts can have as much or as little structure as you wish. The advantage? Store, retrieve and review information in a fraction of the time it would take with a conventional filing system. Once you've created the basic form, all you do is fill in the blanks. Enter data in any order that you like. Retrieval is not limited by the order in which the information is stored. And you can change the original form design without having to re-enter the data. pfs:file can be used in various applications: business, professional, home and education.

26-1518 124.95

pfs:report. 4 (E) Produces reports from files created with pfs:file. See page 25 for complete description.

26-1517 99.95

Three Popular Programs that Take Advantage of Model 4's Superior Features—Large Internal Memory, 80 x 24 Display Screen and Improved Clock Speed

Disk SCRIPSIT®

4 (E) A low-cost, easy-to-use word processing program for Model 4. Lets you prepare memos, letters, reports and manuscripts right on the screen—displays a full screen of text in an 80-character by 24-line format. Multiple edit features let you delete, insert and move blocks of text. Then print as many correction-free copies as you wish with an optional printer. Includes all the standard features that have made SCRIPSIT an outstanding word processing program for years. There's a "global search" mode to find phrases or sentences that you want to alter or delete. Also features reformatting, hyphenation, centering, headers, footers, justification, margin and tab settings, automatic page numbering and more. With comprehensive learning manual and quick reference card.

26-1596 99.95

New! 15-Megabyte Hard Disk Cable Kits for Model 4 and III

Add 15 million characters of storage for data and programs to your Model 4 or III. Ideal for inventory control, accounting and data base management. Compatible with most Model 4/III software—most programs transfer directly to hard disk. Each kit includes cable, software and manuals for use with our 15-Megabyte Hard Disk System

(26-4155, page 13). Requires 48K 1-Disk Model III or 64K 1-Disk Model 4.

Model III Kit. Includes Model III LDOS operating system. 26-1133 99.95

Model 4 Kit. Includes Model 4 TRSDOS 6.2 operating system and manual. 26-1134 79.95

Add High-Resolution Graphics to Your Model 4 or III

- Turns Your Video Display Into a Graphics Blackboard
- For Business, Engineering or Entertainment
- Easy-to-Use Graphics BASIC and Assembly Language Subroutines Included
- Provides 153,000 Picture Elements (640 x 240) for Amazing Detail

Model 4 High-Resolution Graphics. Turn your display into an electronic "sketch pad" to create sophisticated business graphs, tables, charts, maps, illustrations, geometric patterns—and even animation! All you need to learn are eleven new BASIC commands. Includes 32K RAM memory board, manual and diskette. Installation required, not included. Requires 64K 1-Disk TRS-80 Model 4. 26-1126 249.95

Model III High-Resolution Graphics. Requires 48K 1-Disk Model III. 26-1125 369.95

Business Graphics Analysis Program

17495

Now Supports Hi-Res Graphics Board!

III (D) For corporate planners, analysts and managers. Select pie, bar, line or scatter charts, supply the data and the program quickly displays your graph on the screen. Allows editing of titles and labels before printing. Enter data from keyboard or disk files using VisiCalc.

Powerful Data Base Management Systems for Your TRS-80

Profile® 4 Plus Filing System

NEW
FOR '85

249⁹⁵

AS LOW AS
\$26 PER
MONTH

4 (E) Create your own personalized electronic filing system! Profile 4 Plus offers you many possibilities for manipulating data you enter. You can store almost any type of information, then retrieve it at the touch of a key. Managers can keep track of price lists, business inventories, vendor and customer records, personal projects and more! And this enhanced version of Profile for the Model 4 has many new features that make it easy to develop your own specialized system. A full-screen Define Files program makes it easy to create and change fields, even after the file is expanded. Sort and select records by any field in any segment of the file. And sorting is extended over all available disk space—not just RAM. Features indexing for faster sorting and selection. Sort by up to five fields—in ascending or descending order—to a maximum of 85 characters. And you can select records using up to 16 different search criteria. Mass operations are accessed via indexes, as well as the regular scan operation. Indexes for report and label printing, and SuperSCRIPSIT and VisiCalc selections. A built-in math package can perform arithmetic operations—such as calculating taxes, extensions and totals—among several fields and then update another field automatically. Stores up to 700 records of 255 characters in length on a 2-disk data base, 2900 with 4 disks. Create up to 36 different reports and 36 different sets of mailing labels for each file. Design reports and labels up to 200 characters across and 99 print lines down. Up to ten different screen formats for each file. Up to 36 SuperSCRIPSIT and VisiCalc spin-off file formats per file for reports and form letters. Comes with easy-to-understand tutorial manual. 26-1635 (Avail. 10/15/84) 249.95

Spreadsheet Analysis Programs

Enhanced VisiCalc

New Low Price! 4 (E) This versatile management and engineering planning tool takes advantage of Model 4's 128K memory capacity and 80×24 display screen to handle large problems. You simply define the formulas, enter the figures and VisiCalc performs all calculations automatically. Change any value or formula, and VisiCalc instantly updates every related number! You can view countless "what if . . . ?" situations in seconds. Enhancements include an entry editor to modify formulas and labels without re-entering them, and logical and relational operators to perform testing and branching. Optional printer allows printing of any portion of your worksheet. Was \$199.00 in Catalog RSC-11. 26-1520 99.95

New Low Price! Enhanced VisiCalc. III (C) All the features of the Model 4 version (above) except screen display is 64×16 and memory capacity is 48K. Was \$199.00 in Catalog RSC-11. 26-1569 99.95

Multiplan

4 (E) An incredibly easy-to-use decision support tool. Multiplan lets you consolidate related worksheets so that information is transferred between them automatically. All prompts are full length words or phrases. Plain English names can be assigned to any column, cell or area. If you have any questions, an On-Line Reference Guide knows where you are in Multiplan and offers information related to your problem. With Multiplan, up to eight display windows can be created on the screen simultaneously. Sorting can be performed in alphabetical or numeric order. Vary individual column widths, center numbers and text within a column and align decimals. Format your own reports, too. Multiplan can also directly utilize your current VisiCalc files. Includes tutorial manual. 26-1530 199.00

Target PlannerCalc

4 (E) An easy-to-use electronic spreadsheet for the TRS-80 Model 4. See page 24 for complete program description. 26-1512 99.95

Profile Plus

Profile III Plus. III (D) Stores up to 700 records of 255 characters in length on a 2-disk data base, 2100 with 4 disks. Create 99 fields per record. 26-1592 199.00

Hard Disk Profile III Plus. III (C) Designed for hard disk users. Increases the number of records in your system and offers extra sorting features. 26-1593 299.00

pfs:file

pfs:file. 4 (E) See page 24 for complete program description. 26-1518 124.95

pfs:file. III (D) Contains all the features of the Model 4 version, but adapted for the Model III (64×16 display). 26-1515 124.95

pfs:report. 4 (E) Produces presentation-quality tabular reports from files created with pfs:file. Sort from any data category and calculate averages, totals and more. Prints in alphabetical or numeric order. Automatic centering and justification. 26-1517 99.95

pfs:report. III (D) Same as above, but adapted for the Model III. 26-1516 99.95

Formation Forms Management System

4 (E) Now you can quickly and easily complete such forms as insurance claims and loan applications. It's the perfect solution for businesses that are continuously filling out preprinted forms. To start, you first "create" the form on the display by typing in the questions and setting the print positions of the answers. Then each time you use this form, you'll merely type in the answers on the display screen. Your answers are then printed on the preprinted form in perfect position! 26-1527 199.95

SCRIPSIT® Word Processing

SCRIPSIT. 4 (E) See page 24. 26-1596 99.95

SCRIPSIT. I/III (A) 26-1563 99.95

SCRIPSIT Spelling Dictionary

NEW! 4 (E) Automatically checks text prepared with SuperSCRIPSIT for misspellings. Contains 73,000 words. Add your own user list, too. 26-1600 99.95

New Low Price! SCRIPSIT Spelling Dictionary I/III* (D) For text material prepared with SCRIPSIT, SuperSCRIPSIT or ASCII files. Was \$149.00 in Cat. RSC-11. 26-1591 99.95

SuperSCRIPSIT®

4 (E) Includes all the word processing features of Model 4 SCRIPSIT (page 24) and more. SuperSCRIPSIT supports proportional-spaced printing, multiple line spacing, underline, boldface, super and subscripts, multiple columns, full 80×24 display format and reverse video to aid in editing. 26-1595 199.00

SuperSCRIPSIT. I/III (C) Includes all of the features of Model 4 SuperSCRIPSIT, but in a 64×16 display format and no reverse video. 26-1590 199.00

Save Time with Our "Manager Series"

Time Manager. III (D) A personal calendar/reminder and electronic notebook. Helps you organize your time and business information, and creates permanent records. 26-1582 99.95

Project Manager. III (D) Graphically displays a project in different ways to allow evaluation and scheduling. View project by time, sequence, personnel, materials or resources. 26-1580 99.95

Personnel Manager. III (D) Organizes employee information, including schedules and salaries, plus business contacts and clients. Files can be searched by person, company, product or service. Prepares telephone and mailing lists. 26-1581 99.95

MODEL 4/III/I BUSINESS SOFTWARE

Interactive Programs
to Streamline Accounting

199⁹⁵
Each

- Get Increased Speed, Efficiency and Accuracy with Computerized Bookkeeping
- Interactive Programs Give You Greater Control

Team Up These Programs for Super Efficiency

General Ledger. III/4 (D) Makes small business accounting procedures faster and easier. Maintains accurate records of all bookkeeping transactions and provides a balanced ledger. Use General Ledger alone or interface with the Accounts Receivable, Accounts Payable and Payroll programs for a complete, interactive accounting system. Handles up to 100 accounts and 1150 monthly transactions. Generates easy-to-read financial reports, including Trial Balance (with or without a worksheet), Income Statement, Balance Sheet, General Ledger, Account List with all accounts (or a specified range of accounts) and their current-period and year-to-date balances, Posted Transactions Report and Unposted Transactions Report for the current period. Computes up to five levels of totals and two levels of headings for financial statements. Provides each account's end-of-period balance for the previous fiscal year's 12 periods, as well as each account's end-of-period balance for all complete periods of the current fiscal year. Lets you compare current year figures with previous year figures on the same balance sheet or income statement. 26-1540 199.95

Accounts Receivable. III/4 (D) A balance forward system which provides rapid and accurate monitoring of sales and incoming funds. Interfaces with General Ledger above—all transactions are summarized and the totals are automatically posted to General Ledger. Offers seven standard General Ledger accounts, plus 10 user-definable accounts. Handles up to 2000 transactions per month with up to 150 customers on file. Reports include Unposted Transactions, Posted Transactions, Customer List, General Ledger Account List and Aging Report on selected customer accounts. Offers optional use of minimum payment amount on statements, and optional late charge processing (compounding option also available). You can print mailing labels, statements, an Aged Trial Balance for audit purposes and a General Ledger report. 26-1541 199.95

NEW! Invoice Writer. III/4 (D) Provides a rapid and accurate method of creating invoices using the up-to-date information contained in the Accounts Receivable system. Automatically computes taxes and discount rates that are defined by you. Requires Accounts Receivable (above). 26-1544 49.95

Accounts Payable. III/4 (D) Automatically posts transactions and payments to General Ledger program. Handles up to 1100 transactions, 75 vendors, five General Ledger expense distributions per invoice and 14 invoices per check. Includes four General Ledger accounts, plus 10 user-definable accounts. Calculates due dates, discount dates and discount amounts by vendor payment terms.

More Quality Disk Programs for Business People and Managers

NEW! Apartment Management System. An efficient and easy-to-use system designed to provide property owners and managers with rapid and accurate monitoring of apartment complexes. Maintains a history of prior payments for each apartment. Divides monthly rental charges into user-defined categories. Produces many financial and problem reports on request. Provides a printout of all transactions that can be used as an accounting audit trail. Provides month-end income totals. Maintains a history of repair orders and other notes regarding maintenance on apartments. Stores up to 450 apartment units on each diskette. Prints mailing labels. Requires Model 4 with three floppy drives or Hard Disk. 26-1538 (Available 10/15/84) 299.95

Business Checkwriter™. III (D) Ideal for small business! You get a check writer, a detailed check stub for paying multiple invoices, and a bank reconciliation system. Handles multiple accounts individually,

Only **\$175** Per Month On Our Commercial Lease
(Plus Applicable Use/Sales Tax)

This top-of-the-line Model 4 business system is only \$5007.95 and includes the powerful 64K TRS-80 Model 4 with one built-in disk drive (26-1068), 15-Megabyte TRS-80 Hard Disk Unit (26-4155; with installation kit, 26-1134) and high-performance DMP-500 printer (26-1252; with cable, 26-1401). It's the perfect system for accounting, as well as many other business applications.

Prints Unposted Transactions List, Transaction Posting Report, Vendor List, Open Items List, Cash Requirements Report, Vendor Mailing Labels, G/L Account List, G/L Distribution Report, Check Review Report (for verification before check printing), Checks, Check Register and Payment Posting Report. 26-1542 199.95

Payroll. III/4 (D) Tracks earnings, deductions and taxes for each employee, as well as employer contributions such as FICA, FUI, SUI and more. Interfaces with the General Ledger program. You can customize your system in accordance with local, state and federal tax laws. Processes up to 80 employees, each with up to nine earnings and nine deductions categories. Handles payroll tasks for up to three states simultaneously. Earning/Deduction types allow changing amounts for employees, taxed or exempt. Also defines categories for FLSA and EEOC reporting, keep historical records by period, quarter and year, and more. 26-1543 199.95

NEW! W-2 Writer. III/4 (D) For use with the Payroll system above. Using the information already collected on the Payroll data diskette, W-2 Writer saves you time by printing W-2 forms customized to fit your needs. 26-1539 49.95

NEW! Inventory Control. 4 (F) Designed to make inventory control easier and more accurate. Produces a reorder report showing items below designated reorder level, plus an on-hand listing of items. Prints ten major reports, plus nine custom reports designed by you. Prints purchase orders and labels. Allows physical inventory count to be taken by cycle and lets you automatically reorder stock. Provides customized reports using the SORT utility. Processes up to 100 vendors, 50 purchase orders, 1200 inventory items and 350 purchase order line items. 26-1545 199.95

(Note: Three disk drives required to interface programs. All programs require a printer capable of printing 132 columns or an 80-column printer capable of printing 132 columns in condensed format.)

100 payees, 100 expense categories and 375 total checks and deposits per period. Records handwritten checks and multiple daily deposits. Maintains current bank total. Check stub details discounts and expenses. Prints checks, detailed stubs, check register, expense and payee-to-date summaries, payee lists and expense list. Requires printer. 26-1585 149.95

Real Estate Finance. III (D) Ideal for the agent, investor, broker, lender or appraiser. Features Complete Mortgage, Equity, Present Worth and Building Developmental Analyses, as well as Rate of Return, Income and Expense Projections and more. 26-1579 99.95

Manufacturing Inventory Control. I/III (B) Handles up to 1900 raw materials, up to 20 finished goods per diskette. Prints bill of materials, material requirements, pull sheets, finished goods list, inventory worksheets, "where used" reports and more. 26-1559 ... 199.95

GET THE MOST FROM YOUR MODEL 4

Amazing DoubleDuty Utility Makes Your Model 4 Work Like Two Computers!

NEW FOR '85

69⁹⁵

- Lets You Load Two Different Programs at Once
- Move Back and Forth Between Programs Without Reloading
- All Information You Enter Remains Intact for Both Programs—Even While You Move Between Them
- Retains All TRSDOS and BASIC Commands While in Use

DoubleDuty. Divides your computer's 128K memory into three complete and independent partitions. Partition 1 and 2 each operate like a 64K Model 4. You can load and execute any Model 4 program designed to run on a 64K system into each partition. You can also run BASIC or TRSDOS commands in either partition. In addition, you can use Partition 3 to execute TRSDOS library commands. It's like having two separate Model 4's! Since most Model 4 programs require no more than 64K, DoubleDuty takes advantage of your system's increased memory capacity. And because DoubleDuty takes up almost no memory itself, it is able to more than double the system's operating potential. For example, you could load the SCRIPSIT® word processing program in Partition 1, and an electronic filing program in Partition 2. While typing a document in

Get 64K Memory for One Program, 64K for Another Program, and 16K for TRSDOS Commands

SCRIPSIT, you discover that you need data stored in the file program—you simply move to the file program, find the information, and return to SCRIPSIT. You may reference the TRSDOS directory for information—all without disturbing your document. Designed to use your full memory capacity for convenience and speed. Requires 128K Model 4 or a Model III modified with Model 4 Upgrade Kit (26-1123) and the Model 4 64K RAM Kit (26-1122). DoubleDuty may not be compatible with all Model 4 programs. Communications may not be used with DoubleDuty. 26-2231 (Avail. 10/15/84) . . . 69.95

Advanced Programming Languages for Model 4/III/I

Assembly Language Development System. III/4 (D) Powerful package that's a necessity for the assembly language programmer. With full screen Editor, Assembler with sorted cross-reference listing, Linker for creating an absolute file, automatic File Transfer, and Debug modules. Offers numerous important and helpful features and includes TRSDOS 6 and Model III TRSDOS 1.3 support.

26-2012 149.00

Editor/Assembler, Series I. I/III (A) Allows advanced programmers to program in Z-80 assembly language. Includes editor/assembler, sample programs and extensive 255-page manual—including detailed descriptions of the Z-80 mnemonics. 26-2013 34.95

BASCOM-4. 4 (F) Feature-packed for fast compilation of Model 4 BASIC programs. BASIC compiler lets you execute faster than the same interpreted programs, and require less memory. Includes compiler, linker routine library and run-time package. Source-code security is provided. 26-2218 195.00

BASCOM. III (D) 26-2210 195.00

FORTRAN-4. 4 (F) Write programs in FORTRAN using EDIT-80, a powerful editor with commands for interline and intraline editing. Compiler reads your FORTRAN source program from diskette, translates it into relocatable object code and saves it on diskette. Linker lets you input the relocatable object program, execute it and save it on diskette as a TRSDOS command file. Assembler lets you create relocation assembly language subroutines that you can link to your FORTRAN programs. Includes 250-page manual.

26-2219 99.95

FORTRAN. III (D) 26-2200 99.95

FORTRAN. I (D) 26-2201 99.95

COBOL-4. 4 (F) Based on the ANSI '74 standard, COBOL is an English-oriented programming language designed primarily for developing business applications on computers. Features single-step compiler multi-key ISAM, COBOL editor and DEBUG. A listing of the program is generated showing the original source statements, error information, data allocation, interactive DEBUG information and optional cross-reference of all program labels and data items. Includes 297-page manual. 26-2190 199.00

COBOL. I/III (D) 26-2203 199.00

FBLIB BASIC Routines Diskette. I/III (B) Supercharge your programs with these 121 subroutines, functions and utilities described in BASIC Faster and Better & Other Mysteries (62-1002, not included). Modify routines or use "as is". 26-2021 19.95

NEW! TRS-80 Model 4 C Programming System. 4 (F) A complete implementation of C language for program development. The library

routines are Unix-compatible, making it easy to transport programs from other computers to the Model 4—or vice versa. Includes a powerful, programmable full-screen text editor. You can map editor commands to the Model 4 keyboard as desired and define your own editor commands. The TRS-80 C compiler generates a very efficient and compact object code. TRS-80 C programs will execute 10 to 50 times faster than BASIC programs. The compact size of the object code lets you develop large programs without overlays or chaining. Also compatible with TRS-80 Pascal (Cat. No. 26-2212, below). You can call functions or procedures written in Pascal from a TRS-80 C program or vice versa.

26-2230 249.95

Alcor Pascal. Alcor Pascal is a full Pascal implementation. For speed and efficiency, the compiler generates a p-code (pseudo-code) that can be interpreted, or further translated into machine instructions for execution directly by the hardware. For added space, an optional p-code optimizer reduces a program by 10-30%. For added speed, an optional native code generator converts the p-code to machine language. Resulting code executes between three and five times faster than the p-code. Object code is portable, so you can compile programs on one system and execute them on another. Includes compiler, interpreter, linking loader for building libraries of commonly-used routines, full-screen text editor, large library of routines, extensive string routine library, and a documentation package which includes a Pascal tutorial with 500-line data base program.

Alcor Pascal for Model 4. 4 (E) 26-2212 249.95

Alcor Pascal for Model I/III. I (D) III (C) 26-2211 249.95

Compiler BASIC. I/III (D) Single-key ISAM, DEBUG and cross-reference. (Intended for program development and not for conversion of existing software. Not compatible with Level II or Model III BASIC programs.)

26-2204 149.00

Runtime Diskettes. I/III/4 (C) For those who sell software developed on our compilers.

Runtime Diskette	Model 4	Model I	Model III	Each
COBOL	26-2191	26-2206	26-2207	30.00
Compiler BASIC		26-2208	26-2209	20.00

MODEL 4/III/I PERSONAL SOFTWARE

The Home Accountant

NEW '85
FOR

99⁹⁵

The Popular Budget Program Now for the Model III

III (D) A comprehensive personal finance system for you and your family. Lets

you define up to 99 budget categories, monitor transactions, keep track of up to five checkbooks and even print checks. Produces eight financial reports and bar graphs for any budget category with optional printer. Shows a historical trend analysis for any budget category. 26-1511 99.95

New! Investment Portfolio Manager

III (D) Designed for investment counselors and individuals who trade in the securities market. The system monitors and reports on the information needed to manage stable, profitable securities portfolios. Handles up to 250 securities, 20 portfolios and 1700 transactions—and stores organized, descriptive screens of information for each. Allows rapid review and correction of information, automatically computes totals and keeps records of income earned. Prints seven customized reports with optional printer. Features telecommunications with Dow Jones News/Retrieval (see page 32 for full description of service). RS-232C interface and modem required for communications. 26-1514 199.95

New! TRSDOS 6 Training Course

4 (E) A comprehensive course in using TRSDOS 6 on your Model 4 26-2019 74.95

New! Assembly Language Tutor

I/III (A) A self-paced teaching program introducing assembly language programming. Learn to execute Z-80 machine-language instructions that are much faster than BASIC. Includes a complete text, plus hands-on software training. 26-2018 69.95

Trendex Stock Market Analysis

I/III (A) Provides stock market trend indications for short, intermediate and long-term periods. Maintains intermediate trends for portfolio of your choice. Analyzes data with formulas used by professional investors. Not for counsel to buy or sell securities. 26-1510 59.95

New! Money Decisions Series

Each program puts the most frequently used business and financial problem-solvers at your fingertips! Takes your information from prompts and performs sophisticated calculations. Lets you create a set of problem-solving assumptions and then calculates "before and after" effects of multiple alternatives. Each can be used alone or in conjunction with the other Money Decisions programs. Produce formatted reports with optional printer. Each comes with extensive tutorial manual.

Money Decisions I. 26-1620 49.95
Money Decisions II. 26-1621 49.95
Money Decisions III. 26-1622 49.95
Money Decisions IV. 26-1623 49.95
Money Decisions V. 26-1624 49.95

Powerful Operating Systems and Helpful Utilities

New! TRSDOS 6.2

4 (E) Operates 20% faster than TRSDOS 6.1. Features a HELP utility for all commands. Features user-definable system calls and many technical enhancements. Includes replacement pages for the Technical Reference Manual (26-2110). 26-316 39.95

New! TRSDOS 6.2 Utilities

4 (E) Includes Quick Format and Backup that lets you make a backup in less than one minute; The BASIC Answer which allows use of labels instead of line numbers in BASIC while programming; Mod 324 which simplifies conversion of Model III BASIC programs to Model 4 BASIC; UNKILL to recover killed programs; BSORT for sorting from BASIC with tag variables; and COMP which compares two disks or files for a match. Requires TRSDOS 6.2 (above). 26-315 39.95

LDOS 5.1 Operating System

III (D) LDOS is an advanced operating system developed for the TRS-80 Model III (or Model 4 in the Model III mode) by Logical Systems. It offers the TRS-80 user many features and enhancements that are not included in TRSDOS. First of all, it adds data transportability—you can read LDOS diskettes on a TRS-80 Model I or on a Model III or 4. Other important features include a Job Control Language to control an unattended computer, a terminal utility, keyboard type-ahead, printer spooling to memory and/or disk, a printer output formatting program, and device independence—linking, routing and filtering. Supports 5 1/4" and 8" floppy disk drives in single or double-density and in single or double-sided configurations (requires appropriate hardware). Included in the LDOS package is an extensive operating manual with examples of functions, a glossary and handy cross-reference index. Most Radio Shack software is supported under LDOS (documented with purchase). 26-2214 129.00

CP/M Plus

4 (F) A valuable addition to Model 4, CP/M Plus is designed for the business user. It supports thousands of existing CP/M programs, including popular word processing, spreadsheet analysis and data base management programs. CP/M Plus is easy to learn and even offers a HELP facility. It's upward compatible with CP/M 2.2, but has many new features—including a high-performance file system. In addition, CP/M Plus automatically logs in a disk when it detects a media change. For easy file selection, time and date stamping options allow the user to record in the disk directory two entries for time and date stamps for each file. No additional hardware required. 26-2216 149.95

CBASIC

4 (F) A super-efficient business language that complements application development under CP/M Plus. CBASIC works as a compiler/interpreter that uses random access memory more efficiently. That means more memory for the application program. Source code is compiled by CBASIC into an intermediate file composed of pseudo-code (p-code) instructions. During program execution, the CBASIC run-time monitor interprets each P-CODE instruction and performs the operation. CBASIC provides two types of files for maximum flexibility: fixed record length files and stream input/output files. CBASIC also includes native code compilation, relocatable code, convenient linkage to assembly programs, string lengths to 32,000 bytes, debugging capabilities, cross reference lister, support for multi-user operating systems and more. 26-2217 99.95

PowerTool

I/III (C) A flexible, powerful utility package. PowerTool contains utility routines that allow you to directly examine and modify diskettes written in any version of TRSDOS and LDOS, restore many unreadable diskettes to a readable condition, and format or backup all or part of a diskette. Contains its own operating system. 26-2022 49.95

MORE DISK SOFTWARE FOR BUSINESS

TK!Solver Electronic Worksheet

NEW FOR '85

299⁹⁵

AS LOW AS
\$27 PER
MONTH

- Quickly Solves Problems with Complex Equations
- Use by Itself or with Optional Solverpacks

TK!Solver. Makes it easy to solve mathematical problems. You simply enter one or more equations and then the program solves them. All the tools needed for problem-solving are built into the program, including mathematical functions, facilities for converting units of measurement and the ability to produce graphs and tables (with optional printer). TK!Solver can solve a broad range of problems using models and equations with variables of known and unknown values. Given a model and known values of variables, the TK!Solver program solves for as many unknown values as is possible. The program's problem-solving ability is powerful and versatile enough to apply to many fields, from financial planning to architectural design to chemical analysis. You can also use it in conjunction with the SolverPacks below for special applications. Requires 128K Model 4. 26-1630 299.95

Finance Solverpack. For use with TK!Solver for problems in financial analysis. The topics include compound interest, net present value, level debt service, cost of equity capital, analysis of financial statements, stock option pricing, bond swaps, convertible debt and bond refunding decisions. Requires TK!Solver (above). 26-1631 99.95

Science Solverpack. Covers a wide range of topics in introductory science at a level comparable to American secondary schools. Covers topics in chemistry, biology, physics, thermodynamics and population studies. Requires TK!Solver (above). 26-1632 99.95

Mechanical Engineering SolverPack. The topics include analysis of elastic beam bending, springs, area moment of inertia, Mohr's circle, rotational systems, heat transfer, fluid flow and hydraulics. Requires TK!Solver (above). 26-1633 99.95

Access a World of Agricultural Information

399⁰⁰

AS LOW AS
\$29 PER
MONTH

- Now Comes with 12 Months Basic Service and 1 Hour Connect-Time—at No Charge!
- 24-Hour Worldwide Marketing News
- Local and State Weather and Alerts

AgriData. III (C) Access the latest agricultural marketing, finance, news, weather, general business and production information from the AgriData Network (formerly the AgriStar service). All you need is a Model 4 or Model III and a telephone interface. Includes a user's manual with quarterly updates, a reference flip chart, a subscription to Farm Futures magazine, a newsletter and a toll-free 24-hour support service from AgriData Resources. 26-2227 399.00

AgDisk Agricultural Software

Farm Accounting Package. III (D) Make record-keeping easier and faster! You can have double-entry accuracy with the ease of a single-entry function, using either cash or accrual basis. Six preselected account lists cover most farm or ranch operations to help save you time. In addition, you control the length of an accounting period, all report headings, the sequence in which reports are printed and much more. 26-1546 499.00

Financial Management. III (C) Includes five programs, each dealing with a different area of money management. The Land Purchase Analysis program lets you make an in-depth cash flow study before any purchase is made. Other programs include Depreciation Scheduling, Farm Profit Analysis, Loan Cost Calculator and Interest Income Calculator. 26-1547 99.95

Machinery Management. III (C) Track vital information about your farm machinery. You can calculate the total fixed and variable costs of virtually any piece of machinery. Determine total operating costs per year, per acre and per hour, plus a breakdown of costs for depreciation, interest, taxes, insurance, housing, labor and repair. 26-1548 99.95

Corn/Soybean Management. III (C) Contains five programs—Grain Storage Decisions, Harvest Loss Calculations, Crop Yield Calculations, Field Population Calculator and Planter Calibration Calculator. Determine combine efficiency, estimate yields, figure planter settings and more. 26-1549 99.95

AgDisk software packages require an 80-column printer.

New! Construction Estimator

Provides builders, appraisers, real estate developers and insurance adjustors with time-saving and competitive building information. Includes three templates for use with VisiCalc (see page 25) on one diskette: Quantity Survey (cost) Method, Square Foot Method and Unit-in-Place Method. Estimates construction costs, property values and individual component costs. Compares material and lumber suppliers, material and cost differences, plus actual and estimated costs. Automatically calculates cost difference between suppliers, percent of monies expended, completion percentages, savings realized by item, individual item extensions, cost savings realized by item, individual item extensions, cost savings and/or cost overages. Features automatic recalculation of entries and customization of worksheet to your specific needs. Provides for tax calculations, sales commissions, loan points, bank draws, Home Owner Warranty, advance requested, plus many personalized categories. Gives you more cost-effective and efficient use of your bidding time. 26-2025 49.95

VisiCalc Business Forecasting Model

III (C) Now you can generate financial reports based on your VisiCalc spreadsheets. Produce easy-to-read income statements, balance sheets, cash flow, financial ratios, sales and cost of goods for multiple products, salary worksheets, asset and depreciation schedules. Requires VisiCalc (see page 25). 26-1521 99.95

Business Analysis with Desktop/Plan-80

III (C) Analyze probable results of business decisions. This sophisticated financial planning program guides you from model development to printing high-quality reports. Consolidates sub-models into one summary model, transfers several budgets to a summary budget, reads VisiCalc files to produce reports and more. Plots points for line charts and automatically formats printed reports (with optional printer). 26-1594 199.00

Time-Saving AgDisk VisiCalc Templates

AgDisk makes the popular VisiCalc "electronic worksheet" program (described on page 25) easy to use for agricultural applications. AgDisk templates automatically load your headings and formulas into VisiCalc. You just input the data requested—and when you change an entry, you instantly see the results.

Business Management. III (D) Templates for depreciation, land purchase, business analysis, credit line, installment loan, investment payback and net present value. 26-1610 69.95

Cow-Calf Herd Management. III (D) Includes templates for beef cow-calf, cattle weaning, yearling weight, bull test records, gestation calendar, metabolizable protein and urea fermentation potential, and ration formula. 26-1611 69.95

Crop Management. III (D) Includes templates for grain marketing, grain yield, corn yield, gross margin, hybrid selection, growing days, field calculations, lime recommendation, pivot application, fertilizer needs and cost. 26-1612 69.95

Feedlot Cattle Management. III (D) Templates for cattle feeder, higher grade, steer marketing, carcass evaluation, cattle net energy, metabolizable protein and urea fermentation potential, protein supplement and ration formulation. 26-1613 69.95

FUN AND GAMES FOR MODEL 4/III/I

Electronic Music Synthesizer

NEW '85
FOR

79⁹⁵

Compose Your Own Stereo Music on
Your Computer and Listen to It
on Your Home Stereo System

Orchestra-90 (1/2) Create highly sophisticated electronic music and sound effects. Both musicians and non-musicians can compose in six octave ranges in up to five voices. Transcribe sheet music, too. Includes cassette software and an interface that connects your home stereo to the Model III/4 computer. Plays programmed sounds only. 26-1922 79.95

2-in-1 Game Packs

Games Pack 2. (1/2) Includes two games! Recover the stolen fuel cells and return them to earth in Defense Command. Escort your supply cruisers through enemy zones in Stellar Escort. Optional sound effects. 26-1925 24.95

Disk Version. (3) 26-1926 24.95

Games Pack 3. (1/2) Includes two games! Destroy wave after wave of alien space ships in Cosmic Fighter. Avoid the space rocks and rescue the stranded astronauts on a distant planet in Meteor Mission 2. Optional sound effects. 26-1923 24.95

Disk Version. (3) 26-1924 24.95

More Games on Cassettes

Magic Carpet. (1/2) Interactive adventure game for youngsters. 26-1919 9.95

Space Warp. (1/2) Seek out and destroy the alien vessel. Ten levels of play. 26-1912 14.95

Starquest. (1/2) Explore a planet and fight off aliens! 26-1920 14.95

Bedlam. (1/2) Escape the asylum! Dodge guard dogs and insane patients. Different exit every time. 26-1917 14.95

Microchess. (1/2) Three skill levels—ideal for beginners or advanced players. 26-1901 19.95

Develop Your Own Computer Games

NEW! Graphics-90. (4) A complete graphics and animation program. Now you can easily create your own games in BASIC that are equal to many machine-language games! Create state-of-the-art pictures and animation sequences with your Model III or 4 and display the images in random or sequential order. Print graphics on any Radio Shack dot-matrix printer with bit-image capability. Two disk drives are recommended for best graphics. 26-2027 .. 39.95

Model 4/III/I Business and Personal Cassette Software

NEW! Spectaculator. (1/2) An electronic spreadsheet for forecasting and problem solving. Enter labels and numbers in row/column format. Change a value or formula and all affected figures are updated automatically. 26-1513 49.95

NEW! DOTPLOT-80. (1/2) Create beautiful graphics with easy-to-use BASIC commands. Requires graphics-mode printer. 26-2023 19.95

SCRIPSIT® Word Processing. (1/2) Compose and edit text on the video display, then use an optional printer to produce correction-free letters and reports. Features centering, headers, footers, global search and more. Save text on cassettes for later revision. 26-1505 39.95

Budget Management. (1/2) Records up to 60 budgeted accounts with 25 cash expenses, 20 savings transactions and 50 checks/month. Prints reports with optional printer. 26-1603 19.95

Mailing List. (1/2) Keep an updated file of names and print labels (with optional printer). 80 names per data file with 16K, 250 names with 32K. 26-1503 19.95

Statistical Analysis. (1/2/3) Analyze data and forecast trends. Includes random sample, histogram, frequency distribution, regression and much more. 26-1705 39.95

Zork I Adventure Game

One of the Most
Popular Adventure
Games Ever Offered

39⁹⁵

Zork I. (3) You must stay alive and find the hidden treasures of this challenging, complex adventure game. 26-1951 39.95

Exciting Cassette and Disk Games

NEW! Computer Diplomacy. (4) A realistic game of strategy and international politics. You command one of the seven great powers of Europe prior to World War I. You seek to control the continent through careful planning and by negotiating alliances with other players. For up to seven players. 26-1957 19.95

NEW! Zaxxon. (1/2) Bring the popular arcade challenge home to your Model 4. Advance from "Rookie Pilot" to "Combat Ace Pilot" as you enter the floating fortress, destroy enemy defenses, and finally defeat the mighty robot, Zaxxon. Add an optional amplifier for great sound effects. 26-1960 29.95

NEW! Zaxxon Disk Version. (4) 26-1956 29.95

NEW! Frogger. (1/2) A licensed version of the original arcade game. Get your frogs safely across the road. Then guide them to their lily pads on the other side of the river. Optional computer-generated music requires mini amplifier. 26-1958 19.95

NEW! Frogger Disk Version. (4) 26-1959 19.95

NEW! In the Hall of the Mountain King. (3) Destroy the Troll King and his underground kingdom and rescue the kidnapped princess. You'll have to battle trolls, enter the dreaded Norwegian Circle Maze and recover the stolen treasure. 26-1921 14.95

NEW! Sword of Roshon. (2) A special interactive story—and you can be the hero! Make decisions that help determine the outcome—it's different everytime! But be careful of making the wrong choice. 26-1918 9.95

NEW! 13 Ghosts. (4) Armed only with your "Ghost Blaster", you're out to de-spook a Ghost Town. You'll encounter a skeleton that's immune to your blast and a "laughing ghost" with an annoying knack for waking up dangerous ghouls. You'll be lucky to get out alive! 26-1927 19.95

Monty Plays Scrabble. (3) Challenging word fun! Features 54,000-word vocabulary, different skill levels and automatic score keeping. Add a mini-amplifier for sound effects. Requires board game. 26-1954 34.95

Series I Editor/Assembler. (1/2) Includes manual with Z-80 instruction set. Editor features automatic line numbering, single-letter commands, optional parameters, global search. Assembler features single-letter commands. 26-2011 29.95

Assembly Language Lab. (1/2) A self-contained course in Z-80 machine-language programming. Features 27 lessons with examples and exercises. 26-2017 39.95

DEBUG. (1/2) Displays memory in 128 or 256-byte full-screen mode. Displays Z-80 registers. Also allows modifications to RAM and registers. Includes single-step execution of programs and breakpoint interruption of execution. 26-2000 19.95

Tiny Pascal. (2) Great introduction to this structured programming language (fixed-point, non-array version). Includes sample programs to get you started. Model III PASCAL is complete with monitor, compiler and editor. 26-2020 19.95

VIDEOTEX SOFTWARE AND MODEMS

Access Information by Phone with TRS-80 Videotex Software

CompuServe Information Service

Get "on line" with this exciting information service—and the first hour is free! CompuServe offers local, national and international news (read headlines before they've gone to press!), weather and sports from major newspapers like *The New York Times* and *The Washington Post*, plus the full newswire service of the Associated Press. Get historical information and updates on over 32,000 stocks, bonds and securities. There's also a home and educational reference service, computer games, Radio Shack's own Bulletin for TRS-80 users, and much more. Send and receive "electronic mail", get 16K of RAM workspace and 128K of disk storage for your own use and much more! All this available at CompuServe's low hourly rate (additional charges for some services).

Dow Jones News/Retrieval

A "direct line" to Wall Street—and the first hour is free! Dow Jones News/Retrieval gives you current market quotes (subject only to the mandatory 15-minute delay) on all stocks, bonds and options traded on the major exchanges—plus selected U.S. Treasury issues. Detailed financial statistics compiled by Media General Financial Services are available for all NYSE and AMEX traded companies. There's also "electronic editions" of *The Wall Street Journal*, *Barron's* and the Dow Jones "Broadtape"—as recent as 90 seconds and as far back as 90 days.

Low-Cost Videotex Packages

TRS-80 Videotex software packages allow access to national information networks and data bases using your computer and an optional-extra telephone interface. Simply dial a phone number (usually local), press a few keys and the desired information appears on your screen.

Everything You Need

Each easy-to-use package includes a TRS-80 Videotex software manual, CompuServe manual, ID number and password, and a Dow Jones manual and password. You also get one FREE hour on both the CompuServe and Dow Jones networks! After that, you'll be billed at their low hourly rates.

TRS-80 Color Computer Package.

26-2222 29.95

Universal Sign-Up Kit. No software included. Intended for use with your software or terminal. 26-2224 19.95

Videotex Plus

A powerful and sophisticated communications package for your TRS-80 disk system. Videotex Plus lets you communicate with any computer information service (with the same communications protocol as Videotex), such as CompuServe and Dow Jones News/Retrieval. It's simple to use, yet loaded with features to help you minimize connection time. There's even an option that lets you use the auto-dial feature found on many telephone modems, including our Direct-Connect Modem II (26-1173) and the

high-speed DC-2212 Modem (26-1176). Videotex Plus also includes on-screen editing for tailoring the auto log-on sequence to your particular needs.

Convenient Features

You can save information to disk for later viewing, editing or transmission. Save money when you reduce connection time by loading into memory what you want to transmit before you log on. Features function keys to define often-used commands and a printer control for hard-copy output to an optional printer.

Modular Format for Custom Applications

Videotex Plus is composed of three major modules: the primary communication program, a specialized program for use with "store and forward" information services (not available for Tandy 2000) and a module that lets you create and edit log-on sequences and save them on diskette for later use with the special automatic log-on procedure.

Model I/III Package. I/III (A) Requires telephone modem. Includes one free hour on CompuServe and Dow Jones.

26-1588 49.95

Model 4 Package. 4 (E) Same as above.

26-1598 49.95

Model II/12/16 Package. Same as above.

26-4721 49.95

Tandy 2000 Package. Same as above.

26-5260 49.95

TRS-80 COLOR GRAPHICS PRINTERS

Revolutionary Color Ink-Jet Printer

699⁰⁰

AS LOW AS
\$41 PER MONTH

- High-Resolution, Drop-on-Demand Ink-Jet System
- Prints in Seven Vivid Non-Smearing Colors
- Incredible, Super-Quiet Operation

CGP-220. A true price breakthrough in ink jet print technology. Quietly prints text and graphics in yellow, violet, red, green, cyan, magenta and black! Prints 2600 dots/second in graphics mode with a resolution of 560 dots/line (monochrome) and 640 dots/line (multi-color mode). An 80-column text mode gives you 12 cpi at 37 characters per second in a 7 x 5 matrix. A screen print utility for the TRS-80 Color Computer and the Tandy 2000 will allow multi-color printouts of color graphics screens produced from any graphics program.

State-of-the-Art Design. The CGP-220 jets ink only where you specify, mixing colors to produce seven vivid hues. There's no ribbon to wear out or become contaminated, so the print quality remains excellent. Supports elongated character sets, variable pitch, character repetition and special characters. Programmable from BASIC. Parallel and Color Computer-compatible serial interfaces. Uses 8 1/2" paper. 4 1/4 x 15 3/4 x 11 5/8". U.L. listed. 26-1268 699.00

LETTER-QUALITY DAISY WHEELS

New Low Price! Low-Cost Daisy Wheel Printer

With Courier 10
Print Wheel and Carbon Ribbon

DWP-210. Now you can get full-featured letter-perfect printing for \$200 less than last year! Select 10 or 12 characters per inch, or proportional pitch. Print wheels simply "drop-in" for easy installation! Prints at 18 cps. Includes forward and reverse paper feed and 1/2-line feed, underline and programmable backspace. Self-test facility lets you see if printer is operating properly before starting. "Paper Empty" sensor stops printer automatically and sounds buzzer when paper runs out. "Ribbon End" feature stops printer when ribbon reaches its end. Automatic impact control prolongs the life of the print wheel. Parallel and Color Computer-compatible serial interfaces. U.L. listed. 26-1257 599.00

SPECIFICATIONS. Print Density: 11 1/2" line. Switch selectable 10 cpi (115 characters per line), 12 cpi (138 cpl), or proportional spacing. Print Speed: 18 cps nominal (over 200 wpm). Carriage Motion: Bi-directional, optimal motion seeking. Minimum horizontal increment 1/120". Minimum vertical increment 1/48". 1000 ms slew rate. Character Set: 100 (modified ASCII, plus special international), 18 control codes. Paper: Up to 13" wide. Original, plus 2 copies. Friction feed. Ribbon: Multi-strike carbon or nylon cartridge. Interface: Color Computer-compatible serial (600/1200 baud) and standard 8-bit data parallel, 36-pin Amphenol connector. Dimensions: 6 5/16 x 20 x 13 1/16". Weight: 38 lbs. Power: 120VAC, 60 Hz, 80 Watts.

26-4307 149.95

LMP-2150. A high-performance, all-in-one printer for business applications. The patented heavy-duty hammerbank design prints crisp, clear characters one line at a time. Delivers superior quality—even in the data processing mode. The DP mode prints up to 150 lines per minute—that's twice as fast as any of our other printers! The word processing mode prints up to 80 lines per minute and produces overlapping 10 x 12 dot-matrix characters for letter-quality statements and reports. The WP mode is code-compatible with Radio Shack word processing software (as well as other programs) for elongated and bold characters, underlines, super and subscripts. The graphics mode is compatible with standard Radio Shack bit-image codes and allows generation of bar codes, enlarged characters, reverse images and more with the addition of appropriate software. Includes tractor with bottom feed for fanfold paper, labels and forms. Parallel interface. U.L. listed. 26-1272 3995.00

SPECIFICATIONS. Print Density: 10, 12.5 and 16.7 cpi (DP); 10 cpi (WP). **Print Speed:** Standard 10 cpi—150 lpm/132 column (upper case), 120 lpm/132 column (upper/lower case). Correspondence 10 cpi—80 lpm/132 column (upper case), 60 lpm/132 column (upper/lower case). **Character Set:** 94 ASCII, 32 American special, 32 European WP and 30 block graphics. **Font Matrix:** Upper case—6 x 7 (DP), 10 x 9 (WP); Lower case—6 x 9 (DP), 10 x 12 (WP). **Horizontal Dot Resolution:** 60-100 dots/inch, 72 dots/line. **Dot Columns:** 792-1320. **Paper:** Fanfold—up to 16" wide, up to six parts (with or without carbon). Prints original, plus five copies. **Dimensions:** 10 1/2 x 24 5/8 x 20 3/4". **Weight:** 60 lbs. **Power:** 120VAC, 60 Hz.

Stock Up on Fanfold Printer Paper

Feed paper directly into the printer from the reusable cartons. Letter-size sheets (9 1/2 x 11") have "invisible" detachable, perforated margins. Single-part sheets are high-quality, 15-pound bond unless a heavier weight is specified. No ground wood or recycled paper. Multi-part sets are clean, carbonless, no-mess paper.

Five Great Benefits of Radio Shack Custom Forms

System Support. Radio Shack provides properly-designed output forms to enable the TRS-80 user to complete a total business computer system, including hardware, software and custom forms.

Proper Design. Our forms are specially designed for use with your TRS-80 software, so you can be sure of compatibility.

Economy. Radio Shack forms are produced in large quantities and sold in small quantities (as few as 500 units), so the tremendous savings are passed on to you.

Quality. All forms are attractively designed and produced to highest printing standards, assuring a positive, "quality" image for your organization.

Convenience. We provide single-source support for the entire TRS-80 business computer system, as well as prompt delivery and resupply. Visit your nearest Radio Shack Computer Center today to place your order!

COMPUTER REFERENCE BOOKS

Model I/III/4

- Model I Level II Manual.**
26-2102 5.95
- Model I TRSDOS Manual.**
26-2104 5.95
- Getting Started with TRS-80 BASIC.** Entertaining introduction to Level II and Model III BASIC programming. Excellent for beginners. Sample programs and exercises. 342 pages.
26-2107 6.95
- Model III Disk System Owner's Manual.** Covers disk operation, TRSDOS and disk BASIC. With helpful programming examples. 161 pages.
26-2111 6.95
- Model III/4 Owner's Manual.** Provides detailed information on Model III and Model 4 operation, including BASIC language. 259 pages.
26-2112 5.95
- Model 4/4P Disk System Owner's Manual.** Covers initial setup, BASIC and applications programs. Also includes documentation for TRSDOS Version 6 commands.
26-2117 17.95
- Model 4 Technical Reference Manual.** Provides technical information and theory of operation on Model 4 hardware. Includes vital information for the assembly language software developer or user, including SVC calls, file formats and much more.
26-2110 24.95
- Computer Programming in BASIC for Everyone.** Easy-to-understand introduction to writing programs. 156 pages.
62-2015 2.95
- Basic Computer Language.** Self-paced format for Level I BASIC. 232 pages.
62-2016 5.95
- Level II BASIC.** Informative self-instruction course with lots of examples. 351 pages.
62-2061 9.95
- Home Computer Programs.** Packed with helpful household programs. 330 pages.
62-2069 7.95
- More TRS-80 Assembly Language Programming.** Techniques and projects. Z-80 instruction set and codes. 430 pages.
62-2075 5.95
- Introduction to TRS-80 Level II BASIC.** Features sequential introduction of new concepts, with exercises at the end of each chapter.
26-2116 9.95

Color Computer

- Getting Started With Color BASIC.** Learn to write Color BASIC programs with graphics and sound effects. Over 300 pages of instructions written for the beginner.
26-3191 5.95
- Going Ahead With Extended Color BASIC.** Describes features of Extended Color BASIC, including advanced graphics, complex sounds and more. Over 210 pages of instructions. 26-3192 5.95
- Color Computer Technical Reference Manual.** For the "technical-minded". Explains how the Color Computer works—including input/output, joystick ports and more. 26-3193 14.95
- Color Computer Quick Reference Guide.** Features functions, ROM subroutines, handy index and more. 26-3194 4.95
- NEW! TRS-80 Color Computer & MC-10 Programs.** Features 40 programs: games, quizzes, drills, calculators and more.
26-3195 5.95
- NEW! The Color Computer Playground.** Features 42 entertaining and useful programs. 26-3196 7.95
- Color Computer Graphics.** Extensive guide to creating superb color graphics. 256 pages. 62-2076 5.95
- Color Computer Assembly Language Programming.** Comprehensive guide to 6809 instruction, including set and registers, condition codes, addressing and branching, subroutines sound, and more. 256 pages. 62-2077 6.95
- Color Computer Programs.** Over 37 useful and fun programs to key into your computer. 334 pages. 62-2313 9.95

Portable Computers

- New! Model 100 Technical Reference Manual.** Theory of operation on Model 100 hardware. 26-3810 9.95
- NEW! The TRS-80 Model 100 Portable Computer.** A complete step-by-step learner's manual. Discusses the capabilities of the Model 100, plus a complete course in Model 100 BASIC. 26-3819 14.95
- NEW! Portable Computing With the Model 100.** Emphasizes practical applications of Model 100. Includes cassette tape with 12 programs. 26-3820 14.95
- Getting Started on the PC-2.** Covers commands and programming tips for the PC-2 and the Printer/Plotter/Interface.
26-3620 12.95

Model 12/16

- Model 12 Manuals.** 26-4922 69.00
- Introduction to Computers.**
26-4940 9.95
- Model 16 Manuals.** 26-6041 85.00

Source Books

- TRS-80 Agricultural Sourcebook.** A complete listing of agricultural programs. Covers specific applications and user levels.
26-7774 2.95
- NEW! TRS-80 Applications Software Sourcebook.** Includes over 5300 ready-to-run programs of all types for sale by a variety of vendors.
26-2114 6.99

Microcomputer News

- TRS-80 Microcomputer Newsletter Reprints.** The first 20 issues in one volume.
26-2115 4.95
- New Low Price! TRS-80 Microcomputer Newsletter Reprints.** January thru December, 1981 bound in one volume. Was \$9.95 in Cat. RSC-11.
26-2240 6.95
- New Low Price! TRS-80 Microcomputer Newsletter Reprints.** January thru December, 1982 bound in one volume. Was \$12.95 in Cat. RSC-11.
26-2241 9.95

Tandy 2000

- Tandy 2000 Programmer's Reference Manual.** Information for assembly language programmers, including entry conditions for MS-DOS.
26-5403 19.95
- Tandy 2000 Hardware Reference Manual.** Schematics and theory of operation for trouble-shooting, designing interfaces, more.
26-5404 19.95

Reference Manuals

- VisiCalc® Applications.** Learn how to utilize this versatile forecasting tool. 184 pages.
62-1051 12.95
- Power of Multiplan™.** Get the most out of this "second generation" spreadsheet analysis program. 184 pages.
62-1052 12.95
- TRS-80 Pocket Reference Handbook.** Comprehensive guide to all TRS-80s. 228 pages.
62-2084 6.95

RADIO SHACK'S EDUCATION DIVISION

Our Commitment to Education. Radio Shack's TRS-80 microcomputer is a valuable teaching tool in use in schools nationwide. That's why we support a continuing effort to produce instructionally sound and properly validated courseware. In addition, we offer free computer training classes to teachers and school administrators.

What Makes Courseware Unique? A computer is useless without a program—a special set of instructions in computer language that tells the computer how to solve a problem. But for education, a computer program must also implement an acceptable instructional

strategy. That's why Radio Shack has involved the experts—teachers, curriculum developers and administrators—in designing and field-testing our complete line of TRS-80 courseware offerings.

A Wide Selection of Programs. We invite you to compare our courseware with other programs currently available. You'll discover what a difference quality TRS-80 courseware can make. Our Regional Educational Coordinators are ready to help you decide how our TRS-80 microcomputers and courseware can best suit your needs.

Computer Assisted Instruction

Computer Assisted Instruction techniques center on individualized learning where the computer generates and presents student exercises in a specific subject area. CAI programs involve students interactively with the computer.

K-8 Math Series

Ideal for use as a supplement to regular classroom instruction in Kindergarten through 8th grades. This series was designed by professional educators, and has been extensively field-tested in the classroom. Immediate feedback is given for correct and incorrect answers. Each program includes lesson summaries and K-8 Math Cross-Reference.

K-8 Math Program, Vol. I. I/III *† (A/G) Randomly generates skill building drills in number concepts, addition, subtraction, multiplication and division. Features student placement, skill building and test modes, plus automatic promotion and demotion. 26-1715 199.00

K-8 Math with Student Management, Vol. I. I/III * (A) The original K-8 Math Program with added student management features. Monitors promotions and demotions, and allows for teacher review of scores. Starts each student in the appropriate lesson each session. Printer optional. 26-1725 199.00

K-8 Math Worksheet Generator. I/III (A) Generates worksheets and answer sheets from K-8 Math lessons. Teacher can print multiple copies of identical worksheets or worksheets with different problems at the same difficulty level. Worksheets can be saved on disk for later use or editing. Line printer required. 26-2162 99.95

K-8 Math Cross-Reference. Correlates individual K-8 Math lessons with specific chapters and pages in six major math basals. 26-2750 4.95

NEW! Color Math. CC † (A/G) Automatically places students in the lessons that correspond to their skill levels, followed by progress reports and testing. For grades 1 thru 8. 26-3202 39.95

Secondary Math and Science Programs

Essential Math Program. I/III *† (A/G) Skill-building drills for grades 7-12. Reinforces math concepts introduced by the teacher. Gives immediate feedback for correct and incorrect answers. Includes placement mode, as well as promotion and demotion.

Vol. I. Covers addition, subtraction, multiplication, division and number concepts. 26-1716 199.00

Vol. II. Covers fractions, decimals, percents and pre-algebra concepts. 26-1719 199.00

Euclid Geometry Tutor. I/III *† (A/G) Allows students to practice constructing proofs using nine basic postulates of Euclidean geometry. Developed by a high school geometry teacher and tested extensively in the classroom. Program works out a proof automatically, and guides and tests construction of student's proofs. Teacher's manual includes numerous exercises in Euclidean geometry. 26-1724 39.95

Advanced Graphics. I/III *† (A/G) Investigations in analyzing equations and plotting their respective graphs through demonstrations of plotting functions and plotting polar and parametric equations. 26-1714 39.95

Interpreting Graphs in Physics: Position and Velocity Versus Time. I/III *† (A/G) Poses graph-related questions or simulations relating to rectilinear motion including position, speed, displacement and acceleration concepts. 26-1721 39.95

Vector Addition. I/III *† (A/G) Plots components and sums of student-provided vectors. 26-1720 39.95

Vector Addition for the Color Computer. CC † (A/I) 26-2638 39.95

Graphical Analysis of Experimental Data. I/III *† (A/G) Plots and analyzes data pairs input by student. 26-1722 39.95

Investigations in Integral Calculus. I/III *† (A/G) Explores fundamentals through 14 investigations. Graphs and computes areas of functions. 26-2600 39.95

Investigations in Integral Calculus for the Color Computer. CC † (A/I) 26-2641 39.95

Plane Analytic Geometry. I/III *† (A/G) Generates problems with emphasis on straight lines and conic sections. 26-2602 39.95

Number Theory. I/III *† (A/G) Definitions, examples, and exercises on constructive or computational aspects of number theory concepts. 26-2613 69.95

Matrices, Determinants, and Simultaneous Equations. I/III *† (A/G) Generates problems related to simple matrix algebra. 26-2620 49.95

Quadratic Equations. I/III *† (A/G) Practice in coefficient and equation recognition, discriminant evaluation, type of roots, more. 26-2623 49.95

TRS-80 Chemistry Lab. Six laboratory experiment simulations on Kinetic Theory, Charles' Law, Boyle's Law, Titration, Conductivity and Solubility. Students control variables in experiments in order to see changing results. Each package includes an instructor's manual and 25 student experiment books.

Vol. I. I/III *† (A/G) 26-2609 ... 199.00

Vol. I. CC † (H) 26-2626 199.00

Additional Student Experiment Book. For use with 26-2609 and 26-2626. 26-2666 3.00

The Solar System: Featuring the Discovery of the Planet Pluto. CC (G) For upper-elementary and secondary students. Facts are presented about the planets and how they were discovered. *Out of the Darkness: The Planet Pluto*, is included. 26-2647 59.95

Minimum System Requirements

I — Model I
III — Model III
CC — Color Computer

- (A) 32K With One Drive
- (C) 48K With One Drive
- (E) 64K With One Drive
- (G) 16K With Cassette
- (H) 16K Extended Color BASIC
- (I) 32K Extended Color BASIC

*Compatible with Network 3 (see page 49).
†Compatible with Network 2.

New! TRS-80 Electronic Book™

CC A unique and fun way for children to learn. Each of the optional software packages below contains colorful pages which are inserted into the Electronic Book. Different areas of the book's touch-sensitive surface are pressed to make activity selections or to answer questions. See page 53 for additional programs. Plugs into joystick port. 26-3141 24.95

Professor Pressnote. CC (A/G) Introduces your children to the fundamentals of music. Play pre-selected tunes or create your own. Ideal for home or school. 26-2573 ... 24.95

Solar Explorer. CC (A/G) Uses the theme of space travel to give information about our solar system's planets and Earth's moon. 26-2546 19.95

TRS-80 CLASSROOM COURSEWARE

Language Arts and Reading

Early Learning Programs from the Creators of Sesame Street

Designed by The CTW Software Group, a division of Children's Television Workshop. For first and second graders, each package includes diskettes, teacher's guide, board games, posters, spirit masters and activity cards. Disk drive required.

Play-With-Language. CC

(A) Three word and reading activities combining graphics and text. Teaches sight and vocabulary words, decoding and comprehension skills, following directions and sequencing. 26-2538 99.00

Hands On! CC (A) A program that encourages creative self-expression. The first activity lets students write with beginning word processing aids, such as insertion and deletion of text. A student's writing may be saved, and files can be created and shared with other students.

With the second activity, children create and manipulate pictures—change colors, duplicate images, turn, move or scroll horizontally or vertically. Pictures can be saved. 26-2539 99.00

New! Courseware from MECC

Four popular programs developed by the Minnesota Educational Computing Corporation. Each comes with a manual containing learning objectives, lesson plans, student exercises and worksheets.

Basic Arithmetic. III (C) Contains four programs that provide practice in arithmetic skills. For grades 2-6. 26-2790 44.95

Word Games. III (C) Students learn to work with words using visual recall, logical guessing and word association. For grades 1-6. 26-2791 44.95

Expeditions. III (C) Students test decisions and consider the hardships of different groups of Americans during three historic periods. For grades 5-9. 26-2792 44.95

Puzzles and Posters. III (C) Design posters and puzzles or create your own tests and drills. 26-2793 44.95

Computer Assisted Reading Development

Adapted from the Philadelphia Computer Assisted Reading Development Program for supplemental reading instruction at the 4th-8th grade level. Requires AUTHOR I Lesson Presentation Package (26-2707) or TRS-80 AUTHOR I (26-1727)—see page 47. Compatible with Network 3 using the Network 3 Lesson Presentation Package (26-2713).

C.A.R.D. I: Sentences. III* (C) Covers sentence recognition, relationships, ordering and labeling. 26-2603 199.00

C.A.R.D. II: Paragraphs. III* (C) Students define sentence relationships within a paragraph. 26-2604 199.00

High Motivation Reading Series

Each program in the series comes with four student readers and an audio cassette. Computer programs measure reading comprehension. For grades 4-6. Programs require 32K with one drive and TRS-80 MicroPILOT™ (26-2718—see page 47).

Charles Lindbergh/Amelia Earhart. III* (A) 26-2513 74.95

Hound of the Baskervilles. III* (A) 26-2514 69.95

Dracula. III* (A) 26-2515 69.95

Moby Dick. III* (A) 26-2516 69.95

Beatles. III* (A) 26-2517 69.95

20,000 Leagues Under the Sea. III* (A) 26-2518 69.95

Time Machine. III* (A) 26-2519 59.95

Frankenstein. III* (A) 26-2520 59.95

Student Recording System. III* (A) 26-2521 29.95

Introduction to the Alphabet

I/III*+ (A/G) Skill-building drill to help children ages 4 to 6 become familiar with the capital and small letters of the alphabet and their locations on the TRS-80 computer keyboard. 26-1718 ... 39.95

System Requirements

I—Model I	III—Model III	CC—Color Computer
(A) 32K with One Drive	(G) 16K with Cassette	
(C) 48K with One Drive	(H) 16K Extended Color Basic	
(E) 64K with One Drive	(I) 32K Extended Color Basic	

*Compatible with Network 3 (see page 49).
†Compatible with Network 2.

New! Hall of the Mountain King

I/III*+ (A/G) Classroom version of the Model III/4 action game by graphics wizard Leo Christopher. Player battles trolls and finds the way through a maze in an underground kingdom where a princess is held prisoner. Students key in answers to any multiple-choice quiz as they play the game. 26-2616 (Avail. 10/30/84) ... 39.95

Business

NEW! Business Education: Computer Applications in Small Business. Designed as a complete program to supplement business accounting curriculum, the package includes visual materials, student workbooks and four business programs: General Ledger, Accounts Receivable, Accounts Payable and Disk Payroll. The course is based on a field-tested, structured teaching model and is divided into four parts for each topic. The instruction manual and student workbooks parallel each other in content, form and wording. Includes transparencies with teaching guides for their use. Requires 48K Model III or 64K Model 4 with 2 disk drives. Printer required. 26-2654 (Avail. 11/1/84) 599.00

Corplan. III* (C) A management-decision simulation game designed to supplement business instruction at the college or advanced secondary level. Allows an individual student or a team to make the quarterly production, sales and financial decisions that will make or break an imaginary company. Combining role-playing and teamwork, Corplan can aid teachers in explaining the basic rules of running a business and the value of long-range planning. Produce charts and screen reports with optional printer. Minimum of 48K required in all stations when used in Network 3 environment. 26-2619 49.95

Numeric Data Entry Practice. I/III* (A) A 25-lesson practice course to help students develop speed and accuracy in entry of numeric data using a 10-key pad. Printer optional. 26-2601 39.95

History

High Motivation History Series. III* (A) Includes 12 illustrated books on American history, from 1500 to the 1980's. Includes read-along audio tapes and computer activities diskettes. Requires TRS-80 AUTHOR I Lesson Presentation Package (26-2707) or TRS-80 AUTHOR I (26-1727)—see page 47. Compatible with Network 3 using the Network 3 Lesson Presentation Package (26-2713). 26-2645 299.00

History of Technology. These packages describe major technological achievements through graphics, sound effects and recorded speech. Each package includes four lessons.

Pioneers in Technology. CC (G) Lessons include The Age of Flight, Space Exploration, The Electric Car and History of Computers. 26-2624 94.95

Inventions That Changed Our Lives. CC (G) Lessons include Edison's Electric Inventions, Bell and the Telephone, The Story of Railroads, and The Age of Television. 26-2625 94.95

EDUCATION MANAGEMENT SYSTEMS

Radio Shack Makes Courseware Development Easy

TRS-80 MicroPILOT™

III* (A) Create your own TRS-80 courseware or adapt it from any curriculum suitable for computer-assisted instruction. TRS-80 MicroPILOT is command-oriented. It's based on the PILOT computer language, but offers extended graphics and disk file-handling capabilities. Features one-letter commands, upper and lower case characters and branching. Includes user's manual with a reference section and a sample lesson. 26-2718 119.95

TRS-80 Color PILOT

Color PILOT lets you mix text and high-resolution graphics. It features a built-in line editor and easy one-letter commands. Graphics operators include color, line, box, window and more. Display options include lower case characters and user-generated characters. Linking to program segments on disk is supported. Complete instruction and reference manual, with sample programs. Printer optional.

Tape Version. CC (G) 26-2709 59.95

Disk Version. CC (A) 26-2710 79.95

TRS-80 AUTHOR I

I/III (A) A screen-oriented authoring system that allows teachers to create computer-based lessons. Features full-screen editing, graphics, branching and automatic score-keeping option. Teacher can include a glossary, hints, feedback messages. Printed report includes scores and timings. 26-1727 149.95

TRS-80 AUTHOR I Lesson Presentation Package. I/III (A) Presents lessons that have been created using TRS-80 AUTHOR I. Printed report includes scores and timings. (Not required if you have TRS-80 AUTHOR I.) 26-2707 64.95

NEW! Courseware Development with AUTHOR I. Training course designed to help educators create their own lessons using TRS-80 AUTHOR I. Introduces AUTHOR I concepts. Educators are guided through actual lesson creation using text, graphics and special characters. 26-2697 (Avail. 9/30/84) 350.00

TRS-80 Network 3 Lesson Presentation Package. III* (A) Allows you to use Network 3 to present lessons created with TRS-80 AUTHOR I. Create a lesson score file for storing performance data on diskette. Prints scores and timings with optional printer. Requires host with two disk drives and Network 3 Operating System (26-2775). 26-2713 299.00

New! Game Writer

CC (A) A unique programming language for creating programs that draw pictures, produce sounds and make shapes move about on the screen. Game Writer language is easy to use—individual statements used to initiate particular actions are grouped together to form procedures. 26-2572 (Avail. 10/30/84) 44.95

Quick Quiz

I/III (A) This mini-authoring system makes it easy to create, edit, store and give multiple-choice tests in any subject area. Allows up to 40 questions with four choices per question. 26-1728 39.95

Administrative Application Packages Aid in Record Keeping

New! School Administrative Software Products Series

Interactive system to help schools collect, store, retrieve and print basic student information, attendance data, student grades and scheduling information. Each program requires a TRS-80 Model 12 or Model 16 with two floppy disk drives (or one floppy drive and hard disk), or a Model II with one floppy drive and hard disk. A line printer is required to produce reports. All packages except the Student Information System require a Radio Shack CR-510 Card Reader (26-1266—see page 49), plus the Student Information System.

Student Information System. Lets you collect, organize, retrieve and print information on the student population of your school. Construct a list of student profiles—each profile includes basic information on the student, plus your choice of information unique to your needs. Construct special lists from your information categories and print reports, mailing labels, folder labels and more. Records can be updated at any time. 26-2729 249.00

Attendance System. Helps you keep track of attendance for those students whose names have been entered into the Student Information System. The teacher records absences on special cards, which are later read by the CR-510 Card Reader. Takes attendance on period-by-period or daily basis and calculates monthly attendance statistics. 26-2730 330.00

Attendance Cards. Package of 500. 26-2741 24.95

Class Roster Forms. Package of 500. 26-2744 19.95

Individual Scheduling System. Helps you plan your master schedule, schedule

students, produce schedule cards, and continue to change individual student schedules during the term whenever necessary. 26-2732 290.00

Course Request Cards. Package of 500. 26-2743 24.95

Student Schedule Forms. Package of 500. 26-2746 9.95

Grade Reporting System. Grades for each class roster can be recorded on machine-readable cards, then printed on report cards. Each student's report can include academic marks, a citizenship mark, absences, and the number of credits earned in the course. Includes up to three "teachers' comments" chosen from a list of 36 comments the faculty can write themselves. 26-2731 380.00

Report Card Forms. Package of 500. 26-2745 9.95

Grade Cards. Package of 500. 26-2742 12.95

CHAMPS™: A Football Scouting Program

I/III (C) Store and analyze scouting information on your opponent's offense. Designed for high school and college levels, CHAMPS prints a variety of listings, charts and statistical reports. Get answers to specific tendency questions in seconds. Includes ten CHAMPS Scouting Manuals which allow even inexperienced scouts to collect data. Requires 132-column printer. 26-2703 149.95

Additional Scouting Manuals. Package of 10. 26-2708 39.95

REKORD™ Planner

III (C) Record-keeping system you can personalize to fit your own data management needs. File student data, print out student and school information and generate reports. This versatile, time-saving system makes information instantly available about any student in the file. Includes a program and tutorial diskette, plus sample formats. Available in three versions to suit your school's special requirements.

New! SIGI Career Guidance Program

A computer-based System of Interactive Guidance and Information from the Educational Testing Service designed to help college students make career decisions. SIGI blends an approach to career guidance that emphasizes individual values, a vast store of occupational data, and an effective strategy for processing this information. It provides a clearly defined structure for decision-making by students, but responds flexibly to individual needs and circumstances. Develops students' understanding of the elements involved in making career decisions. Requires Model II or Model 12 or 16 (in Model II mode) and two disk drives. 26-2699 1200.00

TRS-80 COMPUTER EDUCATION SERIES

BASIC Instruction

Complete packages in proven structured learning format include transparencies, notes and 25 workbooks with note-taking guide, quick quizzes and hands-on

computer activities.

Part 1: Introduction to BASIC. III (G) Discusses branching, graphics, subroutines, more. 26-2150 220.00

Additional Workbook. 26-2151 ... 3.50

Part 2: BASIC Programming. III (G) Arrays, memory management, string manipulation, variables, more. 26-2152 260.00

Additional Workbook. 26-2153 ... 4.50

Part 3: Advanced BASIC. III (G) IN-KEY\$, ASCII set, graphics, cassette data files, more. 26-2154 260.00

Additional Workbook. 26-2155 ... 4.50

Part 4: DOS. III (A) Library and utility commands, troubleshooting, error messages, more. 26-2156 299.00

Additional Workbook. 26-2157 ... 4.50

Introduction to Level II BASIC. Textbook with exercises. 26-2116 9.95

Color LOGO

Color LOGO helps students grasp graphic relationships and develop problem-solving skills. Students learn to program through control of a turtle symbol on the screen. The

computer becomes a friendly learning tool, and students gain insight into fundamental mathematical, geometric and logical concepts through "hands-on" experimentation. Children under reading age can use a "doodle" mode to create their own graphics using pre-defined one-key commands. Students will learn to produce an unlimited number of designs, from simple to complex, merely by changing the turtle's direction and movement. A "hatch" command creates multiple turtles capable of running separate programs simultaneously on the screen. This unique feature allows creation of simple animation and games. Includes comprehensive instruction manual with lessons and programs for beginners, as well as more advanced users. Procedures written with Color LOGO may be uploaded or downloaded with a Network 2 Controller.

TRS-80 Color LOGO Disk Version. CC (A) 26-2721 99.00

TRS-80 Color LOGO Program Pak. CC (G) 26-2722 49.95

Color LOGO Teacher's Book. 26-2761 3.95

Color LOGO Parent's Book. 26-2763 3.95

Color LOGO Lab. Includes comprehensive teacher's manual, overhead transparencies and 25 student workbooks. The Lab may be used with or without a Network 2 system. Requires Color LOGO disk (26-2721) or Program Pak (26-2722). 26-2770 199.00

Color LOGO Lab Workbook. 26-2771 2.00

COBOL Instruction

Teaches COBOL programming on a 64K Model II, or a Model 12 or Model 16 (in the Model II mode). With self-teaching manual and diskette with hands-on exercises. Requires Radio

Shack COBOL Development System (26-4703) to run hands-on exercises. 26-2706 49.95

COBOL Class Notes. For classroom or self-teaching. 26-2723 9.95

The Illustrated Computer

Introduces secondary students to machine language programming concepts and techniques. Comes with a diskette program that illustrates a simplified computer which the student programs using a simplified machine language. Requires 32K Extended BASIC Color Computer with disk drive.

26-2670 44.95

Computer Literacy

The Computer Connection. Introduces the basics of computer literacy to junior and senior high school students using easy-to-understand approach. Includes teach-

er's guide with lesson plans, student activity spirit masters, four wall charts and 80-frame filmstrip with audio cassette. Computer not required. 26-2663 ... 69.00

Computer Literacy: Computers Past and Present. Illustrates the history of computers for students in grades 4 through 8. Explains what a computer is, what it can do and how it works. Includes teacher's guide, six spirit masters and a colorful 22 x 34" wall chart. 26-2755 9.95

Careers in Computing. Informative package to help secondary students explore computer-related careers. Covers major computer career areas and specific jobs within selected areas. Includes teacher's guide, 30 student manuals, narrated filmstrip, eight spirit masters and colorful wall chart. 26-2758 130.00

Additional Manual. 26-2759 1.00

Computer Discovery™. Introduces students to computers and discusses their history and impact on society. Also presents basic computer programming concepts. Each package includes interactive exercises, 25 student workbooks and instructor's manual.

Computer Discovery for Junior High. III (A) 26-2630 189.95

Additional Workbook. 26-2631 ... 4.25

Computer Discovery for Senior High. III (A) 26-2632 189.95

Additional Workbook. 26-2636 ... 4.25

New! Network Pascal

A new version of TRS-80 Pascal (26-2211) designed specifically for use with Model III/4 and Network 3 in a classroom environment. New, enhanced features include a

combined editor/compiler program that minimizes host disk access time. Pascal programs can be created at each network student station. TRS-80 Pascal diskettes for stand-alone Model III/4 machines are also included for use with stand-alone disk machines. Includes 16 Student Manuals. (C) 26-2739 799.00

Additional Student Manual.

26-2740 14.95

New! Intro to Pascal

This complete, structured teaching package comes with a teacher's manual, overhead transparencies and 25 student workbooks. Provides an introduction to structured programming, editing and compiling a Pascal program, simple Pascal data types, variables, more.

26-2674 (Avail. 11/1/84) 350.00

Resource Books

NEW! 3rd Edition TRS-80 Educational Software Sourcebook. Vendor-furnished listings include descriptions of program and important characteristics. Many include user-

site references. New listings for all TRS-80 desktop computers. 26-2712 9.95

Proposal Writing Guide. For educators seeking funding from an outside source, such as the Federal government or a private foundation. Emphasizes computer-related education projects. 26-2754 . 9.95

Number Patterns. This 36-page booklet shows how to introduce sequences and series in an entertaining way using computers. 26-2752 2.50

My TRS-80 Likes Me. Teacher's guide to helping elementary students understand and enjoy the BASIC computer programming language. 26-2751 2.50

TRS-80 Microcomputer Handbook for Educators. This informative booklet describes what microcomputers are and

how they can be used in classrooms and for administrative purposes. Discusses costs, courseware and other related subjects that are of special concern to the educator. 26-2757 2.50

Network 3 Controller

Connect Up to 16
Student Stations
to a Single Host

599⁰⁰

III/4. Enables student workstations to access and select lessons stored on host system so teacher is freed from repeatedly loading programs. Under software control, scores can be automatically stored on the host disk for later review. An optional line printer attached to host computer lets students get printouts of their programs without teacher assistance. Designed for use with TRS-80 educational courseware that's Network 3 compatible (pages 45, 46, 47 and 48). Requires operating software (below). Minimum student station: 32K Model III/4 with RS-232C port. Minimum host station: 32K 1-Disk Model III/4 with RS-232C port. Cables available separately. (see page 40). U.L. listed.

26-1212 599.00

Network 3 Operating Software. III. Supports the Network 3 host and its student stations. Permits student stations to SAVE and LOAD programs directly to and from the host disk. Printer access requests are spooled at host until printer is free. Operates on Model 4 in Model III mode.

26-2775 149.00

Network 3 Hard Disk Operating Software. Allows use of a 5-Megabyte (26-1130) or 15-Megabyte (26-4155) Hard Disk at the host computer.

26-2778 149.00

Now setting up a Network 3 system is easier than ever. This fully-configured student station comes complete and ready to use. Students can load the program they want from the host disk with just a few keystrokes. Student programs can access disk files on the host for storage or retrieval. U.L. listed. 26-1059 899.00

Add a TRS-80 Network 2 Controller

Allows Teacher's "Host" System to
Up and Down-Load Programs to as
Many as 16 TRS-80 Student Stations

All Cables
Included

499⁰⁰

I/III/4/CC/Model 100. Allows easy management of student programs. You can simultaneously load a program into all 16 student systems at either 500 or 1500 baud, depending on the TRS-80 computers used. With optional printer connected to host computer, student programs can be loaded into the host and printed out.

Use with Model I/III/4 as host and student stations, or with Color Computers as host and student stations. The Network 2 can be used to transfer ASCII files with Model 100 student stations and either a Model 100 or a Model 4 host. Controllers can be cascaded to connect more stations. 26-1211 499.00

Automate Time-Consuming Tasks with a TRS-80 Computer Card Reader

- Reads Marked or Punched Cards in Three Feeding Modes
- Connect to Any TRS-80 Computer with RS-232C Port
- Automate Data Compilation, Statistics, and More

CR-510 Card Reader. Administrators, teachers and students can benefit from this TRS-80 input device. Use with Radio Shack School Administrative Software Products Series (described on page 47) to expedite administrative chores, grade, attendance and scheduling functions. The CR-510 provides single, demand or continuous feed operation and is controlled through manual switches or software. Cards must be at least 6 inches in length, and can be either marked or punched (with standard keypunch). Special-order Card Holder allows cards up to 14 inches to be read. Included with the CR-510 is a comprehensive owner's manual, diagnostic test card, packet of 200 general purpose cards, and diskette with COBOL and BASIC driver routines. Requires TRS-80 computer with RS-232C port. Cables available separately (see page 40). 26-1266 1595.00

1595⁰⁰

General Purpose Standard Cards. Use with the CR-510 Card Reader. Packet of 500 six-inch cards that can be marked with any medium (#2 pencil recommended) or punched with standard equipment. 26-1241 9.95

NEW '85
FOR

29.95

Wind your way through the mazes filled with ROBO-DROIDS, WHIRLING DRONES and SNAP JUMPERS in search of the shadow.

26-3289 29.95

Combines Strategy
With Graphics

29.95

Can you crack the secret of the ancient Tomb of Ra in your allotted number of moves and escape with the desert treasure?

26-3290 29.95

NEW! Flight Simulator. Take off into the wild blue yonder! Learn the basics in instrument recognition, manual control of ailerons (pitch and roll), compass readings, take-off and landing requirements, and much more. Joystick required.

26-3108 (Avail. 9/30/84) 24.95

NEW! Desert Rider. How long do you think you can survive this treacherous, grueling motorcross track? If you find the stamina for the spills and thrills, you'll become a Desert Racer Hall of Fame member. Joystick required.

26-3292 29.95

NEW! Ghana Bwana. You're in an outrigger trying to reach the island, but natives are hurling spears. You can turn back, but the sea is infested with hungry sharks. Survive the attack, find the key to obtain the treasure and win! Joystick required.

26-3293 (Avail. 9/30/84) 29.95

Color Disk Software for Education and Personal Productivity

KIDWRITER Storybook

NEW '85
FOR

29.95

Lets your children create their own storybook with colorful scenes and music. Hours of imaginative fun for beginners or those with previous Color Computer experience.

26-3249 (Avail. 10/30/84) 29.95

NEW! DYNACALC. A powerful electronic spreadsheet. Features up to 256 columns or 256 rows of cells—each cell can hold a number, string or expression. Built-in numeric functions and 16-digit precision (15 for transcendentals). Strings can be up to 127 characters in length. Formatting features include left or right-justified strings, vertical or horizontal split screen, and varying column widths. The worksheet can be sorted numerically, alphabetically or both. Printer support provided. Uses the standard 32x16 display. Requires 64K and OS-9 boot capability.

26-3275 (Avail. 10/30/84) 99.95

NEW! OS-9 SCRIPSIT. An advanced—yet easy to learn and use—word processing program that's ideal for long reports, instruction manuals and form letters. Features include unlimited document size, merging data from two files for form letters, automatic handling of references to other pages, automatic generation of a table of contents and an index, user-defined keys for activating special printer features, user-defined keys for rapid entry of multiple keystrokes, dynamic changing of margins, tabs, line widths, etc., and much more. Requires 64K and OS-9 boot capability.

26-3276 (Avail. 10/30/84) 99.95

NEW! COMPUCHEF. Two programs in one! An all-purpose "menu planner" suggests complete meal menus which are tasty, culinarily correct and dietarily balanced. A "recipe index file" allows you to enter and store your own favorite recipes—or the computer can create new ones from your suggestions.

26-3257 (Avail. 9/30/84) 39.95

NEW! Investograph. Charts stocks and trends. Features high-resolution graphics.

26-3258 49.95

NEW! C Compiler. A high-level language that produces assembly language source code for the 6809 microprocessor. You can easily develop applications that up until now required complex machine language programming. Best of all, almost any application written in C can be transported from a UNIX system to an OS-9 system, recompiled and correctly executed. Requires OS-9 disk operating system.

26-3038 99.95

NEW! PASCAL-09. A complete implementation of this structured programming language with enhancements for expanded input/output and the OS-9 environment. It produces either "p-code" for interpretive execution or assembly language source code for the 6809 microprocessor. Requires OS-9 disk operating system.

26-3034 99.95

NEW! TRSCOPY. Allows transfer of text files between "OS-9" disks and "Color Computer Disk BASIC" disks. Text files are copied without modification.

26-3263 24.95

NEW! TSEDIT. A high-resolution screen editor that allows upper and lower case in lines from 32-80 columns.

26-3264 34.95

OS-9 Disk Operating System. A real-time operating system that accesses the entire memory of our 64K Extended BASIC Color Computer. OS-9 includes a powerful editor/assembler, plus functions for disk and terminal input/output, software memory management and multi-tasking. Includes complete documentation, reference manual and diskette.

26-3030 69.95

BASIC-09. An enhanced version of standard BASIC written for the 6809 microprocessor. Includes advanced features derived from PASCAL. Interactive compiler produces compact object programs for high-speed execution. Requires OS-9 disk operating system.

26-3036 99.95

Color Disk Editor/Assembler. Develop your own 6809 programs and subroutines. Features printer output pagination, assembler macro facility with automatic symbol generator, and ZBug for quick and easy testing. A memory-saving INCLUDE facility allows source code to be stored in separate files.

26-3254 59.95

Color Disk Graphics. Create, plot and label vertical or horizontal bar, pie and line charts.

26-3251 49.95

Color Disk Profile. A personalized data base for household and business records. Create up to 256 data fields. Define up to four primary and four secondary search keys. Includes password protection and convenient reallocate facility for easy insertion of new data.

26-3253 59.95

Color Disk SCRIPSIT. An easy-to-use word processing program that offers optional upper and lower case display and background printing. Insert, delete, move and duplicate words, sentences, even whole paragraphs.

26-3255 49.95

NEW! Color SCRIPSIT Dictionary. Use with Color Disk SCRIPSIT to check for spelling errors automatically!

26-3265 59.95

Color Disk Spectaculator. A spreadsheet analysis program. Simply enter numbers and formulas in row and column format. Change a value or formula and Spectaculator will recalculate and display all affected figures on command.

26-3256 49.95

Color Disk Personafile. Get fast access to household data. Keep track of inventories, addresses, medical histories and more.

26-3260 49.95

Cash Budget Management. A sophisticated personal or small business book-keeping program. Enter income and expense amounts into the built-in petty cash, checking and savings accounts. Deposit and debit calculations are automatic. Features ready-to-use income, expense and cash categories—or you can define your own.

- Pre-School Age Children Can Get Ahead by Learning at Home

TRS-80 Electronic Book. Your kids will spend hours learning the fun way! Each of the optional software packages contains "pages" which compose the Electronic Book. Different areas of the book's touch-sensitive surface are pressed to make selections. Interactive routines make learning a game. Choose from six different programs (described below and at right). Safe for kids to use, too—plugs into joystick port. Requires 16K. 26-3141 24.95

Solar Explorer. Uses the theme of space travel to give information about the planets in the solar system and the earth's moon. Requires 32K. 26-2546 19.95

Word Wizard. A spelling game where kids "shoot" the answer. 26-2544 19.95

Shape Maker. Identify geometrical shapes and make designs. 26-2542 19.95

Professor Pressnote's Music Machine. Teaches concepts of music, including length of notes and how they fit together. Requires 32K. 26-2573 24.95

Maze Master. An introduction to computer use. Children solve mazes by writing instructions. 26-2541 19.95

The Number Factory. One number goes "in", another comes "out". What was the math operation? 26-2543 19.95

Accessories for Action-Packed Fun, Communications and System Versatility

A Deluxe Joystick. Get accurate cursor control and quicker response. Dual-axis trim controls. 26-3012 Each 39.95

B Color Mouse. Adds speed and ease to games and graphics creation. Simply "roll" across tabletop to position cursor. Use alone or with a joystick. 26-3025 . . 49.95

C Joysticks. Fast 360° movement! Single-shot button. 26-3008 . . Pair/24.95

D Multi-Pak Interface. Connects up to four Program Pak™ cartridges to your Color Computer at once! Connects disk drives and other accessories, too. U.L. listed. 26-3024 179.95

E Deluxe RS-232 Program Pak. Lets you communicate with major information services (CompuServe and Dow Jones News/Retrieval) and with other computers over telephone lines. Frees serial port for optional printer. Requires modem. 26-2226 79.95

Appliance/Light Controller

NEW '85
FOR

9995

Program Up to 128 Events for Total 24-Hour Control

Simply connect lights and appliances to Plug 'n Power™ remote control modules sold separately at Radio Shack), attach the controller to your Color Computer, then program all desired times and events. All data is transferred to the controller—your computer is left free for other uses. Battery backup provision (requires 9V battery). U.L. listed. 26-3142 99.95

Sound/Speech Cartridge

NEW '85
FOR

9995

Now Add Sound, Three Voices and Noise to Your BASIC Programs

This amazing new programming enhancement lets you hear what you've only been seeing. Just plug it into the Program Pak port of your Color Computer and you can add sound and voices to your BASIC programs using PEEK and POKE commands. It even lets you add text to the speech in your programs. The possibilities are almost endless. 26-3144 99.95

COLOR COMPUTER SOFTWARE

Put Your Color Computer to Work with These Helpful Programs

Versatile,
Easy to Use

Color File

24⁹⁵

A Low-Cost Filing
System for Your
Color Computer

Graphics Pack

39⁹⁵

Choose from
Four Different
Chart Formats

For Multi-Use
Chart Plotting

File away your records electronically! Color File lets you quickly store, retrieve and use various types of important data, such as addresses, warranties and personal records. Easily alphabetize, select, examine, print, change and save your information. Comes pre-set with seven ready-to-use files—or you can create your own. Requires cassette recorder.

26-3103 24.95

Easily create and plot a variety of charts and graphs! Graphics Pack lets you display them on your screen in color, or print them using an optional graphics printer. Chart formats include vertical or horizontal bar charts, pie charts and line charts. And you can label the lines used on your graphs with a key "legend." Save your charts on cassette tapes with an optional cassette recorder.

26-3157 39.95

Spectaculator

Do your planning, forecasting and problem-solving with this "electronic spreadsheet." Just enter numbers and formulas, and Spectaculator will calculate and display the results on command, saving you time and effort. Enter new figures and it updates all related numbers. Answers "What if...?" questions—ideal for financial projections. Up to 99 rows and columns. Add headings, even "erase" worksheet and leave format intact. Cassette recorder recommended.

26-3104 34.95

Color SCRIPSIT®

Fast, easy and powerful word processing at a very low price! No more messy erasure marks or runny correction fluid. Type and edit your letters, themes and reports right on the screen. Insert, delete, move and duplicate words, sentences, even whole paragraphs. Text can be saved on tape (recorder optional) or printed "correction-free" with optional printer (outputs upper and lower case). Includes text search and replace.

26-3105 34.95

Personal Finance II

Set up a budget to see where all your money is going! Learn where to correct bad financial habits. Features 26 major expense categories: auto, gas, clothing, food, retirement, more. Review expenditures on a year-to-date or category basis. Includes printouts and graphs.

26-3106 34.95

New! Color Screen Print Utility

Provides multi-color printouts of color graphics scenes produced from any graphics program. For use with color ink-jet printer (26-1268) or any dot-matrix printer with bit-image capabilities for black and white printouts. Requires 16K Extended BASIC and cassette recorder.

26-3121 9.95

Handyman

Makes a do-it-yourselfer's work easier! Embarking on a home improvements program or lawn project? Just feed in the measurements and Handyman will tell you how much lumber, paint, insulation, fertilizer, sand, gravel, etc. you'll need. Handyman helps you compare prices, too.

26-3154 29.95

Editor/Assembler

Develop 6809 software programs or subroutines. You get trial assembly of object code and execution of your program in-memory before final assembly to tape, an editor that enables you to change your program and reassemble, and Z-Bug for quick and easy testing. Requires 16K.

26-3250 49.95

Color Compac

Cassette-based program features the software to configure your Color Computer's serial port for communication. Access major data bases, plus transmit and receive BASIC programs and machine language routines by phone. Requires modem, cable and cassette recorder.

26-3330 29.95

Cassette Software for the TRS-80 MC-10

Micro Color Compac. Configure your MC-10's serial port for communications. Access major news and financial data bases, such as CompuServe and Dow Jones News/Retrieval for the most up-to-date information (requires modem and cable). Package contains user I.D. numbers and complete user's guides for each of these two services (see page 32 for more information on communications and data base services). 26-3350 29.95

Micro Color Checkers. Try your skill against the computer's in this all-time favorite. Great fun for beginners, as well as "old pros". 26-3360 8.95

Micro Color Games Pak. Includes five different games! Play Lunar Lander, Breakout, Pong, Horse Race and Egg Hunt! Fun for the whole family. 26-3361 9.95

Micro Color Math/Design Package. Two programs in one! "Mini-Calc" functions like a hand-held calculator. Performs addition, subtraction, division and multiplication; finds sine, cosine and tangents; and more. "Spirals" lets you design and plot a large variety of polygonal spirals in four colors. A great learning aid. CGP-115 Color Graphics Printer is recommended for Spirals. 26-3362 9.95

Micro Color Lostworld Pinball. Stone-age pinball fun! Two cave-men hit boulders with sticks trying to bounce them off dinosaurs. Great arcade-style action and excitement! Requires 16K RAM Module (26-3013). 26-3363 9.95

- Choose from Additional Titles Not Shown in Our Catalog
- Software Available for TRS-80 Color Computers
- No Extra Charge for This Service

Your nearby Radio Shack store or Computer Center has a special hotline for ordering selected software packages not listed in our catalogs. So if it's not in our stores, we'll special-order it for you via our Hotline and have it ready for pickup in just a few days. We're your one-stop center for game cartridges, utility programs and much more. Check it out—today!

LEARN WITH THE COLOR COMPUTER

NEW! Facemaker. Helps children become comfortable with computer fundamentals by playing fun, simple games. The child builds a face by choosing eyes, noses, etc., then makes the face smile, wink, frown or wiggle its ears. 26-3166 29.95

NEW! Kids on Keys. Children learn with the computer keyboard as they identify numbers, letters and words. 26-3167 29.95

NEW! Kindercomp. Kids create colorful pictures, or enjoy colors and sounds as they press different keys. 26-3168 29.95

Art Gallery. Draw landscapes, seascapes, still lifes, cartoons and more using superb graphics with up to eight colors. Save results on tape with an optional cassette recorder. With 27 images (more available). Joysticks (optional) can be used as brushes. 26-3061 39.95

Wildcatting. Strategy game in the oilfields. One to four wheeler dealers pick drilling sites. Hit a gusher and you're in the money. Player with highest profits wins. 26-3067 24.95

Robot Battle. Challenge another player to see whose programming skills produce the conqueror robot! 26-3070 29.95

Micropainter. An electronic "coloring book"! Load picture into computer and "paint" what appears on the screen. Three palettes, each with four colors. Save results with optional cassette recorder. With 8 pictures (more available). Joysticks optional. 26-3077 34.95

Games from the People Who Brought You Sesame Street!

Taxi. *** A Cooperative Strategy Game. Kids earn fares and tips and learn to make change as they drive taxis through six cities from New York to Shanghai. For ages 7-up. 26-2509 19.95

Star Trap. *** A Cooperative Strategy Game. Players race through a maze to trap a slippery star. For ages 7-up. 26-2510 19.95

Grover's Number Rover. ** A Basic Skills Game. Grover is counting on you to help him with numbers! For ages 3-6. 26-2522 19.95

Peanut Butter Panic. *** A Cooperative Strategy Game. Players catch stars to make sandwiches and score points! For ages 7-up. 26-2523 19.95

Ernie's Magic Shapes. ** A Basic Skills Game. Help Ernie match shapes and colors. For ages 3-6. 26-2524 19.95

CCW programs require Extended BASIC.

Learn With Disney Characters!

Telling Time with Donald. ** Learning to tell time is easy with Donald Duck. For ages 5-8. 26-2530 34.95

Problem Solving with Scrooge McDuck. ** Discover the value of estimating with Scrooge McDuck and how to read graphs with Goofy. For ages 9-13. 26-2531 (Avail. 10/30/84) 34.95

Mickey's World of Writing. ** Youngsters learn sentence structure and basic writing skills with Mickey Mouse. For ages 8-11. 26-2532 (Avail. 10/30/84) 34.95

Goofy Covers Government. ** Reporter Goofy explores our government. For ages 8-11. 26-2533 (Avail. 10/30/84) 34.95

Available 10/30/84

We make learning fun.

NEW! Fraction Fever. Helps develop an understanding of what a fraction is, and the relationships between them. As the child hops on a graphic "pogo stick", he or she searches for matching fractions to gather points. 26-3169 29.95

NEW! Alphabet Zoo. Children learn to associate letters of the alphabet with the sounds they represent in two humorous games. Players can pick the skill level that best suits them. And for younger children, there's a continuous display of the alphabet accompanied by pictures and music. 26-3170 34.95

Crosswords. Two great word games in one package—fascinating and educational for any age. You work against the clock to make as many words as you can from letters on the screen. Or pick from a letter "pool" to make the highest-scoring word. It's the first word in fun! 26-3082 24.95

Atom.* A game designed to introduce the subatomic world of elements through building atoms. Teaches the names of elements, their atomic numbers, configurations and main properties. Includes beautiful wall poster. 26-3149 19.95

Bingo Math.* Three games to make math fun! Includes Bingo, Speed Math and Number Hunt. 26-3150 24.95

Bridge Tutor. A grand slam for beginning bridge players. One hundred different hands—each completely analyzed. Play South, East or West, or exchange with partner. Computer grades bidding and gives advice. 26-3158 24.95

CHILDREN'S COMPUTER WORKSHOP

AN ACTIVITY OF

CHILDREN'S TELEVISION WORKSHOP

Big Bird's Special Delivery. *** A Basic Skills Game. Match pictures to help Big Bird deliver his packages. For ages 3-6. 26-2525 19.95

Cookie Monster's Letter Crunch. *** A Basic Skills Game. Match letters and words to feed Cookie Monster. For ages 3-6. 26-2526 19.95

Grobot. *** A Creative Exploration Game. Challenging action in which players plant, protect and harvest an outer space "astrogarden". Encourages quick thinking and good planning. For ages 10-up. 26-2527 19.95

Time Bound. *** A Creative Exploration Game. Learn historical facts and use them to plan an escape for Ankron. For ages 10-up. 26-2528 19.95

Flip Side. *** A Creative Exploration Game. Change as much of the board to your color as you can. Players learn to think and plan ahead. For ages 10 and up. 26-2529 19.95

Mickey's Alpine Adventure. ** Learn with Mickey Mouse and Donald Duck about the sounds of vowels and consonants. You'll also learn important spelling rules. 26-2534 34.95

Math Adventures with Mickey. ** Mickey Mouse and friends teach problem-solving and how to use decimals. For ages 9-13. 26-2535 (Avail. 10/30/84) 34.95

Space Probe: Reading. ** Outer-space adventure that develops important reading comprehension skills. For ages 10-15. 26-2536 (Avail. 10/30/84) 34.95

Space Probe: Math. ** In an interstellar atmosphere, youngsters learn about word problems and the concepts of area and perimeter. For ages 7-14. 26-2537 34.95

Develop Reading and Vocabulary Skills with the Color Computer

Fun with Reading. Each package includes an illustrated reader, a read-along cassette tape, and a computer tape with spelling and vocabulary exercises with immediate feedback. For grades 4-6.

Dracula. ** Based on the classic tale of horror by Bram Stoker. 26-2550 19.95

The Hound of Baskervilles. ** Follow the clues with Sherlock Holmes and Dr. Watson. 26-2551 19.95

Moby Dick. Adventure on the high seas in search of the great white whale! 26-2552 19.95

20,000 Leagues Under the Sea. ** Explore the strange underwater world of Captain Nemo. 26-2553 19.95

Vocabulary Tutor. Match words with their definitions and place words in the appropriate sentences. For grades 3-5.

Vocabulary Tutor 1. ** 26-2568 8.95

Vocabulary Tutor 2. ** 26-2569 8.95

Color Computer Learning Lab. ** Self-teaching course in standard Color BASIC. 26-3153 49.95

NEW! Assembly Language Tutor. Self-teaching guide to 6809 assembly language programming. 26-3148 (Avail. 10/30/84) 49.95

NEW! Color Math. Math skills for ages 6-14. Includes problems in addition and subtraction. 26-3201 (Avail. 9/30/84) 19.95

* Joysticks required. ** Cassette recorder required. *** Joysticks and cassette recorder required.

EXCITING COLOR COMPUTER GAMES

Introducing Four New Instant-Loading Games for the Whole Family

New! Stellar Lifeline

1995 Trail Blazers in Space!

You're commanding a spaceship "convoy" travelling between star bases. Clear the path of asteroids, magnetic mines and alien attack ships. 26-3047 19.95

New! Spiderside

1995 Escape the Web!

Giant spiders are trying to trap you in their webs. Keep calm and use your spaceship's missiles to defend yourself and escape the silky trap! 26-3049 19.95*

New! Androne

1995 High-Tech "Bug" Killer!

Your computer has been invaded by Data Bugs. Call on Androne, a user-controlled robot to hunt through your memory banks and "de-bug" them. 26-3096 19.95

New! Downland

2495 Become a Spelunker!

Alone in a secret cave, you jump and climb from chamber to chamber, collecting keys, gold and diamonds. Each chamber is different—so watch out! 26-3046 24.95

Enjoy the Challenge and Adventure of These Color Computer Games

Instant-Loading Program Pak™ Games for the Whole Family

Skiing. Race against time through slalom gates to the "finish banner". Joysticks control direction and speed. Selectable skill levels. 26-3058 29.95*

Color Backgammon. The classic game of strategy and luck—a great way to sharpen your skill. The computer can even double the ante. 26-3059 17.95

Galactic Attack. Enemy spaceships dive bomb your fortification. If you destroy this squadron, the enemy reverts to a deadly night attack. 26-3066 24.95*

Gomoku and Renju. Classic Oriental game of strategy! Requires placing five men in a row. A challenge that can take hours! 26-3069 19.95

Poltergeist. Based on the hit movie! First, find clues. Then, climb stairs. Third, destroy the poltergeist. 26-3073 29.95

Color Cubes. Solve that maddening cube puzzle on your computer! Save your position with optional tape recorder. 26-3075 29.95

Mega-Bug. A maze of fun! Try to lose the little "buggers" hot on your trail. Excellent color graphics. 26-3076 29.95*

Castle Guard. Defend your castle from the giant fireball using Merlin's magic pikes! Great color graphics. 26-3079 24.95*

Tennis. "Volley" against the computer or another player. Realistic action requiring tennis strategy. 26-3080 24.95*

Monster Maze. Search for stacks of gold in an evil dungeon. Take care—laser-firing monsters could be around the next corner! 26-3081 24.95*

Gin Champion. Plays 16 different versions of gin at 10 different skill levels. Great for beginners—who want to learn basic technique—or seasoned players. 26-3083 29.95*

Slay the Nerius. Defend your submarines against deadly starfish and the ancient seaworm—the Nerius. A fast-action arcade-type game. 26-3086 24.95*

Clowns and Balloons. Bounce the clown with your net to pop the balloons overhead! Be careful—don't let the clown hit the ground! 26-3087 29.95*

Canyon Climber. As a cliff-hanger, you're challenged by one test after another—kicking goats, zinging arrows and falling objects. 26-3089 34.95*

Double Back. As you "double back" to catch your own tail, try to encircle the "safe" screen objects to gain points in this tricky game. 26-3091 19.95*

Reactoids. Prevent meltdown! Take control of the nuclear reactor's computer system to contain the atoms. 26-3092 19.95*

Dungeons of Daggorath. You're pitted against a succession of awesome beasts. Each victory brings you closer to your ultimate opponent—the evil wizard. 26-3093 29.95*

Star Blaze. Protect the Milky Way! Radar indicates menacing vessels nearby. Seek, destroy and check radar again. Red Alert! 26-3094 19.95*

Baseball. Plays just like the real game! Fantastic graphics. Control pitching, running and defense. Make big-league decisions. 26-3095 24.95

Cassette Game Software for Your Color Computer

NEW! Radio Ball. A deluxe, high-resolution pinball game. Requires 32K. 26-3319 19.95***

NEW! Pooyan. Take aim with your bow and arrows to protect the piglets from the wolves. Requires 32K. 26-3048 29.95*

Klendathu. Based on Robert G. Heinlein's "Starship Trooper"! The planet Klendathu is crawling with giant bugs! Destroy the deadly "soldier" insects. 26-2567 14.95***

Zaxxon. Dodge missiles, blow up fuel tanks and radar towers and zap the enemy fleet—then match wits with ZAXXON himself! 32K required. 26-3062 34.95***

Pyramid. Perilous adventure game! Explore the ancient pyramid's unknown passages for treasures! Carefully make your way past deadly hazards. 26-3310 14.95**

Raaka-Tu™. Venture into the temple of a lost civilization. The clever can gain vast treasures. Draw on your knowledge of magic and medicine. 26-3311 14.95**

Bedlam. You're "in" and you want to get out of this nutty place! But can you trust Napoleon or the guy who calls himself X-Ray? 26-3312 14.95**

Madness and the Minotaur. Beware of the mystical Minotaur and other strange creatures as you search the labyrinth for hidden treasure. 26-3313 14.95*

Card Games. Six games in one! Solo Poker, Solitaire and Black Jack for adults. Kids will love Fish, The Last Pirate and War. 26-3320 19.95**

HANDY TRS-80 POCKET COMPUTERS

New! PC-3A Computer with More Memory

Add the PC-3 Printer/Cassette Interface

NEW FOR '85

9995

USE YOUR

- Now with Over Twice the Memory—Full 4K RAM
- Programmable in Easy-to-Learn BASIC Language
- 16 Arithmetic and 8 String Functions Built In
- Measures Only $3/8 \times 5\frac{5}{16} \times 2\frac{3}{4}$ " ■ Weighs under 4 Oz.

TRS-80 Pocket Computer Model PC-3A. Small enough to fit in pocket or purse, yet gives you real computing power—far beyond that of most programmable calculators. Program PC-3 to solve tough problems, or add the interface and a cassette recorder to use our ready-to-run software (see below). Use strings of up to seven characters. Features 24-character LCD, 10-digit accuracy, two-digit exponents, multiple statements, arrays, edit and trace. Statement compaction squeezes memory space. Automatic power-off saves battery life. Comes with batteries and manual. 26-3589 . . . 99.95

Shown with PC-3 (not included)

11995

USE YOUR

- Produces Quality Printing on Thermal Paper
- Loads and Stores Programs on Cassette Tape
- Includes Rechargeable Batteries and Charger

PC-3 Printer/Cassette Interface. Get the most from your TRS-80 PC-3 Pocket Computer with our combination thermal dot printer and cassette interface! Prints 24 characters per line at one line per second, with wrap-around. Ideal for program listings and "instant" data printouts at home, office, in the field—anywhere! Add a cassette recorder to load and save your own programs and data on ordinary cassette tape. Slip PC-3 into the Printer/Cassette Interface and you're ready to go! Measures only $1\frac{1}{4} \times 9\frac{7}{16} \times 3\frac{3}{4}$ ". Includes U.L. listed AC adapter/charger, paper, cable and manual.

26-3591 119.95

PC-3 Thermal Paper. 2 $\frac{1}{4}$ " wide. 26-3592 Pkg. of 5/2.49

Get This Completely Portable TRS-80 Pocket Computer System for Under \$190

6995

- Measures $3/8 \times 6\frac{1}{2} \times 2\frac{3}{4}$ "
- Expandable 544-Character Memory

TRS-80 Pocket Computer Model PC-4. Our lowest-priced pocket computer ever! You can maintain up to 10 programs in memory or combine the programming area to allow longer programs. Each program can be identified with a single-key label and run simply by pressing the specified key. PC-4's BASIC includes 23 commands, 15 functions and 10-digit numeric accuracy. Use just two keystrokes to enter up to 16 common commands, such as LIST and GOSUB. Programs can accept words as data (strings up to 30 characters). Edit and Debug modes make the PC-4 much easier to program than a programmable calculator. The typewriter-style keyboard includes 53 alphabetic keys and a 10-key numeric datapad. The big 12-character LCD scrolls to 62 characters. Functions include trig and inverse trig, radians or gradians, log, exponent, square root, angular conversions and absolute values. With batteries and manual. 26-3650 69.95

TRS-80 Pocket Computer Software Library

Need ready-to-run programs for your TRS-80 Pocket Computer? A variety of useful and entertaining software is available on special order for TRS-80 PC-1, PC-2 and PC-3. These include financial, engineering special-purpose programs and games. Check with your local Radio Shack Computer Center or participating Radio Shack store or dealer for titles available.

Peripherals to Complete Your PC-4 System

TRS-80 PC-4
Cassette Interface

3995

PC-4 Cassette Interface. Store and load programs on ordinary cassette tapes! Operates at 300 baud using an optional cassette recorder. Plugs into rear of PC-4. Weighs 8 $\frac{1}{2}$ oz., including batteries. Requires two "AA" alkaline batteries.

26-3651 39.95

TRS-80 PC-4
Thermal Printer

7995

PC-4 Printer. Operates under control of PC-4 to print out programs and data at 20 characters per line (60 lpm) in an electro-thermal 5 x 7 dot matrix. Plugs directly into PC-4 or PC-4 Cassette Interface. Includes rechargeable batteries and U.L. listed AC adapter/charger that can be used to power the complete PC-4 system.

26-3652 79.95

PC-4 Thermal Paper. 65-711 Pkg. of 5/1.99

1K RAM Module. Triples the memory of your PC-4 for an additional 1024 characters of program and data power. Inserts within PC-4. Only one module may be used. 26-3653 19.95

Carrying Case. Custom padded vinyl case protects your PC-4, printer and cassette interface wherever you go. Zippered opening. Pocket for AC adapter/charger. 26-3654 7.95

Standard bar-code reader interface. Dimensions: 2 x 11 7/8 x 8 1/2". Weight: 3.9 lbs. Power Supply: Operations—Up to 20 hours on 4 "AA" alkaline batteries or optional U.L. listed AC power supply. Memory—Internal rechargeable nickel-cadmium batteries will maintain memory intact for up to 30 days with power off (depending on the amount of RAM installed) and are automatically recharged from "AA" batteries or AC power.

Model 100 Cassette Software for Greater Versatility

BASIC Language Lab. A complete and easy-to-understand tutorial on Model 100 BASIC. Covers redefining function keys, automatic program execution and more. With examples. 26-3821 29.95

NEW! Model 100 Spectaculator®. A mini-spreadsheet divided into rows and columns. Enter your formulas and numbers, and Spectaculator automatically calculates and displays the results. Requires 16K memory. 26-3828 49.95

NEW! Data Manager. Personal filing system for the TRS-80 Model 100 Portable Computer. Lets you store, examine, update and list a variety of information—from personal records to appointment schedules. 26-3836 39.95

Personal Finance. Track your money flow with complete accuracy. Includes six comprehensive money management programs to help you keep up with expenses, compare budgeted amounts to actual costs, reconcile monthly check statements and more. 26-3822 19.95

Calculator. Powerful math "scratchpad". Performs business-related financial calculations, as well as regular math functions. 26-3827 29.95

Statistics. Analyze data using files stored in Model 100 memory or on cassette tape. Generate reports for descriptive statistics, frequency distribution, histogram, correlation, regression, time series analysis and much more. 26-3825 29.95

NEW! SCRIPSIT® 100 Turns Model 100 into a true word processor—with far more powerful and sophisticated features than Model 100's built-in word processing software. Features advanced formatting capabilities. Produce correction-free letters, memos and reports with page headings, numbers, headers and footers and much more. Requires printer. 26-3830 39.95

NEW! Business Finance. Twelve programs for business and personal finance applications. Easy to use. Includes Rent or Buy Decision, Depreciation and more. 26-3831 39.95

NEW! Business Decisions. Programs include Inventory Replenishment Analysis, Sequential Decision Analysis, Financial Ratios, Break-Even Analysis, Linear Programming and Pricing Table. Requires 24K memory. 26-3832 39.95

Executive Calendar. A time-management program. Display your scheduled appointments or a calendar for any month of any year with a few keystrokes. Also calculates either days or weekdays between two dates and keeps track of 17 holidays. 26-3823 19.95

Function Plotter. Graph almost any algebraic function of one or two variables, including planar cartesian, planar polar, three-dimensional cartesian and cylindrical polar. Requires either the CGP-215 or CGP-115 printers, FP-215 printer/plotter or the multi-pen plotter. 26-3834 19.95

NEW! Expense/Graph Plus. Create financial reports and graphs with your TRS-80 Model 100. Use the Expense program to produce expense account reports or for planning and budgeting. The Graph program lets you create pie, bar or line graphs of any reports generated with Expense. 26-3837 49.95

NEW! Data/Sort Plus. Powerful data base management system. DATA and DATAW let you enter, update, merge, and list information. SORT permits organizing files alphabetically or numerically. DATAW also allows fast information entry using the Bar Code Reader. 26-3838 49.95

Investment Analysis. Helps optimize investment decisions. Includes bonds analysis, options trading to chart the effects of investment strategies such as Bull or Bear spreads, and commissioning programs. 26-3824 69.95

Starblaze-100. Destroy alien ships to save the galaxy. 26-3840 19.95

ROM Software

NEW! Multiplan. An electronic worksheet that's ROM-based—does not occupy Model 100 RAM! This portable version of the popular spreadsheet analysis program provides a large grid for entries which can be made up of words, numbers or formulas. Alter a value or formula and watch the figures change as Multiplan automatically updates all affected numbers. 26-3829 Available 12/30/84 149.95

- One Built-In 5 1/4" Single-Sided, Double-Density 184K Disk Drive Provides Rapid Access to Files
- Attaches to TV Set for 40-Character by 25-Line Display
- Connects to Any Standard Video Monitor for a Large 80-Character by 25-Line Display
- Easily Expand with a Second 184K Disk Drive

TRS-80 Model 100 Disk/Video Interface. Turn your Model 100 into a versatile disk-based home or office system! Built-in disk drive lets you create, store and retrieve files on diskette. It's much faster and more reliable than cassette storage. Provides a 40-character by 25-line screen display on any television, and an 80 x 25 display when hooked to a standard video monitor. The larger screen is perfect for word processing or developing programs in BASIC. Just plug the Disk/Video Interface into an AC outlet, connect a TV or monitor and a Model 100—all cables included. There's no new operating system to learn and one simple command switches the display to the video screen. The Interface does not require use of Model 100's standard connectors—so you have room for further expansion. You can add a printer, bar code reader, RS-232C communications device or cassette recorder. Requires Model 100 with 16K memory.

26-3806 799.00

Second Disk Drive. Installation not included. 26-3807 ... 239.95

Shown with optional second drive, Model 100 and TV (not included)

Prices Apply at Radio Shack Computer Centers and Participating Radio Shack Stores and Dealers

EVERY TRS-80 COMES WITH TOTAL SUPPORT FROM THE WORLD'S LARGEST COMPUTER RETAILER

Available Worldwide

More than 9000 participating Radio Shack stores and dealers stock our "popular-priced" TRS-80 computers, software and accessories.

Full Line in Stock

You'll find our complete line of TRS-80 products at any of our 1200 Radio Shack Computer Centers nationwide—including our new Computer Center/Telephone Centers. Our professionals will help you select the system you need and explain how your business can lease any system over \$1500.

Complete Training Facilities

Computer Center training sessions acquaint you with your new system. You get "hands on" experience, because you use the TRS-80 as you learn.

Full Service

Service is available through all Radio Shack locations—most Computer Centers even have service facilities right on the premises. Affordable service contracts are also available. It's no wonder why so many people prefer TRS-80—it's the best supported microcomputer in the world!
