THE STACK

June, 1980

Officers:

President Bob Weidemann
Vice-President Ed Pobles
Secretary Alan McRae
Treasurer Aileen Harrison

STACK Editor:

Al Stone

STACK Address:
3788 Windsor Drive
Bethpage, NY 11714

MONTHLY MEETING

The third Friday this month occurs on the 20th, and our general membership meeting will be held at 8:00 pm on that evening. The usual location is Room 508, Building 500, the Old Westbury Campus of the New York Institute of Technology. Stan Veit will be this month's speaker. He will demonstrate a remarkable new integrated business system which utilizes the Pascal Microengine, a 16-bit state-of-the-art microprocessor. Stan has always been at the forefront of "micro-" technology, and usually has a wealth of new product information to impart to us. This meeting should be a "must" for everyone.

+ + + + +

SPECIAL INTEREST GROUPS

8080/S-100 Users' Group - Ira Gordon's presentation on MP/M, Digital Research's powerful, but tricky multi-user operating system for 8-bit microprocessor-based systems should be an eye-opener. The lecture will be supported by a video-tape presentation on a 25" monitor of a commercially-used MP/M system. This sub-group meets one week prior to the general meeting, Friday the 13th, also at 8:00 pm, in the same location as the full assembly.

Augie Schwab, Jr. (516) 374-4168

TRS-80 Users' Group - 7:00 pm, 6/20---no info. rec'd Bob Zito (516) 822-4031

6502 Users' Group - Those involved with computers utilizing this very powerful chip are invited to meet one hour before the general meeting.

Steve Perry (516) 744-6462

The LONG ISLAND COMPUTER ASSOCIATION is open to anyone, amateur or professional, with an interest in computers, computer applications, programming, or related subjects. Dues are \$10 per year, which includes monthly issues of this publication, The STACK.

ATTENTION HEATH USERS

Anyone using, or considering the H8, H11, H88, or H89 are invited to the Heathkit store in Jericho, NY at 7:30 pm on Thursday evening, June 12. Further information is available from Phil Levinson at (516) 822-8484 or through the store at (516) 334-8181.

COMMERCIAL ADVERTISING POLICY

The STACK offers free classified listings to hobbyists for their offerings and solicitations. Commercial enterprises seeking employees, consultants, or looking for hardware and software may also submit short classified notices for publication without charge. There is a small fee for commercial classified ads which is calculated on an annual basis. We also accept full-tone, camera-ready copy for 1/4, 1/2, and full page displays. Rates are based upon a minimum three month participation, although an advertiser's copy need not be the same in all three months. Write The STACK, or contact your Editor Fridays through Sundays at (516) 731-1649. All submissions must be received no later than the last calendar day of the month prior to publication.

CLASSIFIED NOTICES

For Sale: Microprocessor trainer and programmed learning course for the 6800 computer by Heathkit. Unit is up and running and can be expanded to a full-fledged system (see Heath catalog for details). Many extras have been added to my unit and it is in excellent condition. Jim Temple (516) 822-6083
